Subjetividad Y Cultura 10:

Subjetividad y cultura en la toma de decisiones empresariales Marcela A. Hernández Romo, 2003-01-01

Subjetividad Emma León, 1997 Sujetos y subjetividad en la construcción metodológica Hugo Zemelman El magma constitutivo de la historicidad Emma León Trabajo y mundo de vida Enrique de la Garza Toledo Subjetividades emergentes psiquismo y proyecto colectivo Lidia Fernández Hacia una sociedad del sujeto democracia y sociedad civil Carlos Guerra Rodríguez Medios de comunicación gobierno de la población y sujetos María del Carmen de la Peza C El espacio íntimo en la construcción intersubjetiva Medardo Tapia Uribe **Catálogo de revistas de arte y cultura, México** Consejo Nacional para la Cultura y las Artes (Mexico), 1999 **Movimientos sociales. Subjetividad y acción de los trabajadores desocupados en Argentina** Martín Retamozo, 2009 Un excelente estudio de la experiencia de los desocupados que elaboraron una demanda por trabajo y construyeron formas de organización y movilización social sin precedentes en América Latina A partir de entrevistas con los participantes de base la visita a las organizaciones y el registro de acciones de protesta se analiza la conformación de una subjetividad colectiva subalterna capaz de significar el desempleo como un daño o una injusticia y producir acciones que cuestionan un orden de dominación **Sustainable Development Research and Practice in Mexico and Selected Latin American Countries** Walter Leal Filho, Ricardo Noyola-Cherpitel, Pedro Medellín-Milán, Valeria Ruiz Vargas, 2017-11-27 This book provides an essential overview of sustainable development research in Mexico It discusses the empirical research methods and findings as well as practical initiatives and projects being pursued in Mexico and other countries in the region Although a number of Mexican universities are now conducting high quality research on matters related to sustainable development there are few publications that offer a multidisciplinary overview of research efforts for a broader audience This book addresses that gap in the literature providing researchers at Mexican universities including those from other countries working in Mexico with an opportunity to present their work i e curriculum innovations empirical work activities case studies and practical projects As such it fosters the exchange of information ideas and experiences successful initiatives and best practices **Salud mental y malestar subjetivo** Ana María Chávez Hernández, Luis Fernando Macías García, Alejandro Klein, 2012 **Subjetividad radical y comprensión afectiva** Ángel Xolocotzi Yáñez, 2007 **subjectividad y cultura** , *Sujetos y subjetividades* Oriana Bernasconi, Carla Fardella, Sebastián Rojas Navarro (editores), 2022-01-01 Durante su transcurso las ciencias sociales se han visto cautivadas una y otra vez por la pregunta acerca del sujeto y la subjetividad Ya sea que esta fascinación fuera motivada por un afán de comprensión de diferenciación de liberación o de intervención diversas autoras y autores se han detenido en la pregunta por el sujeto y los efectos que sus diversas composiciones provocan en la vida social De variados movimientos intelectuales y sociales hemos aprendido que el ser humano no es neutral Creerlo neutral y universal es de hecho lo que ha limitado su problematización Los mundos tecnocientíficos pero también vergonzosamente desiguales y distópicos que vivimos nos

demandan terminar con ese inmovilismo disfrazado de neutralidad **Transformaciones del trabajo, subjetividad e identidades: lecturas psicosociales desde Chile y América Latina** Antonio Stecher, Lorena Godoy, 2024-10-01 Centrándose en la realidad de Chile y América Latina el libro presenta un análisis sobre las dimensiones subjetivas del nuevo capitalismo y de las consecuencias a nivel psicosocial y sociolaboral en las mutaciones del trabajo y la realidad de quienes están presentes en dicho contexto dando énfasis en la diversidad de aristas que se han presentando en los diversos ambientes laborales de la región. Es así como el lector podrá reflexionar a través de 15 ensayos de investigadores y representantes de las Ciencias Sociales sobre estas problemáticas y cómo se han adaptado o modificado a la luz de los procesos de modernización y reestructuración productiva ocurridos en las últimas décadas en los países de Latinoamérica. **Los límites de la mirada : entre subjetividad y operación artística** Ingrid Fugellie Gezan, 2023-04-04 El conjunto de textos que integra este libro no pretende excluir otras reflexiones interpretaciones sobre los temas que aborda. Se trata de ensayos abiertos verdaderos detonantes para la acción refleja y dialéctica en tiempos aciagos y a través de espacios invisibles al saber común. En este sentido los escritores poseen un carácter provisional al representar un momento situado en el devenir de las ideas sobre cultura visual en general y de manera específica sobre manifestaciones particulares surgidas en el campo de las artes visuales. Este trabajo constituye el resultado de un extenso desplazamiento por territorios de una subjetividad que pretende sintonizar con el origen intuitivo e intangible de la creación dejando un espacio inviolable a los efectos que los medios materiales ejercen sobre procesos y resultados de la acción transformadora. Intuición teoría y contexto histórico en este sentido contribuyen a formalizar la tarea de hacer escritura de retazos de voces apenas perceptibles surgidas de un lenguaje que no dice como lo hacen las palabras que habla sin hacer uso del sonido y que generalmente lo muestra de una manera cambiante sutil y al parecer secreta. Un ejercicio de traducción acotada a los vaivenes epocales situado en los márgenes de un producto ajeno unas circunstancias lejanas y un estado de consciencia transitando entre la lucidez de la razón los dictados del conocimiento teórico acumulado y los espacios intangibles de la imaginación creadora. **Construcción De La Subjetividad , Voces indígenas en foros internacionales** Marcos Matías Alonso, 1999-01-01 Catálogo general de publicaciones periódicas mexicanas ,1998 **Marxism and Psychoanalysis** David Pavón-Cuellar, 2016-12-19 The methods developed by Freud and Marx have enabled a range of scholars to critically reflect upon the ideological underpinnings of modern and now postmodern or hypermodern western societies. In this intriguing book the discipline of psychology itself is screened through the twin dynamics of Marxism and psychoanalysis. David Pavón Cuellar asks to what extent the terms concerns and goals of psychology reflect in fact the dominant bourgeois ideology that has allowed it to flourish. The book charts a gradual psychologization within society and culture dating from the nineteenth century and examines how the tacit ideals within mainstream psychology creating good citizens or productive workers sit uneasily against Marx and Freud's ambitions of revealing fault lines and contradictions within individualist and consumer oriented structures. The positivist aspiration of

psychology to become a natural science has been the source of extensive debate critical voices asserting the social and cultural contexts through which the human mind and behaviour should be understood This challenging new book provides another voice that in addressing two of the most influential intellectual traditions of the past 150 years widens the debate still further to examine the foundations of psychology Mares y puertos Georgina María Esther Aguirre Lora,2005-01-01 Las siete travesas que constituyen este volumen representan el modo personal visión retrospectiva y prospectiva en que María Esther Aguirre se sitúa frente a algunos de los problemas y cuestionamientos que implica para toda la labor educativa la transformación secularizadora que ha teniendo lugar en Occidente desde hace varios siglos con el paso de la vida pública y las principales tareas humanas de una visión sacralizante a una laica separada de la religión paralela a un entorno que los ritmos del trabajo y del ocio del conocimiento y de la historia se han acelerado hasta la evanescencia Transformación social, memoria colectiva y cultura(s) popular(es),2000 Este libro reúne una serie de trabajos que surgen del intercambio compartido entre los equipos de investigación de PIRKA el Programa de Estudios sobre Acción Colectiva y Conflicto Social CIECS UE CONICET UNC y el Seminario de Cultura Popular y Cultura Masiva ECI UNC Las miradas que aquí confluyen en su diversidad en sus convergencias y divergencias buscan problematizar los rdenes espaciales y temporales que colonizan la memoria y las estéticas en las culturas populares De su lectura emerge como necesario volver a pensar la memoria y lo popular en un marco refundacional de los Estados Nación y de las ciudades que vuelven a funcionalizar la nueva arremetida del Capital Global sobre los territorios de la miseria sobre los circuitos de la comunicación social sobre los desiertos conquistados y producidos vacantes para la lógica moderna del intercambio y sobre los recursos mineros en los bordes de la circulación vial y la representación simbólica nacional De ese modo es posible potenciar interpretaciones de las fuerzas colectivas que siguen empujando hacia el cambio social *Lives And Relationships* Yasuhiro Omi,Lilian Patricia Rodriguez,María Claudia Peralta-Gómez,2013-12-01 This book brings to cultural psychology the focus on phenomenology of everyday life Whether it is in the context of education work or exploration of life environments the chapters in this book converge on the need to give attention to complex realities of everyday living Thus a description of pre school organization in Japan would be in its form very different from school organization in Britain or Colombia yet the realities of human beings acting in social roles are continuous around the world Em torno da imagem e da memória Elcio Loureiro Cornelsen,Elisa Amorim Vieira,Gonzalo Leiva Quijada,2016-03-13 Os diversos ensaios que compõem o presente volume Em torno da imagem e da memória organizado por Elcio Cornelsen Elisa Amorim e Gonzalo Leiva Quijada transitam entre diversas expressões artísticas como a pintura o cinema a literatura o desenho a colagem e sobretudo a fotografia seja enquanto retrato registro documental ou enquanto refotografia fotopintura fotografia pós morte e pictorialismo Assim nos textos que procuram estabelecer relações entre imagem e memória na arte contemporânea o que se observa predominantemente o caráter híbrido da imagem apresentada pelos artistas o seu caráter intermediário que se configura na fronteira entre as diversas linguagens J

nos ensaios que se voltam para as imagens de eventos traumáticos ou que se voltam para a busca do que resta do passado no presente evidencia-se o caráter de resistência da arte: resistência contra o horror, contra o trauma, contra a ausência e sobretudo resistência política do esquecimento. Assim, este livro apresenta ao leitor o olhar múltiplo e instigante de diversos pesquisadores, artistas e escritores em diálogo com alguns dos pensadores e filósofos indispensáveis para que se reflita o presente e para que se possa vislumbrar os rastros do passado que sobrevivem e insistem nos tempos atuais. **Salud**

Mental y el sistema de producción Baez, Jairo, Porras Velasquez, Nestor Raul, Fernández Jaimes, Carol, Gonzalez Jimenez, Angelica Maria, Gallo Acosta, Jairo Enrique, Roa, Heimy Carolina, 2016-04-14. Apoyados en el psicoanálisis se aborda el interrogante de cómo se ha configurado el discurso de la salud mental en un sistema de producción que determina las políticas, los objetivos y las prácticas. Ser saludable mentalmente corresponde a las prácticas que son evaluadas por su efectividad y respuesta a este sistema. Con ello se patentan las escisiones entre prácticas e ideales de inclusión y la realidad social.

Subjetividad Y Cultura 10: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoovers "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
