Teachers, Computers, and Curriculum Paul Geisert, Mynga K. Futrell, 1990 **Teachers Computers and Curriculum** Allyn & Bacon, Incorporated, 1999-07 *Computers, Curriculum, and Cultural Change* Jr. Provenzo, 2004-09-22 *Computers Curriculum and Cultural Change* An Introduction for Teachers Second Edition is a comprehensive introduction to using computers in educational settings What distinguishes this text from others on the topic is its focus on the issue of how computers are redefining our culture and society and the work of schools the idea of using the computer as a tool for increasing efficiency and productivity in curriculum and the concept of the computer as a tool not only for efficiency but actually as a means of enhancing intelligence This text provides students with an introduction to basic computer skills and experience enhanced by helpful pedagogical aids including case studies and highlighted features such as Portfolio Development Reflective Practice Computing Timelines Filmographies bibliographical sources and a text linked glossary of key computer terms New in the Second Edition In addition to being thoroughly updated a new section has been added to Chapter 1 Creating an Electronic Portfolio with activities linked to the standards for educational computing established by the International Society for Technology in Education ISTE Electronic portfolio activities at the end of each chapter give students the hands on practical skills they need and at the same time cover the necessary theoretical and conceptual material for an introductory educational computing course Integrating Computer Technology Into the Classroom Gary R. Morrison, Deborah L. Lowther, 2005 This book focuses on integrating computers into teaching through the use of an inquiry based easy to use model for creating lesson plans Teachers can use this 10 step process to design student centered learning environments in which computer technology is integrated as a tool for learning rather than as a delivery mechanism In addition this book provides many practical examples and tips throughout to facilitate student understanding of chapter content Rethinking Computers and Instruction iNtegrating Technology for inQuiry The NTeQ Model Teacher as Designer I Teacher s Toolbox Teacher as Designer II Teacher s Lesson Planning Implementation From Plan to Action Teacher as Facilitator Managing the Classroom The Role of Assessment Word Processing Spreadsheets Databases Presentation of Results The Internet in the Classroom Educational Software Computers as a Tool for Teachers **Microcomputers and the Classroom Teacher** Gail A. Caissy, 1987 This monograph for teachers addresses two emerging areas in the computing field providing inservice training in microcomputer use for the general teaching population and integrating the use of microcomputers into the overall curriculum A brief discussion of why computers should be used in the classroom introduces five chapters which provide overviews of the following topics 1 the use of computers in teaching and learning areas of computer use and using the computer as a teaching learning tool 2 types of software available for schools computer assisted instruction software applications software and databases 3 integrating computers into the classroom 4 developing a plan for using computers in the classroom setting up a classroom computer center and working with only one computer in the

classroom and 5 evaluating educational software general questions questions about instructional design and questions about physical characteristics of the program A concluding statement argues that the key to continued growth and expansion in the educational computing field lies with classroom teachers and urges them to take an interest in computers and begin to use this important new tool in their classrooms A 71 item reference list concludes the document EW Integrating Computers Into the Classroom Edith O'Donnell,1996-10-10 Whether you are involved in planning and implementing computer strategies for a school district college or university or you are an instructor interested in integrating computers into your classroom this volume offers valuable ideas and strategies for realizing the promise of computers in education Issues in Training Teachers to Use Microcomputers in the Classroom Robert D. Hess,Irene T. Miura,1984 **Reflections on the History of Computers in Education** Arthur Tatnall,Bill Davey,2014-05-05 This book is a collection of refereed invited papers on the history of computing in education from the 1970s to the mid 1990s presenting a social history of the introduction and early use of computers in schools The 30 papers deal with the introduction of computer in schools in many countries around the world Norway South Africa UK Canada Australia USA Finland Chile The Netherlands New Zealand Spain Ireland Israel and Poland The authors are not professional historians but rather people who as teachers students or researchers were involved in this history and they narrate their experiences from a personal perspective offering fascinating stories Infusing Technology into the Classroom: Continuous Practice Improvement Schifter, Catherine,2008-05-31 Technology has impacted how many teachers develop methods of instruction in their classroom settings The Continuous Practice Improvement CPI professional development program introduces teachers to infusing computers into the curriculum and classroom activities seamlessly Infusing Technology into the Classroom Continuous Practice Improvement retells compelling stories of a successful computer related professional development program that was implemented into Kindergarten through eighth grade classrooms of a Philadelphia school Through an analysis of the study a theoretical model to guide technology infused professional development for teachers is discovered **An Apple for the Teacher** Melissa Evans-Andris,1996-06-24 Take a look at the use of computers in classrooms from the teacher's perspective Explore the best and worst ways to use computers in the classroom Evans Andris gives you models of the three basic computer use styles teachers adopt She helps you identify the ways your teachers use computers in their classrooms and shows how to support their best efforts to incorporate computers into teaching and learning Find out how you can encourage teachers to use this new tool to enhance their teaching abilities help augment their knowledge base and boost their careers Evans Andris offers a thorough systematic examination of how teachers react and how teaching and learning change when computers come into the classroom She recommends strategies to help you Motivate your teachers to incorporate technology into their curriculum Improve students learning and performance Shift responsibilities to computer coordinators Support your teachers efforts to use computers creatively and constructively Guide your staff through the tricky changes that result from bringing in technology You ll learn
