Dorman,2010-07-08 C has quickly established itself as one of the world's most widely used programming languages. The newest version Visual C 2010 includes several important new features including Silverlight, the Entity Framework, tighter integration with version 4.0 of the .NET Framework and full support for programming Windows 7 and Office. The proven Sams Teach Yourself method will help all newcomers to C 2010 get up to speed quickly, no matter whether you've had experience with previous versions of Visual C or not. You are taken step by step through the process of software development, learning elements as you build a sample application so that the material is framed in a real-world approach. The accompanying DVD contains Visual C 2010 Express Edition and the companion Web site contains all the code and exercises from the book. Step by step instructions carefully walk you through the most common tasks. Quizzes and exercises at the end of each chapter help you test your knowledge. Notes and tips point out shortcuts and solutions. The companion DVD contains Visual C 2010 Express Edition, everything you need to get started programming in C.

Learn Visual C++ Now Mark Andrews,1996 If you have a basic understanding of C, **Learn Visual C Now** will help you discover the world of programming for Windows with Microsoft Visual C. The book's ten fast-moving chapters will help you master the powerful visual tools and automated features in Visual C. On CD you get a complete working Visual C compiler, version 1.0, a valuable addition that will equip you to create your own applications. **Learn Visual C Now** will teach you to use the tools in the Visual C development environment to create your first C program, use programming tools such as App Studio and ClassWizard to make repetitive and complex programming tasks easier, use the classes and member functions designed for Windows programmers in the Microsoft Foundation Class (MFC) Library, understand and use object-oriented programming techniques and incorporate dazzling sprite graphics into your Windows-based applications.
