**The Heart of Compassion** Dalai Lama XIV Bstan-'dzin-rgya-mtsho,2002 *The Heart of Compassion* Dalai Lama XIV Bstan-'dzin-rgya-mtsho,1997 **The Heart of Compassion** Dalai Lama XIV Bstan-'dzin-rgya-mtsho,2002 This book carefully balances philosophical concepts with a very practical day by day approach to living a spiritual life Of special note is his clear integration of the teachings of Jesus into his overall world view showing how all teachings can find their harmony in the ultimate spiritual oneness and truth that underlies them all **Anishinaabe Ways of Knowing and Being** Lawrence W. Gross,2016-04-15 Very few studies have examined the worldview of the Anishinaabeg from within the culture itself and none have explored the Anishinaabe worldview in relation to their efforts to maintain their culture in the present day world This book fills that gap Focusing mainly on the Minnesota Anishinaabeg Lawrence Gross explores how their worldview works to create a holistic way of living However as Gross also argues the Anishinaabeg saw the end of their world early in the 20th century and experienced what he calls postapocalypse stress syndrome As such the book further explores how the values engendered by the worldview of the Anishinaabeg are finding expression in the modern world as they seek to rebuild their society *Tibetan Medicine in the Contemporary World* Laurent Pordié,2012-08-21 The popularity of Tibetan medicine plays a central role in the international market for alternative medicine and has been increasing and extending far beyond its original cultural area becoming a global phenomenon This book analyses Tibetan medicine in the 21st century by considering the contemporary reasons that have led to its diversity and by bringing out the common orientations of this medical system Using case studies that examine of the social political and identity dynamics of Tibetan medicine in Nepal India the PRC Mongolia the UK and the US the contributors to this book answer the following three fundamental questions What are the modalities and issues involved in the social and therapeutic transformations of Tibetan medicine How are national policies and health reforms connected to the processes of contemporary redefinition of this medicine How does Tibetan medicine fit into the present globalized context of the medical world Written by experts in the field from the US France Canada China and the UK this book will be invaluable to students and scholars interested in contemporary medicine Tibetan studies health studies and the anthropology of Asia Winner of the ICAS Colleagues Choice Award 2009 *Buddhist-Christian Dialogue as Theological Exchange* Ernest M Valea,2015-10-29 This book is intended to encourage the use of comparative theology in contemporary Buddhist Christian dialogue as a new approach that would truly respect each religious tradition s uniqueness and make dialogue beneficial for all participants interested in a real theological exchange As a result of the impasse reached by the current theologies of religions exclusivism inclusivism and pluralism in formulating a constructive approach in dialogue this volume assesses the thought of the founding fathers of an academic Buddhist Christian dialogue in search of clues that would encourage a comparativist approach These founding fathers are considered to be three important representatives of the Kyoto School Kitaro Nishida Keiji Nishitani and Masao Abe and John Cobb an American process

theologian The guiding line for assessing their views of dialogue is the concept of human perfection as it is expressed by the original traditions in Mahayana Buddhism and Orthodox Christianity Following Abe's methodology in dialogue an Orthodox contribution to comparative theology proposes a reciprocal enrichment of traditions not by syncretistic means but by providing a better understanding and even correction of one's own tradition when considering it in the light of the other while using internal resources for making the necessary corrections

**The Living Universe** Duane Elgin, 2009-04-01 By the bestselling author of Voluntary Simplicity over 150 000 sold Brings together cutting edge science and ancient spiritual wisdom to demonstrate that the universe is a living sentient system and that we are an integral part of it Explores the power of this new paradigm to move humanity toward a sustainable and promising future Science has traditionally regarded the universe as mostly made up mostly of inert matter and empty space At one time this point of view was liberating part of the Enlightenment born rationalism that helped humanity free itself from superstition and fear and achieve extraordinary intellectual and technological breakthroughs But this paradigm has outlived its usefulness It has led to rampant materialism and environmental degradation if the universe is essentially dead and we are alive then the inanimate stuff of the universe should be ours to exploit But we now know that not only is the view of a dead universe destructive it is also inaccurate and misleading In The Living Universe Duane Elgin brings together evidence from cosmology biology physics and even his participation in NASA sponsored psychic experiments to show that the universe is permeated by a living field and that we are always in communion with that field of aliveness whether we are conscious of it or not This is a world view that as Elgin explains is shared by virtually every spiritual tradition and the implications of it are vast and deep In a living system each part is integral to the whole so each of us is intimately connected to the entire universe

Elgin eloquently demonstrates how our identity manifests itself on a whole series of levels from subatomic to galactic We are he writes far more than biological beings we are beings of cosmic connection and participation To confront our ongoing planetary crisis of dwindling resources and escalating conflict we need to move past an ideology of separation competition and exploitation Duane Elgin asks us to see humanity sharing in the same field of aliveness to discover how to live sustainably and harmoniously within the living universe *Yoga Journal* ,2002-12 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty
