During Reconstruction and after Redemption Southerners continued to refine proslavery ideas while subjecting blacks to new legal extralegal and social controls *An Old Creed for the New South* links pre and post Civil War racial thought showing historical continuity and treats the Black Codes and the Jim Crow laws in new ways connecting these important racial and legal themes to intellectual and social history Although many blacks and some whites denounced slavery as the source of the contemporary Negro problem most whites including late nineteenth century historians championed a new proslavery argument The study also traces how historian Ulrich B Phillips and Progressive Era scholars looked at slavery as a golden age of American race relations and shows how a broad range of African Americans including Booker T Washington and W E B Du Bois responded to the proslavery argument Such ideas Smith posits provided a powerful racial creed for the New South This examination of black slavery in the American public mind which includes the arguments of former slaves slaveholders Freedmen s Bureau agents novelists and essayists demonstrates that proslavery ideology dominated racial thought among white southerners and most white northerners in the five decades following the Civil War **Border War** Stanley Harrold,2010 Noted historian Harrold examines the nation s fight over slavery that occurred before the Civil War

The Transformation of American Abolitionism Richard S. Newman, 2003-04-03 Most accounts date the birth of American abolitionism to 1831 when William Lloyd Garrison began publishing his radical antislavery newspaper The Liberator In fact however the abolition movement had been born with the American Republic In the decades following the Revolution abolitionists worked steadily to eliminate slavery and racial injustice and their tactics and strategies constantly evolved Tracing the development of the abolitionist movement from the 1770s to the 1830s Richard Newman focuses particularly on its transformation from a conservative lobbying effort into a fiery grassroots reform cause What began in late eighteenth century Pennsylvania as an elite movement espousing gradual legal reform began to change in the 1820s as black activists female reformers and nonelite whites pushed their way into the antislavery movement Located primarily in Massachusetts these new reformers demanded immediate emancipation and they revolutionized abolitionist strategies and tactics lecturing extensively publishing gripping accounts of life in bondage and organizing on a grassroots level Their attitudes and actions made the abolition movement the radical cause we view it as today
