## **Style And Variables In English:**

*Style and Variables in English* Timothy Shopen, Joseph M. Williams, 1981-01 *Style and Variables in English* Timothy Shopen, Standardizing Written English Amy J. Devitt, 2006-02-13 Professor Devitt offers a new view of the linguistic process of standardization the movement of specific language features towards uniformity Drawing on theoretical arguments and empirical data she examines the way in which linguistic conformity develops out of variation and the textual and social factors that influence this process After defining and clarifying the general theoretical issues involved the author takes as a specific case study the standardization of written English in Scotland in the sixteenth and seventeenth centuries and shows that standardization is a gradual process that it occurs at significantly different rates and times in different genres that it encompasses periods of great variation and that it occurs concurrently with sociopolitical shifts The interrelationship of linguistic features genres and social pressures shape the nature and direction of standardization

**Gender Differences in English Syntax** Britta Mondorf, 2011-07-11 What factors govern women's and men's use of syntactic alternatives This is the central issue explored in the present volume which provides the most comprehensive account so far of gender differences in syntax By drawing on the theoretical frameworks of functional grammar cf Givón 1984 1990 cognitive semantics and pragmatics the book is able to show that the underlying characteristic of syntactic constructions that are sensitive to gender lies in their ability to encode epistemic meaning Paying due attention to the closely intertwined relation between gender and a range of internal and external determinants the present volume shows how apparently contradictory results in previous research can be reconciled The internal and external factors investigated are semantic type position intonation pragmatic function style power surreptitiousness group composition The Labovian Vanguard of Change and Linguistic Conformity of Women Principles Labov 2001 are supplemented by an Epistemic Modality Principle stating that women are more prolific users of epistemic downtoners than men and a Turn Allocation Principle assessing that women use more completion signals than men in the negotiation of floor apportionment These principles are crucial in paving the ground for an explanation of gender differences in language This volume is essential reading for those interested in language and gender and in how functionalism can be brought to bear in illuminating language structure and use
