## **Social Mind Language Ideology And Social Practice:**

The Social Mind James Paul Gee, 1992 Stepping beyond cognitive science's new theory of connectionism Gee formulates a dynamic social theory of mind and meaning With penetrating analyses he illustrates how such psychological entities as memories beliefs values and meanings are not formed in isolation but in a social or cultural context that is inherently ideological or political As he moves toward his conclusion showing what socio culturally situated linguistics would look like and points to some of the implications for human development education and society inherent in this view of linguistics Gee persuasively demonstrates how people often construct self deceptive stories that advantage themselves or their group In the first half of the book Gee lays the groundwork for the overall theory of language mind and society that is developed in the two concluding chapters He develops a concept of meaning as being rooted in cultural models introduces a connectionist view of the mind brain and argues that memory is a social phenomenon Then Gee sketches together a theory of mind and society and the nature of socio cultural based psychology He explicitly displays how language fits within social practices and exemplifies claims about the political and ideological nature of social practices This is a thought provoking contribution for courses dealing with discourse narrative social linguistics education social theory cognitive science social cognition and linguistics in anthropology
