Social Problems An Introduction To Critical Constructionism:

Social Problems Robert Heiner, 2010 Now in a new edition *Social Problems An Introduction to Critical Constructionism* synthesizes conflict theory and social constructionism to help students think critically about social problems A concise student friendly alternative to all encompassing standard textbooks this book examines a single theoretical paradigm in depth demonstrating how theory can be used to understand a breadth of real world structures Robert Heiner focuses on the four problems most often encountered in social problems courses inequality family crime and deviance and overpopulation and the environment Heiner s critical approach helps students conceive of societal problems as socially constructed phenomena whose importance varies according to media attention and the agendas of particular interest groups Furthermore his critical point of view leads students to reevaluate their own preconceived notions and beliefs in turn generating lively classroom discussions Revised and updated in this third edition *Social Problems* now includes a glossary of key terms and reinforcing end of chapter questions as well as new discussions of such issues as immigration Additional graphics help visually illustrate key concepts and ideas *Social Problems An Introduction to Critical Constructionism Third Edition* is ideal for social problems courses Given its readability and consistent application of theory this book could also be used in introductory sociology courses and social theory courses

Social Problems Robert Heiner, 2002 *Social Problems An Introduction to Critical Constructionism* synthesizes conflict theory and social constructionism to help students think critically about social problem construction A concise alternative to the all encompassing standard textbooks currently available this book examines a single theoretical paradigm in depth and demonstrates how theory can be used to understand a breadth of real world phenomena In six succinct chapters it focuses on the four problems most often found in social problems courses inequality family problems crime deviance and population environment analyzing each from a critical constructionist perspective This approach popular among many sociologists helps students conceive of social problems not as objective situations that are out there but as socially constructed phenomena whose importance varies according to media attention and the needs of particular interest groups The author makes the important connection between the power of certain interest groups and their ability to draw the public s attention toward certain problems and away from others He recognizes the critical role that the media plays in problem construction and provides a systematic critique of media interests A much needed cross cultural emphasis illustrates the range of possibilities in which social problems and their solutions can be conceived alternative problem construction commonly used outside the United States is examined as well Special attention is given to the effects of globalization and to the role of corporate interests in problem construction Offering students a solid theoretical background *Social Problems An Introduction to Critical Constructionism* is intended primarily for social problems courses Given its readability and consistent application of theory this book can also be used in introductory sociology courses and social theory courses

Social Problems Robert Heiner, 2006 **Social Problems** Anna

Leon-Guerrero,2010-09-16 With an engaging writing style that has made it a popular choice at both 2 and 4 year schools the Third Edition of Anna Leon Guerrero s Social Problems textbook clearly presents contemporary social problems and addresses their consequences while emphasizing community involvement by both individuals and groups to achieve real solutions With an overarching focus on social inequalities this proven text provides a platform for discussion that encourages critical thinking through compelling illustrations boxed features learning checks discussion questions and online learning tools all designed to inspire hope rather than simply present a disheartening parade of maladies Introduction to Global Social Problems Isaac Zvi Christiansen,2025-09-08 Introduction to Global Social Problems introduces undergraduate students to national and international social problems from a critical sociological perspective Isaac Zvi Christiansen presents clear descriptions of each social problem explains key concepts and provides students with the relevant theoretical tools needed to grasp the interconnected nature of these phenomena This volume covers significant and interconnected issues The book begins with an explanation of how corporate interests distort the depiction of social problems Chapters 2 and 3 provide empirical explorations of poverty and inequality on national and global scales together with clear and accessible expositions of relevant sociological theories Chapter 4 examines health and educational inequalities exacerbated by the economic inequalities discussed in Chapters 2 and 3 Chapter 5 introduces students to issues of racial inequalities in the United States and abroad while Chapter 6 takes a comparative approach to examining crime and criminal justice Chapter 7 examines modern day imperialism and war with special attention given to the military industrial complex and a brief review of US interventions around the world in the twentieth and twenty first centuries Chapter 8 examines politics and human rights including a critical historical and sociological analysis of Israeli settler colonialism and successive US Israeli assaults on Gaza The book closes with an examination of population and the environment with special attention given to climate change and the pressing contradictions between capitalism and the environment This textbook will be a vital resource for introductory students across the social sciences especially in sociology political science and global studies It provides critical wraparound coverage of the momentous embedded social problems that interconnect across social national and regional boundaries

The Cambridge Handbook of Social Problems: Volume 1 A. Javier Treviño,2018-03-22 The introduction of the Affordable Care Act in the United States the increasing use of prescription drugs and the alleged abuse of racial profiling by police are just some of the factors contributing to twenty first century social problems The Cambridge Handbook of Social Problems offers a wide ranging roster of the social problems currently pressing for attention and amelioration Unlike other works in this area it also gives great consideration to theoretical and methodological discussions This Handbook will benefit both undergraduate and graduate students eager to understand the sociology of social problems It is suitable for classes in social problems current events and social theory Featuring the most current research the Handbook provides an especially useful resource for sociologists and graduate students conducting research *Social Problems* Eric Bonds,2021-01-16

Social Problems A Human Rights Perspective Second Edition evaluates U S society through an international human rights framework The book provides a critical discussion about what rights mean along with a sociological exploration of power and inequality to explain why human rights are so often violated or left ignored and unfulfilled in the United States In each chapter the book offers numerous policy alternatives that could provide a pathway toward the increased fulfillment of rights while also stressing the important role that nonviolent social movements have had and must have in the future in achieving greater justice dignity wellbeing and environmental protection in our society This edition includes several new chapters on topics of major interest to students including the human right to health climate change and human rights immigration and human rights violations in U S society a new discussion of the BlackLivesMatter movement Social Problems gives social science students a new way to understand pressing social issues that exist in their own communities

Social Problems in a Free Society Myles J. Kelleher, 2004-09-02 The future of the sociologist's profession is jeopardized by an ongoing trend toward the politicization of sociology and the radicalization of social problems This book calls for the rethinking of the culture of social political and economic liberty to create a resurgence of a sociological agenda Social Problems in a Free Society offers an original perspective on social problems such as violations of the principles of individual rights and the free market This book is a vision for reinvigorating the discipline in a fashion undreamt of within the wearisome strains of today's radical social problems theory

Social Constructionisms Titus Hjelm, 2014-05-22 Social constructionism is one of the key ideas in the social sciences offering different frameworks for understanding the human world But what does it mean when we say that something is socially constructed What exactly do we construct in our social interaction And what actually does the constructing This dynamic text invites critical reflection on these questions and more outlining the various ways that social constructionist theory has been utilised in the social sciences Hjelm introduces the basic assumptions of social constructionism before examining the differences between various constructionist traditions and perspectives from Berger and Luckmann's sociology of knowledge to constructionist approaches in social psychology and discourse analysis Through a diverse range of case studies on religion crime gender and the media the chapters demonstrate how to apply constructionist ideas in empirical social research Social Constructionisms is thus an invaluable source for students and scholars across the social sciences

Social Problems and Inequality John Alessio, 2016-04-01 Social Problems and Inequality explores integrated and root cause based explanations of complex social problems Written in clear and understandable language allowing it to be used for classroom purposes it addresses the most fundamental principles of how humans acting through social units create and eventually can remedy social problems With a central focus on the problem of inequality and the manner in which this is manifested in crime social class and stratification this book examines the key theoretical perspectives relevant to the study and solution of social problems whilst drawing upon rich illustrations and case studies from the US and Europe to offer a thorough examination of the nature common root causes and social remedies of social problems Providing

discussions of both theoretical approaches and concrete applications Social Problems and Inequality investigates the sources of various prejudices and attitudes that contribute to social problems and the associated issues of globalization economic greed and imperialism Accessible in style and comprehensive in its coverage this book will appeal to students and scholars of social problems across the social sciences The SAGE Handbook of Political Science Dirk Berg-Schlosser, Bertrand Badie, Leonardo Morlino, 2020-02-11 The SAGE Handbook of Political Science presents a major retrospective and prospective overview of the discipline Comprising three volumes of contributions from expert authors from around the world the handbook aims to frame assess and synthesize research in the field helping to define and identify its current and future developments It does so from a truly global and cross area perspective Chapters cover a broad range of aspects from providing a general introduction to exploring important subfields within the discipline Each chapter is designed to provide a state of the art and comprehensive overview of the topic by incorporating cross cutting global interdisciplinary and where this applies gender perspectives The Handbook is arranged over seven core thematic sections Part 1 Political Theory Part 2 Methods Part 3 Political Sociology Part 4 Comparative Politics Part 5 Public Policies and Administration Part 6 International Relations Part 7 Major Challenges for Politics and Political Science in the 21st Century *Proximity and Intraregional Aspects of Tourism* Jelmer Jeurig, Inmaculada Diaz Soria, 2018-10-18 Tourism research often tends to overlook both the mundane of the exotic and the exotic of the everyday However when acknowledging that exoticism is not necessarily linked to geographical distance it is similarly possible to attribute touristic otherness to and experience unfamiliarity in a geographically proximate environment This entails a need to rethink the intertwining relationships of meanings of the exotic and the mundane as well as the ways people make meaning of their everyday environment through processes of territorialization and identification in a tourism context The articles collected in this book cover a range of examples of tourism practices in a context of geographical proximity where home and away everyday life and tourism intersect While the settings methodologies and concepts vary considerably each contribution is an attempt to rethink the hegemonic linear framing of tourism in dichotomies such as familiar and unfamiliar nearby and far host and guest mundane and exotic The examples findings and conclusions of the various authors contribute to an understanding of tourism that is multiple and relative to an open minded and critical attitude towards the institutionalized anchors of our society in which tourism takes such a prominent place that it has almost become ordinary This book was originally published as a special issue of the Tourism Geographies journal **Biblical Interpretation for Laypeople and Other Martyrs** David W. Melber, 2019-01-03 The book begins with the basics a synopsis of biblical history and of the content of the books of the Bible It provides an acquaintance with the tools for interpreting the Bible various methods of interpreting the Bible the mental process of interpreting any verbal communication whether oral or written the influence of culture on biblical writers and speakers the problems of translating the Bible from one culture to another the figures of speech prophecy typology symbolism and

apocalyptic literature in the Bible the development of the canon of the scripture the purpose of the Bible and a tool for applying biblical teaching to contemporary issues **United States Demographics - Part A , Sociology of Sexualities** Kathleen J. Fitzgerald,Kandice L. Grossman,2020-07-16 Sociology of Sexualities is regarded as the most comprehensive text to approach the study of sexuality from a sociological perspective Drawing on the most up to date social scientific research on sexuality it discusses fundamental concepts in the field and helps students integrate knowledge about sexuality into their larger understanding of society *Theocratic Democracy* Nachman Ben-Yehuda,2010-11-29 In *Theocratic Democracy* Nachman Ben Yehuda examines more than fifty years of media reported unconventional and deviant behavior by members of the Haredi community Ben Yehuda finds not only that this behavior has happened increasingly often over the years but also that its most salient feature is violence a violence not random or precipitated by situational emotional rage but planned and aimed to achieve a theocratic society in Israel He shows how the political structure that accommodates the strong theocratic and secular pressures Israel faces is effectively a theocratic democracy allowing citizens with different worldviews to live under one umbrella of a nation state without tearing the social fabric apart *Criminology in Brief* Robert Heiner,2020-11-16 This book offers a short and accessible introduction to criminology Written in a clear and direct style criminological theories are made more accessible for undergraduates and the workings of the criminal justice system are explained Students will learn not only how the criminal justice system works but also how it does not work Beyond introducing students to the basics the book provides a persuasive argument that the criminal justice system we have in the United States comes nowhere close to our ideals for justice doing little good in terms of crime control while doing great harm to minorities and the poor Engaging and far ranging this text offers a condensed approach to the key themes and debates surrounding crime and justice and covers definitions and measurements of crime criminological theories crime typologies and contemporary issues in the criminal justice system It includes chapters on Criminological Methods and Data Biological Psychological and Classical Theories of Crime Sociological Theories of Crime Patterns of Crime The Police The Courts Corrections and the American Prison System Written by an experienced textbook author this book offers a critical approach to the subjects discussed and draws on topical examples such as Black Lives Matter the militarization of the police plea bargaining and the War on Drugs It is essential reading for Criminology courses within a Sociology Major and will also be of interest to Criminal Justice majors law students policymakers and informed citizens WESTECH 2018 Robbi Rahim,Ansari Saleh Ahmar,Rahmat Hidayat ,Janner Simarmata, We are delighted to introduce the proceedings of the first edition of Workshop Environmental Science Society and Technology This Workshop has brought researchers developers and practitioners around the world who are leveraging and developing of Environmental for Society and Technology for life We strongly believe that Workshop Environmental Science Society and Technology provides a good forum for all researcher developers and practitioners to discuss all science and technology aspects that are relevant to Digital Society We also expect

that the future Workshop will be as successful and stimulating as indicated by the contributions presented in this volume

Reconnecting the Church J. Timothy Kauffman, 2010-07-23 Reconnecting the Church is offered as a practical guide to assist pastors and laypeople in understanding the city engaging and serving the local community in which the church is located The book's purpose is to come along side the local church that wishes to reconnect to its local community and offer practical ways to accomplish that task There are 25 chapters each of which describes briefly an aspect of life in the city At the end of each chapter are practical action reflection projects These projects are designed to give the reader first hand experience of their church's immediate neighborhood They are specific tasks most of which will be done outside the church Each action is described and guidance is given for reflection after each project

Rethinking the Curriculum Orlando Nang Kwok Ho, 2018-12-13 This book is an interdisciplinary endeavour Encompassing education and basic research it discusses the modular curriculum embodied in The Epistle from educational historical sociolinguistic anthropological phenomenological and non sectarian perspectives It shows the cross boundary philosophical reasoning and pedagogic dimensions of St Paul as a great teacher and thinker from the Jewish and Christian faith In doing so this book refocuses academia's attention on the inevitable antimonic nature inherent in humans efforts to create systemic knowledge Knowledge about the inner aesthetic and volitional interpretative self the immanent psychic I and other philosophical aspects of the realm of the transcendental should be rescued from the deepening trends of secularity Being strong powerful productive and performative should not be taken as the indisputable and exclusive aim of education Science Technology Engineering and Mathematics STEM do not constitute a sufficient basis for building a better humanity Education via public curriculums ought to serve both the belly and the mind Deliberative curricular recalibrations with rationales for grace are thus needed for a better future for humanity This book is relevant for anyone with a core fascination about truths values epistemologies life spirituality and holistic human development It can also be used as a textbook or a reference in a number of fields including counselling psychology translation cultural studies and theology

Social Problems An Introduction To Critical Constructionism Book Review: Unveiling the Magic of Language
