The Musical Comedy Murders Of 194:

The Musical Comedy Murders of 1940 John Bishop, 1987 THE STORY The creative team responsible for a recent Broadway flop in which three chorus girls were murdered by the mysterious Stage Door Slasher assemble for a backer's audition of their new show at the Westchester estate of a wealthy angel Blood on the Stage, 1975-2000 Amnon Kabatchnik, 2012 Describes more than 80 full length plays produced in the last quarter of the 20th century with an emphasis on New York and London performances Complete Catalogue of Plays Dramatists Play Service, Inc, 2003 *A Production Study of Musical Comedy Murders of 1940* Richard Edward Davis, 1989 The Circle Repertory Company Mary S. Ryzuk, 1989 Traces the evolution of the Circle Repertory Company from its beginnings in 1969 to its fifteenth anniversary year as a critically acclaimed off Broadway theatrical institution in 1984 **At this Theatre** Louis Botto, Robert Viagas, 2002-09 Contains the informal history of forty theatres that were built as either legitimate houses or movie palaces and that are currently operating as legitimate theatres p xiii Dramenlexikon, 1988 New Play and Musical Supplement to the Complete Catalogue, 2004 **John Bishop's The Musical Comedy Murders of 1940: a Director's Milking of the Cash Cow** Derrell A. Wheeler, 2001 The World According to Hollywood, 1918-1939 Ruth Vasey, 1997 The most visible cultural institution on earth between the World Wars the Hollywood movie industry tried to satisfy worldwide audiences of vastly different cultural religious and political persuasions The World According to Hollywood shows how the industry's self regulation shaped the content of films to make them salable in as many markets as possible In the process Hollywood created an idiosyncratic vision of the world that was glamorous and exotic but also oddly narrow Ruth Vasey shows how the Motion Picture Producers and Distributors of America MPPDA by implementing such strategies as the industry's Production Code ensured that domestic and foreign distribution took place with a minimum of censorship or consumer resistance Drawing upon MPPDA archives studio records trade papers and the records of the U S Department of Commerce Vasey reveals the ways the MPPDA influenced the representation of sex violence religion foreign and domestic politics corporate capitalism ethnic minorities and the conduct of professional classes Vasey is the first scholar to document fully how the demands of the global market frequently dictated film content and created the movies homogenized picture of social and racial characteristics in both urban America and the world beyond She uncovers telling evidence of scripts and treatments that were abandoned before or during the course of production because of content that might offend foreign markets Among the fascinating points she discusses is Hollywood's frequent use of imaginary countries as story locales resulting from a deliberate business policy of avoiding realistic depictions of actual countries She argues that foreign governments perceived movies not just as articles of trade but as potential commercial and political emissaries of the United States Just as Hollywood had to persuade its domestic audiences that its products were morally sound its domination of world markets depended on its ability to create a culturally and politically acceptable product Theatrical Designers Thomas

Mikotowicz,1992-04-13 This book provides biographical and analytical data on significant historical and contemporary practitioners and theorists of the theatrical design field who have contributed to the development of the art Beginning with a historical survey on the evolution of theatrical design the volume features entries on some 270 set costume lighting and theatre building designers mainly dating from the fifteenth century to the present Coverage is international with a necessary emphasis on the United States and Western Europe Essays of varying length describe and evaluate the career and contributions of each designer providing information on positions productions and awards and generally ending with sources for further reading Particularly valuable are the detailed chronological listings of design credits given as available mainly for prominent twentieth century figures Appendixes to the volume list the designers chronologically by birth date and also by country of birth The volume ends with an annotated general bibliography on theatre design and designers and an index The only reference book specifically dedicated to theatrical designers its coverage will significantly extend the information contained in more general works on theatre presently available for library research
