The Clinton Enigma The:

The Clinton Enigma David Maraniss, 1999-01-08 From the author of the Bill Clinton biography *First in His Class* comes this in depth analysis on Bill Clinton and his famous speech about his relationship with Monica Lewinsky Pulitzer Prize winning journalist David Maraniss regarded by his peers as the nation's leading expert on Bill Clinton sat in a darkened television studio in New York on the night of August 17 and watched the president deliver his curious apologia confessing that he had misled the nation about his relationship with Monica Lewinsky As Maraniss the author of *First in His Class* the highly acclaimed Clinton biography listened to the president's words that night it struck him that he had heard them all before though never in one speech and that in those four and a half minutes Clinton had revealed all the contradictory qualities of his tumultuous life and political career In this insightful book drawing from the biography and his writings for *The Washington Post* Maraniss dissects the speech as a revelation of the president's entire life Alternately reckless and cautious righteous and repentant evasive and forgetful relying on family and friends to protect him affirming his faith in God and then turning to polls to tell him what the public would tolerate communicating with the public over the heads of pundits and professionals transforming his personal trauma into a political cause by attacking his and his wife's enemies asking us all to put his troubles behind us Clinton combined all his weaknesses and strengths in that one brief address In the first section of *The Clinton Enigma* Maraniss reflects as a biographer on his curious but revealing dealings with Clinton over the years Then after Clinton has spoken Maraniss dissects the words and interprets the deeper meaning paragraph by paragraph to show the roots and echoes from the president's past and to explain why Clinton acts and speaks as he does With Bill Clinton Maraniss writes past is always prologue

The End Of Earth Philip N. Moore, 2024-11-01 In this eye opening exploration discover how Moses ancient prophecies on Israel the coming of Jesus and the End Times have striking connections to modern day events Delve into how these timeless predictions align with the unexpected rise of Donald Trump Nostradamus cryptic visions and the eerie legacy of the Kennedy curse With meticulous research this book unravels a complex web of prophetic clues leading to the conclusion that the mystery surrounding the assassination of JFK and its aftermath has finally been solved Prepare to be astonished as you uncover the undeniable threads that tie together history's greatest mysteries with prophetic foresight Is it coincidence or is there a higher plan at work

The Clinton Years Shirley Anne Warshaw, 2014-05-14 Comprehensive and easy to navigate *The Clinton Years* gives readers a full perspective of Bill Clinton's presidency from his successful economic policies to his relations with Monica Lewinsky This comprehensive A to Z reference contains more than 250 biographical entries examining the main politicians and foreign leaders during the administration and includes a number of primary source documents such as presidential speeches and executive decisions

The Survivor John F. Harris, 2006-10-10 NEW YORK TIMES BESTSELLER The definitive account of one of the most accomplished controversial and polarizing figures in American history Bill Clinton is the most arresting leader of his generation He

transformed American politics and his eight years as president spawned arguments that continue to resonate For all that has been written about this singular personality including Clinton s own massive autobiography there has been no comprehensive nonpartisan overview of the Clinton presidency Few writers are as qualified and equipped to tackle this vast subject as the award winning veteran Washington Post correspondent John F Harris who covered Clinton for six of his eight years in office as long as any reporter for a major newspaper In *The Survivor* Harris frames the historical debate about President William Jefferson Clinton by revealing the inner workings of the Clinton White House and providing the first objective analysis of Clinton s leadership and its consequences Harris shows Clinton entering the Oval Office in 1993 primed to make history But with the Cold War recently concluded and the country coming off a nearly uninterrupted generation of Republican presidents the new president s entry into this maelstrom of events was tumultuous His troubles were exacerbated by the habits personal contacts and the management style he had developed in his years as governor of Arkansas Clinton s enthusiasm and temper were legendary and he and Hillary Rodham Clinton whose ambitions and ordeals also fill these pages arrived filled with mistrust about many of the characters who greeted them in the permanent Washington that often holds the reins in the nation s capital Showing surprising doggedness and a deep set desire to govern from the middle Clinton repeatedly rose to the challenges eventually winning over or running over political adversaries on both sides of the aisle sometimes facing as much skepticism from fellow Democrats as from his Republican foes But as Harris shows in his accounts of political debacles such as the attempted overhaul of health care Clinton s frustrations in the war against terrorism and the numerous personal controversies that time and again threatened to consume his presidency Bill Clinton could never manage to outrun his tendency to favor conciliation over clarity or his own destructive appetites *The Survivor* is the best kind of history a book filled with major revelations the tense dynamic of the Clinton inner circle and Clinton s professional symbiosis with Al Gore to the imprint of Clinton s immense personality on domestic and foreign affairs as well as the minor details that leaven all great political narratives This long awaited synthesis of the dominant themes events and personalities of the Clinton years will stand as the authoritative and lasting work on the Clinton Presidency

The Politics of the Presidency, Revised 8th Edition Joseph A. Pika, John Anthony Maltese, 2013-07-15 In the most up to date core text available on the presidency *The Politics of the Presidency Revised Eighth Edition* Joseph A Pika and John Anthony Maltese once again deliver their comprehensive and accessible analysis of the presidency Never losing sight of the foundations of the office the authors maintain a balance between historical context and contemporary scholarship on the executive A solid foundation for any presidency course the revised eighth edition features updated chapters including coverage of the 2012 election and a new chapter analyzing Obama s challenges as a second term president in an entrenched partisan environment

The Films of the Nineties W. Palmer, 2009-03-02 By breaking down classic films from the nineteen nineties such as *Forest Gump* and *Titanic* this book offers a reel to reel cultural analysis chronicling the concept of spin as a major sociopolitical persuasion

strategy Bill Clinton Nigel Hamilton,2007-07-10 A decade and a half after President William Jefferson Clinton first took the oath of office biographer Nigel Hamilton tells the riveting story of what was possibly the greatest self reinvention of a president in office in modern times The Clinton presidency began disastrously kicking off with the worst transition in living memory and deteriorating through a series of fiascos from gays in the military to Hillary Clinton s failed health care reform How Bill Clinton faced up to his failures and refashioned himself in the White House thereafter is an epic hitherto unwritten story a story that climaxes with the trouncing of Bob Dole in the landslide presidential election in 1996 Clinton began his second term as the undisputed and tremendously popular leader of the Western world In vivid prose Hamilton charts Clinton s dramatic reversal of fortune and his ultimate triumph over himself and his foes Bill Clinton Mastering the Presidency is a riveting narrative of American politics an incisive character portrait and powerful reminder of what a great president can accomplish *Clinton's Elections* Michael Nelson,2026-03-24 In the presidential elections of 1980 1984 and 1988 the three Democratic nominees won an average of about 10 percent of the Electoral College vote a smaller share than any party in any three consecutive presidential elections in US history In the next seven elections Democrats won the popular vote in all but one 2004 a feat not achieved by a political party since the Democratic Party s inception in the 1820s What separated these record setting runs was the election and presidency of Bill Clinton whose pivotal role in ushering in a new era of American politics for better and for worse this book explores Perhaps because Clinton s presidency was hobbled by six years of divided government ended in a sex scandal and impeachment and was sandwiched between Republican administrations it is easy to forget that he revived a presidential party that had become nearly moribund In Clinton s Elections Michael Nelson describes how by tacking relentlessly to the center Clinton revived the Democrats presidential fortunes but also paradoxically effectively erased the center in the process introducing the new political reality of extreme partisan divisiveness and dysfunctional government Tracing Clinton s place in American politics from his emergence as a potential nominee in 1988 to his role in political campaigns right up to 2016 Nelson draws a deft portrait of a savvy politician operating in the midst of divided government and making strategic moves to consolidate power and secure future victories With its absorbing narrative and incisive analysis his book makes sense of a watershed in the modern American political landscape and lays bare the roots of our current era of political dysfunction Bill Clinton Allan Metz,2002-03-30 Bill Clinton s administration was filled with new policies and achievements for the nation s future but those achievements were easily overshadowed by personal flaws and scandal Despite his personal problems Clinton captured the American public and served two terms as one of our more memorable presidents This comprehensive bibliography on Clinton will provide students with information from his childhood his pre presidential career presidency including assessments of it and the beginning of his post presidential life Key access points to this information are provided in the Table of Contents and detailed author and subject indexes Also included is an invited essay providing an overview of the Clinton presidency and an extensive chronology of significant events

The Politics of the Presidency Joseph A. Pika, John Anthony Maltese, Andrew Rudalevige, 2017-07-06 Trace the opening rounds of the Trump administration highlighting the 2016 election transition inauguration and first one hundred days Never losing sight of the foundations of the office The Politics of the Presidency maintains a balance between historical context the current political environment and contemporary scholarship on the executive branch providing a solid foundation for any presidency course In addition to offering you a comprehensive framework for understanding the expectations powers and limitations of the executive branch the Revised Ninth Edition uses the most up to date coverage and analysis of the 2016 election and Trump administration to demonstrate key concepts New to the Revised Ninth Edition A new chapter dedicated to the Trump transition and first one hundred days examines important topics such as the immigration ban and other executive orders efforts at deregulation the targeted military strikes in Syria and the war on the intelligence community and the deconstruction of the administrative state Recent congressional relations analyzed including the confirmation of Supreme Court justice Neil Gorsuch after Senate Republicans employed the nuclear option and took away the opportunity to filibuster Supreme Court nominees efforts to repeal and replace Obamacare fiscal 2017 and 2018 budget negotiations and congressional investigations of the Trump campaign s ties to Russia his firing of FBI director James Comey and the appointment of a special counsel in the matter An assessment of the public presidency reviews Trump s approval ratings communications strategies and media coverage Discussions of Trump s leadership challenges in a polarized age explain the difficulties of unifying a nation after a bitter election launching an administration and structuring the executive branch
