The Solar Queen Andre Norton,2003-12-12 Sargasso of space Plague ship **All the Queen's Men 1: Sargasso of Space** Andre Norton,2022-03-23 Sure you can find cheap or free versions of classic science fiction novels on the Internet if you want to search like dog trying to dig out a groundhog but this Absolutely Amazing eBooks volume makes it simple to own a paper version for less than the cost of lunch at Applebee s Grab it and enjoy a splendid repast You ll love the sci fi tales of Andre Norton Baron Rupert McCafferty Seattle Book Journal This handy repackaging of the Solar Queen space opera novels by Science Fiction and Fantasy Writers of America grandmaster Andres Norton A K A Andrew North contains the first book in the series Sargasso of Space It recounts the adventures of Dane Thorson a lanky young Cargomaster Apprentice on the Solar Queen a battered tramp spaceship classified as a Free Trader Reporting to Cargomaster Van Rycke Dane is an enthusiastic yet still awkward space recruit out for the challenge of a lifetime as the crewmen bang about the universe like futuristic long haul truckers giving no second thought to danger With nearly two dozen new illustrations *Royal Fever* Cele C. Otnes,Pauline Maclaran,2015-10-19 No monarchy has proved more captivating than that of the British Royal Family Across the globe an estimated 2 4 billion people watched the wedding of Prince William and Catherine Middleton on television In contemporary global consumer culture why is the British monarchy still so compelling Rooted in fieldwork conducted from 2005 to 2014 this book explores how and why consumers around the world leverage a wide range of products services and experiences to satisfy their fascination with the British Royal Family brand It demonstrates the monarchy s power as a brand whose narrative has existed for more than a thousand years one that shapes consumer behavior and that retains its economic and cultural significance in the twenty first century The authors explore the myriad ways consumer culture and the Royal Family intersect across collectors commemorative objects fashion historic sites media products Royal brands and tourist experiences Taking a case study approach the book examines both producer and consumer perspectives Specific chapters illustrate how those responsible for orchestrating experiences related to the British monarchy engage the public by creating compelling consumer experiences Others reveal how and why people devote their time effort and money to Royal consumption from a woman who boasts a collection of over 10 000 pieces of British Royal Family trinkets to a retired American stockbroker who spends three months each year in England hunting for rare and expensive memorabilia Royal Fever highlights the important role the Royal Family continues to play in many people s lives and its ongoing contribution as a pillar of iconic British culture **Off the Beam and two more stories** George O. Smith,2022-07-15 Excerpt Thirty hours out of Mars for Terra the Solar Queen sped along her silent invisible course No longer was she completely severed from all connection with the planets of the inner system the trick cams that controlled the beams at Venus Equilateral kept the ship centered by sheer mathematics It was a poor communications system however since it was but a one way job Any message answering would have to be done thirty hours later when the ship made

planetfall and the regular terminal office of Interplanetary Communications could be employed In spite of her thirty hours at 2 G which brought her velocity to eleven hundred miles per second the beam director cams did their job well enough It was only in extreme cases of course changing to dodge meteors that the beams lost the ship since the cams were not clairvoyant there was no way to know when the autopilot juggled the controls to miss a bit of cosmic dust The cams continued to spear the space through which the ship was supposed to pass according to the course constants *Pagan Portals - Where Fairies Meet* Daniela Simina,2023-05-26 Traditions surrounding fairies are essentially a cross generational compass that helps young and old to orient themselves into the ever changing cultural landscape As such fairy traditions allow people to position themselves on the time space continuum not only through perpetuation of values but also through connecting deeper with the subtler realms that surround and interpenetrate consensus reality Connecting to subtler realms gives access to a body of knowledge built upon the record of interaction between our world and the Other In Ireland and Romania fairy traditions are alive and evolving The study of the parallelism that exists between bodies of lore past and present from areas diametrically opposed on the map of Europe gives scholars lay people and spiritual seekers access to an everlasting repository of wisdom
