Places of Invention Arthur P. Molella,Anna Karvellas,2015-06-30 The companion book to an upcoming museum exhibition of the same name Places of Invention seeks to answer timely questions about the nature of invention and innovation What is it about some places that sparks invention and innovation Is it simply being at the right place at the right time or is it more than that How does place whether physical social or cultural support constrain and shape innovation Why does invention flourish in one spot but struggle in another even very similar location In short Why there Why then Places of Invention frames current and historic conversation on the relationship between place and creativity citing extensive scholarship in the

area and two decades of investigation and study from the National Museum of American History's Lemelson Center for the Study of Invention and Innovation The book is built around six place case studies Hartford CT late 1800s Hollywood CA 1930s Medical Alley MN 1950s Bronx NY 1970s Silicon Valley CA 1970s 1980s and Fort Collins CO 2010s Interspersed with these case studies are dispatches from three learning labs detailing Smithsonian Affiliate museums work using Places of Invention as a model for documenting local invention and innovation Written by exhibition curators each part of the book focuses on the central thesis that invention is everywhere and fueled by unique combinations of creative people ready resources and inspiring surroundings Like the locations it explores Places of Invention shows how the history of invention can be a transformative lens for understanding local history and cultivating creativity on scales of place ranging from the personal to the national and beyond

The Holy Trinity of American Sports Craig A. Forney, 2010 The Holy Trinity of American Sports explores how football baseball and basketball interact to illustrate civil religion in the United States These three sports mark movement through one year in the country providing extended seasons to supplement holidays like Memorial Day and the Fourth of July Year after year they generate ritual actions of daily weekly yearly and once in a lifetime significance Football baseball and basketball portray three core stories of national worldview Football depicts stories about the realities of life within history while baseball expresses mythic aspiration for an ideal future Basketball presents narrative of irreversible progress story of fast paced movement to highly productive conditions Through stories of life the three games convey doctrines about the source of truth where to find knowledge of truths and how to solve problems Beyond doctrinal convictions they disclose ethical beliefs of the nation for the worst best and most common situations Functioning as a unit the sports trinity communicates commitments to certain social arrangements offering directives for interaction with people outside and inside the country Football baseball and basketball possess great importance in the United States because they provide comprehensive and detailed illustration of American beliefs

Skateboarding Between Subculture and the Olympics Veith Kilberth, Jürgen Schwier, 2019-08-15 The inclusion of skateboarding as an official discipline in the 2020 Olympic Games marks the pinnacle of a decades long process of commercialization and sportification Is the tightly knit subculture in danger of losing its very identity This anthology creates an analytical framework for understanding the fundamental conflict between skateboarding's core ethos and the tenets of institutionalized sports Eleven acclaimed international authors from the fields of architecture philosophy sociology sports sciences and gender studies provide a unique perspective on the manifold manifestations of skateboarding previously ignored by academic discourse
