Supervision In Education Problems And Practices:

Supervision in Education Daniel Tanner,Laurel N. Tanner,1987 **Supervision** Jon Wiles,Joseph Bondi,2004 By focusing on the skills needed for success rather than the skills demanded by specific positions or tasks this universally applicable book prepares future educators to meet the challenges of contemporary educational environments The authors imbue this book with the findings of relevant contemporary research through the extensive use of case studies scenarios and illustrations connecting chapter content to real world problems in education Material is organized by skills such as pedagogy human relations staff development and program design in order to emphasize the supervisor s role in coordinating the various administrative curricular and instructional concerns involved in providing instruction in today s demanding multicultural settings Features broad extensive coverage of the connection between teaching and the curriculum Coverage of technology familiarizes future educators with current educational aids examines the pros and cons of increasing reliance on technology and provides guidelines for evaluating new technology as it is developed Extensive material on alternative certifications in Chapter 10 provides coverage of the realities of alternatives their advantages and disadvantages and how to pursue a specific goal For future educators or those pursuing a variety of career paths that fall under the umbrella of supervision *Encyclopedia of Education and Human Development* Stephen J. Farenga,Daniel Ness,2015-07-17 This comprehensive and exhaustive reference work on the subject of education from the primary grades through higher education combines educational theory with practice making it a unique contribution to the educational reference market Issues related to human development and learning are examined by individuals whose specializations are in diverse areas including education psychology sociology philosophy law and medicine The book focuses on important themes in education and human development Authors consider each entry from the perspective of its social and political conditions as well as historical underpinnings The book also explores the people whose contributions have played a seminal role in the shaping of educational ideas institutions and organizations and includes entries on these institutions and organizations This work integrates numerous theoretical frameworks with field based applications from many areas in educational research

Issues Around Aligning Theory, Research and Practice in Social Work Education Allucia L. Shokane,Jabulani C. Makhubele,Lisa V. Blitz,2018-12-01 Issues Around Aligning Theory Research and Practice in Social Work Education provides a reflection on social work education with a slant towards an Afrocentric approach aiming to facilitate strong reflective thinking and to address local realities about social work education on the African continent as well as in broader global contexts This volume focuses on issues around aligning theory research and practice in social work education A significant contribution is made here to the scholarly understanding of opportunities to sustain the academic discourse on social work education Social work as a profession and a social science discipline is dynamic and it ought to meet the challenges of the realities of the societies in which it serves given the history of the changing society of South Africa from apartheid to

democracy Over the years social work education and training has undergone tremendous curricular changes with the enactment of the White Paper for Social Welfare and the national review respectively by the South African Council for Social Services Professions SACSSP and the Council on Higher Education CHE for the re accreditation of all Bachelor of Social Work BSW programmes in South Africa fulfilling the prescripts of the Higher Education Act No 101 of 1997 as amended and Social Service Professions Act No 110 of 1978 It is worth mentioning that the curricular changes will also continue with the current reviewing of Social Service Professions Act No 110 of 1978 as amended which is underway in South Africa This book is really ground breaking The Afrocentric perspective on social work practice contributes to the current discourse on decolonisation of social work teaching and practice From a methodological perspective the book is premised on multi inter and trans disciplining in social sciences It covers aspects of social work education and practice through research narrative qualitative African methodology secondary data analysis etc engendering values and ethics report writing supervision in fieldwork as well as exchange programmes and international service learning addressing a number of concepts such as cultural competency cultural awareness and sensitivity are addressed
