## Snake Handling In Midamerica:

**Snake Handling in Mid-America** Jack Cashill, 1991-01-01      What's the Matter with Kansas? Thomas Frank, 2007-04-01 One of our most insightful social observers cracks the great political mystery of our time how conservatism once a marker of class privilege became the creed of millions of ordinary Americans With his acclaimed wit and acuity Thomas Frank turns his eye on what he calls the thirty year backlash the populist revolt against a supposedly liberal establishment The high point of that backlash is the Republican Party's success in building the most unnatural of alliances between blue collar Midwesterners and Wall Street business interests workers and bosses populists and right wingers In asking what's the matter with Kansas how a place famous for its radicalism became one of the most conservative states in the union Frank a native Kansan and onetime Republican seeks to answer some broader American riddles Why do so many of us vote against our economic interests Where's the outrage at corporate manipulators And whatever happened to middle American progressivism The questions are urgent as well as provocative Frank answers them by examining pop conservatism the bestsellers the radio talk shows the vicious political combat and showing how our long culture wars have left us with an electorate far more concerned with their leaders values and down home qualities than with their stands on hard questions of policy A brilliant analysis and funny to boot What's the Matter with Kansas? presents a critical assessment of who we are while telling a remarkable story of how a group of frat boys lawyers and CEOs came to convince a nation that they spoke on behalf of the People Los Angeles Times      *Mid-America Folklore*, 2000      **Mid-American Review of Sociology**, 1983

¿Qué pasa con Kansas? Thomas Frank, 2015-07-20 La historia que explica la fuerza del TEA PARTY y por qué la izquierda ya no entiende la furia de la gente con él El enigmático espectáculo de un suicidio colectivo a gran escala siempre resulta fascinante Pensemos en los cientos de seguidores de la secta de Jim Jones que ingirieron obedientes veneno en su campamento de la Guyana En el terreno económico eso mismo está sucediendo hoy en Kansas se es el objeto de este excelente libro de Thomas Frank La sencillez de su estilo no debe impedir que veamos su análisis político afilado como una cuchilla Fijando su atención en Kansas cuna de la revuelta populista conservadora Frank describe con acierto la paradoja fundamental de su construcción ideológica el desfase la falta de cualquier conexión cognitiva entre los intereses económicos y las cuestiones morales Qué sucede cuando la oposición de clase de base económica agricultores pobres y obreros contra abogados banqueros y grandes empresas se traspone codifica como la oposición entre los honrados trabajadores cristianos y buenos americanos por un lado y los progresistas decadentes que beben café a la europea y conducen coches extranjeros defienden el aborto y la homosexualidad se burlan del sacrificio patriótico y del estilo de vida sencillo y provinciano Si ha habido alguna vez un libro que deba leer quien esté interesado en las extrañas torsiones de la política conservadora de hoy se es Qu pasa con Kansas Slavoj Žižek Esta edición de Qu pasa con Kansas incluye notas de Thomas Frank sobre la campaña electoral de 2008

*Mid-American Review* ,2006      *BARNES OF MID-AMERICA* Kathy Martin,2014-10-22 For hundreds of years barns have been a vital image of the American landscape Barns evoke a sense of tradition a feeling of security They have provided shelter a safe haven for animals of the family farm Barns have become community landmarks Is it any wonder there is a growing fascination for these structures As the small family farm has given way to larger more commercial farms so also many of the traditional old style barns have been replaced with utility buildings and pole barns      *World War II in Mid-America* Robert C. Daniels,2012-08-02 The true account of World War II as seen through eyes of thirty four mid Western Americans Covering the war on a year by year basis it is the story of how the war affected these individuals and their families many times in their own words Covered is not only the military who went off to war but also the wives the sweethearts and the children of the military as well as those who stayed behind to hold down the home front the factory worker the German POW guard the farmer It is the story of how they willingly struggled with rationing how they willingly assisted each other when the need arose how they willingly collected recyclables and other goods for the war effort without any expectation of compensation It is also the story of the military members why and when they entered the service as well as how they served their country in the time of need the B 17 ball turret gunner the Higgins boat pilot the Marine landing on Okinawa and Guam the Japanese held POW the WAC and the WAAC In summary it is the story of their war A war that nobody nobody shirked their duty      *Slopovers* Stephen J. Pyne,2019-04-02 America is not simply a federation of states but a confederation of regions Some have always held national attention some just for a time *Slopovers* examines three regions that once dominated the national narrative and may now be returning to prominence The Mid American oak woodlands were the scene of vigorous settlement in the late eighteenth and early nineteenth centuries and thus the scene of changing fire practices The debate over the origin of the prairies by climate or fire foreshadowed the more recent debate about fire in oak and hickory hardwoods In both cases today s thinking points to the critical role of fire The Pacific Northwest was the great pivot between laissez faire logging and state sponsored conservation and the fires that would accompany each Then fire faded as an environmental issue But it has returned over the past decade like an avenging angel forcing the region to again consider the defining dialectic between axe and flame And Alaska Alaska is different as everyone says It came late to wildland fire protection then managed an extraordinary transfiguration into the most successful American region to restore something like the historic fire regime But Alaska is also a petrostate and climate change may be making it the vanguard of what the Anthropocene will mean for American fire overall *Slopovers* collates surveys of these three regions into the national narrative With a unique mixture of journalism history and literary imagination renowned fire expert Stephen J Pyne shows how culture and nature fire from nature and fire from people interact to shape our world with three case studies in public policy and the challenging questions they pose about the future we will share with fire      *Cruising Mid-America* David R. **Living with Snakes** Daniel Curley,2013-03-01 In Daniel Curley's stories passionate rage and cool clear hatred alter the terms of even the most basic human relationships etching odd patterns on the surface of the natural world a man applies the methods of Mata Hari to the task of keeping track of his ex wife the victim of a pickpocket plots psychological revenge on the criminal population of a Mexico City bus line a spurned lover summons all his strength and courage to liberate a roomful of snakes held captive by his rival For the most part the figures in the landscape of these stories are men and women performing the rituals that lead to and away from marriage In *The First Baseman* a man in the process of getting a divorce falls in love with a player on a woman's softball team but their conversation never goes far beyond the subject of her batting average In *Trinity* an estranged couple brought together again by the death of their daughter finds that they cannot recreate either their love or their child And in *Wild Geese* a man's dream about his childhood when flocks of geese patterned the sky is interrupted and finally shot through by fevered images of a tedious dinner party Nature exists as a refuge in these stories but it is a refuge mostly to be found in the shadow of the fear of death in the recesses of memory beyond the bars that isolate zoo animals from an unruly world Demonically honest and sometimes violently funny *Living with Snakes* tells of a world where love is at best a touch and go sort of thing where sometimes men and women are bound together not so much by affection as by mutual loss mutual pain      **1990 Mid-America Linguistics Conference** Frances Ingemann,1991
