Super Imperialism The Economic Strategy Of American Empire

Michael Hudson

Super Imperialism The Economic Strategy Of American Empire:

Super Imperialism Michael Hudson, 1972 In 1949 the United States held three Quarters of the world's gold by 1960 it had become a debtor nation And yet the United States has built history's most powerful and affluent empire Its techniques for world domination remained at first the conventional devices of the economic superstate In recent years however the United States has sophisticated its strategy to the point where although fallen into serious debt it has retained and even expanded its dominance The United States has pioneered a new form of imperialism in which the assets of its competitors have been employed for American ends From inside dust jacket flap

Super Imperialism Michael Hudson, 2003-01-20 This book describes the genesis of America's political and financial domination BR BR Michael Hudson's study of US financial diplomacy explores the faults built into the core of the World Bank and the IMF at their inception which he argues were intended to preserve the US's financial hegemony Difficult to detect at the time these problems have since become explicit as the failure of the international economic system has become obvious the IMF and World Bank were set up to give aid to developing countries but instead many of the world's poorest countries have been plunged into insurmountable debt crises BR BR Hudson's critique of the destructive course of the international economic system provides important insights into the real motivations at the heart of these institutions and the increasing tide of opposition that they face around the world

Super Imperialism - New Edition Michael Hudson, 2003-01-20 Michael Hudson's brilliant shattering book will leave orthodox economists spluttering Classical economists don't like to be reminded of the ugly realities of Imperialism Hudson is one of the tiny handful of economic thinkers in today's world who are forcing us to look at old questions in startling new ways Alvin Toffler best selling author of *Future Shock* and *The Third Wave* This new and completely revised edition of *Super Imperialism* describes the genesis of America's political and financial domination Michael Hudson's in depth and highly controversial study of U S financial diplomacy explores the faults built into the core of the World Bank and the IMF at their inception which he argues were intended to preserve the US's financial hegemony Difficult to detect at the time these problems have since become explicit as the failure of the international economic system has become apparent the IMF and World Bank were set up to give aid to developing countries but instead many of the world's poorest countries have been plunged into insurmountable debt crises Hudson's critique of the destructive course of the international economic system provides important insights into the real motivations at the heart of these institutions and the increasing tide of opposition that they face around the world

The Cosmopolitan Empire Peter Gerard Myers, 2023-10-13 This book is about conspiracies in high places Conspiracies it covers include the assassination of JFK the attacks of 9 11 the Covid 19 Lockdown Orwell depicted Speech Codes and Thought Police Both have turned out to be correct *Global Fracture* Michael Hudson, 2005-04-20 This new and updated edition of Michael Hudson's classic political economy text explores how and why the US came to achieve world economic hegemony Originally published as the sequel to Hudson's bestselling *Super*

Imperialism Global Fracture explores American economic strategy during a key period in world history In 1973 many of the world s most indebted countries sought to free themselves of trade dependency and the debt trap by creating a New International Economic Order NIEO This aimed to improve the terms of trade for raw materials and build up agricultural and industrial self sufficiency Global Fracture shows how the US undermined this progressive initiative and instead pushed for financial dominance over the rest of the world Today the NIEO is a forgotten interlude its optimism replaced by the financial austerity imposed by the IMF and the World Bank Exploring how America achieved its economic aims and tracing the implications this has had through subsequent decades Michael Hudson covers various topics including trade embargoes changing US attitudes to foreign aid the rise of protectionism government regulation of international investments the impact on specific industries including the oil industry the implications of the new economic order and the future of war The Crisis of Risk Aquanno, Scott M.,2021-08-27 For the last decade progressive scholars determined to understand the 2008 financial crisis have examined the growth of US subprime mortgage debt in the period leading up to the collapse and how government policy supported this accumulation However the long history of the subprime crisis its connection to the patterns of financial risk designated by the postwar international monetary system has been all too often overlooked This book explores the long history of the subprime crisis through an original theoretic lens that sheds light on the institutional basis of global debt markets and the role of US Treasury debt in the international financial system **Islam, Muslims and the Modern State** Hussin Mutalib,Taj ul-Islam Hashmi,2016-07-27 This is the most recent and up to date study on the state of affairs in the Muslim world at a time when Muslims like others are confronted with the challenges posed by a rapidly changing new world order Some 15 countries and regions are covered in this scholarly collection The contributors are well informed academics and experts from 10 leading universities and institutes *Hopeless* Jeffrey St. Clair,Joshua Frank,2012 The dissident Left dismantles Obama s failed progressive agenda Globalization, Economic Development and Inequality Erik S. Reinert,2007-01-01 Members of the anti globalization movement will find the explanations given in this book insightful as will employees of international organizations due to the important policy messages The theoretical interest within the book will appeal to development economists and evolutionary economists and policymakers and politicians will find the explanations of the present failure of many small nations in the periphery invaluable **BOOK JACKET** **Balderdash** Antti P. Balk,2012 Discussing everything from God to Santa Claus Prozac to the Taliban and beyond the author asserts that ethics is balderdash
