

A woman with voluminous, curly red hair is seen from the side, looking out over a vast, rolling landscape of tea plantations. She is wearing a dark blue long-sleeved top and is leaning on a light-colored wooden railing. The landscape consists of numerous terraced tea fields in various shades of green, stretching towards distant, hazy mountains under a soft, golden light. In the top right corner, there is a decorative, intricate mandala-like pattern in a light, golden-brown color.

## Tea Planters Bride:

**The Tea Planter's Bride** Rosemary Rogers,1995      **The Tea Planter's Son** Jimmy Pyke,2014-03-24 In 1939 a young Englishman rejects a diplomatic career and leaves England to become a tea planter in Darjeeling India He marries an illiterate tea picker of Nepali origin and they have a son The book continues with the sons journey through life the prejudices he faces as an Anglo Indian in both countries the events in Belize Burma Jamaica and Sri Lanka that affect him the women in his life all answering the question what became of him Jimmy Pyke is an Anglo Indian who had a distinguished legal career in London for over 45 years He has written law books but *The Tea Planters Son* is his debut novel at the age of seventy      *The Tea Planter* Brian D. Kharpran Daly,2025-02-24 Martin O'Brien an eighteen year old Irish lad feels he had bagged a job in the tea gardens of Assam India as a dream job Kindled by the wildlife of the region s lush tropical and sub tropical climates he revels in his element as a spirit of nature Life in the tea bushes is exhilarating with the marauding elephants tigers and leopards He feels at home in the wilderness of a region far removed from mainland India In the complex and lonely life of the malaria infested outback he found two loves that were as beautiful and true to his heart His first love Sunita ends abruptly when she decides that their love would only bring shame and misery in their lives because of the social stigma attached to their different cultures As she willed he never saw or heard of her again unaware that the episode will wreck his life Then he meets Ruth a local Khasi girl in Shillong with whom he falls madly in love His life overflowing with the richness of love and the thrilling hunts in the wild becomes a Heavenly Paradise Then Ruth suffers from an unexplainable intestine disorder and dies in the hospital with his unborn son He was devastated by the cruel and unexpected turn of events How could life be so brutal Little did he know that a fanatic was behind his back plotting revenge and destruction to wreck his peaceful and beautiful life Years later the hint that maybe Ruth had died of a murder did cross his mind in silent terror But he had no proof and who would the perpetrator be This is the story of a typical tea planter during the early 20th century spanning the two wars and culminating beyond the period when India achieved its Independence and well into the statehood of Meghalaya in 1972 from erstwhile Assam It is the story of an ordinary family especially the quiet courageous and adventurous Irish hunter who fell in love with India s far flung backward and wild country It is the story of the passion for love and life It is also the story of Ram whose fanatical and twisted mind plotted and carried out the sinister crime of taking the life of his memsahib Ruth and her unborn baby of rejoicing in the sahib Marvin s grievous loss and of planning to take his life too who he detested with an insane hatred It is a one sided act pitted between the devilish and merciless rage of a maniacal devil and the easy fun loving heart of a true and passionate adventurer It is an intriguing and gripping story of life      **The Planters** J. Derald Morgan,2016-07-19 This is a genealogical history of the McKneely families of South Carolina Georgia and Louisiana There are two branches to this Scotch Irish family with this unique spelling One that migrated from South Carolina to Georgia and then on to Texas and other parts of the expanding United States of America Then there is the branch that left South Carolina

in the late 1700s and early 1800s with other families and settled in what at the time was West Florida This area then was taken into the United States of America with the purchase of Florida from Spain and then became a part of Louisiana The Louisiana branch resided in the Parishes called the Florida Parishes and stayed close to the area until after the First World War when the family began to migrate into other parts of the United States You will find in this book two parts One part covers the McKneely family that migrated to the Florida Parishes of Louisiana and the Second part that covers the McKneely family that first migrated to Georgia and then to Oklahoma and Texas There is speculation but no proof that the two lines come from the common immigrant ancestor James McNealy with various spellings of McNealy Look at the information and decide for yourself whether or not two lines could adopt a common spelling change come from South Carolina and have common names and not be related to the common ancestor attached to the Louisiana McKneely clan I have attempted to include as much detail as possible about each person Personal stories are the spice of a genealogical work I have included as many as possible and included them without edit I am not a politically correct family historian There may be some factually correct material that you may not like or that someone might tell you is not correct Please read this account with the times and culture in mind as that is what makes the story a good one Do not try to impress yourself on the story but put yourself into the times and places *Mild And Bitter* A.P. **Sorry, Not for Sale** Urmila Bhargava,2011-02 In India what good is honesty and integrity if it doesn t make you rich The first requisite of a businessperson in India is to have a lot of greed and love for money to the exclusion of everything else in life Along with this one should be prepared to sacrifice everything to achieve success in business even basic things like self respect honor and of course honesty have little or no place in it Corruption has increased globally Urmila Bhargava was born to an affluent family of lawyers in British India As a young married woman she lived in the tea districts enjoying a life of comfort But all too soon she was repulsed by the unpalatable truth of the British elite that merit alone was not sufficient to achieve success in the corporate world and that there were

other considerations to get promotions In 1976 after her husband s sudden demise she became an instant entrepreneur in the field of recycling used oil even though at the time she had no technical knowledge From politicians to tea planters government employees to friends and relations Bhargava gives us an intimate and often startling view of life in India over the past fifty years She shares with us the challenge of being a businesswoman of uncompromising standards who for more than two decades singlehandedly fought corrupt practices in India ultimately achieving success in her business which up till now has been the domain of men      **Women of Assam** Renu Debi,1994 Seminar papers      **Tropical Agriculturist** ,1907
