The Clock Runs Backward:

The Clock Runs Backward Carl Djerassi, 1991-01 *Running Backward* Jeremy Williams, 2020-11-15 Julian Wilson a brilliant African American high school senior successfully constructs the world's first time travel device a few years after his father's death in order to see him alive again but his younger brother Darius a fitness meathead and self-proclaimed ladies man has other plans for Julian's invention after he finds out what his nerdy sibling has been up to At the demands of Darius the two brothers travel farther into the past for fun and exploration but they get more than they bargained for when they come face to face with famous black pioneers whom they've only read about in their textbooks and after saving Rudy a slave from the nineteenth century by bringing him back to the present with them Although the brothers are cautious about not changing the past mistakes are made history is altered and the present is shifted in ways that even Julian's remarkable mind can't fathom but does Julian's invention place him in a position of cosmic duty and moral responsibility Darius seems to think so steering the two brothers on a journey to right many wrongs one in particular that could forever change America as we know it **Direction of Time** Sergio Albeverio, Philippe Blanchard, 2013-12-09 This edited book presents the problems of time and direction from an interdisciplinary point of view concentrating in particular on the following relations Time and physics Time philosophy and psychology Time mathematics and information theory It is a unique contribution by philosophers and scientists who are active in mathematics physics biology engineering information theory and psychology Questions such as the existence of a Big Bang the neurobiological basis regarding the coexistence of free will and determinism intercultural aspects of time mathematical models of time psychopathological features of time and micro reversibility versus macroscopic irreversibility are studied It also provides a truly interdisciplinary study of the problematic arrow of time Endophysics, Time, Quantum And The Subjective - Proceedings Of The Zif Interdisciplinary Research Workshop (With Cd-rom) Metod Saniga, Rosolino Buccheri, Avshalom C Elitzur, 2005-10-03 Endophysics Time Quantum and the Subjective is the first systematic cross and trans disciplinary appraisal of the endophysical paradigm and its possible role in our understanding of Nature Focusing on three of the most pressing issues of contemporary science the interpretation of quantum theory the nature of time and the problem of consciousness it provides the reader with some forefront research concepts and ideas in these areas such as incessant Big Bang geometrizing of mental space times and a contextual view of quantum mechanics and or a view of the Universe as a self evolving quantum automaton Although primarily aimed at academics this engaging volume can be read by anyone interested in modern physics philosophy psychology and cognitive sciences *Time Travel* James Gleick, 2016-09-27 Best Books of 2016 BOSTON GLOBE THE ATLANTIC From the acclaimed bestselling author of *The Information* and *Chaos* comes this enthralling history of time travel a concept that has preoccupied physicists and storytellers over the course of the last century James Gleick delivers a mind bending exploration of time travel from its origins in literature and science to its influence on our understanding of time itself Gleick vividly explores physics

technology philosophy and art as each relates to time travel and tells the story of the concept's cultural evolutions from H G Wells to Doctor Who from Proust to Woody Allen He takes a close look at the porous boundary between science fiction and modern physics and finally delves into what it all means in our own moment in time the world of the instantaneous with its all consuming present and vanishing future
