Teachers And Teacher Education In Developing Countries:

Teachers and Teacher Education in Developing Countries Linda A. Dove, 1986-01-01 **Teacher Development and Teacher Education in Developing Countries** Ayesha Bashiruddin, 2018-06-07 This book contributes to understanding of how individual teachers in developing countries grow and evolve throughout their careers Based on the analysis of 150 autobiographies of teachers from a range of regions in the developing world including Central Asia South Asia East Africa and the Middle East the author celebrates individual teachers voices and explores their narratives What can these narratives tell us about becoming and being a teacher and the process of teacher development What is different about becoming and being a teacher in the developing world By analysing the distinct narratives the author explores these central questions and discusses the implications for further teacher development and education in these regions In doing so she transforms teachers embodied knowledge into public knowledge shining a light onto the challenges they face in the Global South and exploring how research can be advanced in the future This uniquely researched book will be of interest and value to students and scholars of education in the developing world *Teacher Education in Developing Countries* Roy Gardner, 1979

Teacher Education and the Challenge of Development Bob Moon, 2012-09-10 In developing countries across the world qualified teachers are a rarity with thousands of untrained adults taking over the role and millions of children having no access to schooling at all The supply of high quality teachers is falling behind poor status low salaries and inadequate working conditions characterise perceptions of teachers in numerous countries deterring many from entering the profession and there are strong critiques of the one dimensional didactic approach to pedagogic practice Despite this millions of teachers are dedicated to educating a newly enfranchised generation of learners Teacher Education and the Challenge of Development is co written by experts working across a wide range of developing country situations It provides a unique overview of the crisis surrounding the provision of high quality teachers in the developing world and how these teachers are crucial to the alleviation of poverty The book explores existing policy structures and identifies the global pressures on teaching which are particularly acute in developing economies In summarising the key policy and research issues and analysing innovative approaches to teacher supply retention and education this book establishes an overview and conceptual analysis of the challenge to extend and improve the teaching force in developing contexts sets out and analyses the quantitative and qualitative evidence around teacher contexts and conditions provides a series of national studies that analyse the context of teachers and the policies being pursued to improve the number and quality of teachers looks at a range of significant issues that could contribute to the reformulation and reform of teacher policies provides an overarching analysis of the nature and challenges of teaching and the possible interventions or solutions in a form accessible to policy and research communities This book will be of interest to educationalists and researchers in education teachers policy makers and students of development courses at both undergraduate and postgraduate levels **Teacher Education in the**
