

Ben was a 17 year old boy who loved video games. One day Ben was just playing some video games when suddenly darkness, when he woke up he was on the floor, as he got up he realised he wasn't at home, he felt a tickling sensation on the back of his neck and he also felt some weight on his chest as he looked down he saw 2 big breasts and some blonde hair by the side of his face, suddenly a TV from a different room was talking about the great shift where 70% of the population had switched bodies due to a body swap experiment where the machine exploded and leaked its radioactivity everywhere but only some are not affected. As Ben was walking over to the TV (in heels) he stepped in front of a mirror, he stopped and realised how hot he is and that he could have some fun with this new body tonight.
