Poole, the bestselling author of The Corgi Case Files. A family celebration for Día de los Muertos gets interrupted by a series of thefts: small items intended to honor the ancestors. Does it have something to do with Highland House, the venue that's suspected of harboring a few of its own ghosts? At once, the smart and lovable corgis are on the case. Sherlock and Watson, along with their human helpers Zack and Jillian Anderson, will unravel the mystery clue by clue. The Birdless Thanksgiving Affair by Amazon bestselling author Rick Adelmann sees our favorite trio of Roaring 20s detectives gathering at the Mallory family home for Thanksgiving dinner. It's going beautifully until the turkey disappears. Thank goodness the MG M Detectives are on the scene to solve the mystery. Hanukkah Sweets USA Today bestselling author Connie Shelton gives magical baker Samantha Sweet something new to ponder as a family from New York comes to Taos, New Mexico, to celebrate Hanukkah at the local B.B. But what surprises await visitors and locals alike when a secret staircase leads to a hidden treasure? And who among the group has darker intentions for the festival of lights? The Christmas Fairy Jennifer J. Morgan makes her series debut with this enchanting short story. Libby Madsen and her business partner are eagerly anticipating the grand opening of their luxurious day spa, and the budget will just barely allow for the fantastic decorations and food the ladies want to set the tone. But an unscrupulous party planner takes off with their money; the party is only days away, and it's starting to look a little bleak for Christmas this year. What will they do? Champagne Can Be Murder Charlie Parker and her husband don't normally celebrate New Year's Eve in grand style, but an invitation to the Monta Verde Ranch from Drake's richest client is not to be ignored. What the heck? They figure they'll hobnob with the Hollywood crowd for one night and win some points with the client. But when a big name producer falls down dead after a trip to the food table, it looks like there's a killer in their midst. Charlie is on the case, as usual, in Connie Shelton's USA Today bestselling series. **Weird Indiana** Mark Marimen, James A. Willis, Troy Taylor, 2008.

Varhola, Michael H. Varhola, 2010-10-01 All the sites in the book have been chosen with an eye toward several criteria including how accessible they are to the public how evocative experience a trip to them is likely to produce and the extent to which they actually appear to be haunted A great many in the various regions of Maryland have some connection to the Colonial era the War of 1812 or the Civil War all significant aspects of the state's haunted history Maryland is divided into six regions for purposes of this book Baltimore Central D C Metro Eastern Shore Southern and Western Geographically speaking Maryland is not a large state It is however among the oldest in the country and has a rich varied and turbulent history that has contributed to an exceptionally high number of haunted sites Because it is relatively compact Maryland is in many ways an ideal state for a haunted roadtrip especially in an era of historically high gasoline prices and many haunted sites within the same area can easily be reached on a single weekend long trip Indeed although my own home is currently in Northern Virginia on the southern side of the Potomac River from Maryland its furthest point from me is still somewhat less than 300 miles as opposed to nearly 500 for some of the most distant points in southwestern Virginia Note that this outline includes more listings than there will be room for in the book and that a number of these will either be cut reduced to sidebars within larger chapters or listed in the appendix of additional haunted sites As with Ghosthunting Virginia research revealed early on a striking number of sites reputed by various sources to be haunted With space in this volume for only a limited number of these the authors carefully attempted to identify a representative selection that both emphasized variety and struck a balance between must include sites such as the graveyard where Edgar Allan Poe is buried and more obscure ones that do not appear in any other books *Spirited Histories* Diana Espírito Santo, 2022-08-10 Spirited Histories combines ethnography with critical theory to provide a sophisticated exploration of the intersection of haunting and the paranormal with technology media and history Retrieving the past in places of trauma and death can take on many facets One of these is an attention to hauntings ghosts and absences that go with the collective experience of loss and disappearance People memorialize the dead and their stories in myriad ways But what about the untold stories or the forgotten unnamed This book explores the ways groups of Chilean paranormal investigators and ghost tour operators produce alternate histories using paranormal machinery rather than simply theatricalizing pain It offers a look at technologies machines and apparatuses themselves imbued with a long history of supernatural and scientific expectations and a social analysis of how certain groups of people marshal the voices of the dead to generate particular micro histories This fascinating volume will be of interest to a range of disciplines including anthropology sociology history religious studies and scholars of technology and new media
