Sublime Mutations Photographs By Del Lagrace Volcano:

Sublime Mutations Del Lagrace Volcano, 2000 Del LaGrace Volcano broke onto the forefront of the queer avantgarde scene with the publication of *Love Bites* Now he goes one step further with *Sublime Mutations* a unique and groundbreaking collection of work exploring new territory in the aesthetics of transgender studies and providing a crucial addition to the scant material available *The Transgender Studies Reader* Susan Stryker, Stephen Whittle, 2013-10-18 Transgender studies is the latest area of academic inquiry to grow out of the exciting nexus of queer theory feminist studies and the history of sexuality Because transpeople challenge our most fundamental assumptions about the relationship between bodies desire and identity the field is both fascinating and contentious *The Transgender Studies Reader* puts between two covers fifty influential texts with new introductions by the editors that taken together document the evolution of transgender studies in the English speaking world By bringing together the voices and experience of transgender individuals doctors psychologists and academically based theorists this volume will be a foundational text for the transgender community transgender studies and related queer theory *Transgender Experience* Chantal Zabus, David Coad, 2013-11-26 This collection by trans and non trans academics and artists from the United States the UK and continental Europe examines how transgenderism can be conceptualized in a literary biographical and autobiographical framework with emphasis on place ethnicity and visibility The volume covers the 1950s to the present day and examines autobiographical accounts and films featuring gender transition Chapters focus on various stages of transitioning Interviews with trans people are also provided *Transgender and Intersex: Theoretical, Practical, and Artistic Perspectives* Stefan Horlacher, 2016-11-09 This book takes both transgender and intersex positions into account and asks about commonalities and strategic alliances in terms of knowledge theory philosophy art and life experience It strikes a balance between works on literature film photography sports law and general theory bringing together humanistic and social science approaches Horlacher adopts a non hierarchical perspective and asks how transgender and intersex issues are conceptualized from a variety of different viewpoints and to what extent artistic and creative discourses offer their own uniquely relevant forms of knowledge and expression **The Cyborg Experiments** Joanna Zylińska, 2002-06-13 *The Cyborg Experiments* analyzes the challenges posed to corporeality by technology Taking as their starting point the work of the highly influential performance artists Orlan and Stelarc the essays in this timely and important collection raise a number of questions in relation to new conceptions of embodiment identity and otherness in the age of new technologies Has the body become obsolete Does transgender challenge traditional ideas of agency Have we always been cyborgs In addition to highlighting the playful character of digital aesthetics the contributors investigate ethical issues concerning the ownership of our bodies and the experiments we perform on them In this way the book explores how humanism and ideas of the human have been placed under increasing scrutiny as a result of new developments in science media and communications Contributors John Appleby Rachel Armstrong Fred Botting Julie Clarke Gary Hall Chris Hables

Gray Meredith Jones Orlan Mark Poster Jay Prosser E A Scheer Zod Sofia Stelarc Scott Wilson Joanna Zylinska **Sons of the Movement** Jean Bobby Noble, 2006 *Sons of the Movement* documents the female to male FtM transition process from an insider's point of view and details the limitations of both surgical procedures and pronouns Bobby Noble challenges both the expectations of masculinity and white masculinity As a result this text is equally invested in creating both gender trouble and race trouble calling for a new provocative analysis of the field of gender studies This is an accessible treatise arguing that the relation among FtM transsexual masculinity female masculinity and feminism is an underexplored site of politics in the field While FtM transsexuals have been viewed with some suspicion within feminist and lesbian circles *Sons of the Movement* argues that since FtMs have the potential to offer a unique vantage point on both feminism and masculinity FtM masculinity instead should be rearticulated as an alterantive and pro feminist embodiment of non phallic masculinity *New Feminism* Marina Gržinić, Rosa Reitsamer, 2008 Imagining Masculinities Katarzyna Kosmala, 2023-04-14 This book examines the intersections between debates in critical studies of men and masculinities and debates on visual representation investigating representations of men and masculinities in contemporary culture and examples of visual art that deconstruct those representations It attends to various spaces associated with heteronormativity including the visible domains of working life leisure and public discourses as well as less visible domains such as private spaces lifestyle desire and sexual agency

Obscene Gestures Patrick Lawrence, 2022-06-07 Drawing on sources as diverse as Supreme Court decisions nightclub comedy congressional records and cultural theory *Obscene Gestures* explores the many contradictory vectors of twentieth century moralist controversies surrounding literary and artistic works from Henry Miller's *Tropic of Cancer* to those of Toni Morrison Alice Walker Kathy Acker Robert Mapplethorpe 2 Live Crew Tony Kushner and others Patrick S Lawrence dives into notorious obscenity debates to reconsider the divergent afterlives of artworks that were challenged or banned over their taboo sexual content to reveal how these controversies affected their critical reception and commercial success in ways that were often determined at least in part by racial gender or sexual stereotypes and pernicious ethnographic reading practices Starting with early postwar touchstone cases and continuing through the civil rights feminist and LGBTQ movements Lawrence demonstrates on one level that breaking sexual taboos in literary and cultural works often comes with cultural cachet and increased sales At the same time these benefits are distributed unequally leading to the persistence of exclusive hierarchies and inequalities *Obscene Gestures* takes its bearings from recent studies of the role of obscenity in literary history and canon formation during the late nineteenth and early twentieth centuries extending their insights into the postwar period when broad legal latitude for obscenity was established but when charges of obscenity still carried immense symbolic and political weight Moreover the rise of social justice movements around this time provides necessary context for understanding the application of legal precedents changes in the publishing industry and the diversification of the canon of American letters *Obscene Gestures* therefore advances the study of obscenity to include recent developments in the

understanding of race gender and sexuality while refining our understanding of late twentieth century American literature and political culture **Trans** Jack Halberstam, 2018-01-24 This title is part of American Studies Now and available as an e book first Visit ucpress.edu/go/americanstudiesnow to learn more In the last decade public discussions of transgender issues have increased exponentially However with this increased visibility has come not just power but regulation both in favor of and against trans people What was once regarded as an unusual or even unfortunate disorder has become an accepted articulation of gendered embodiment as well as a new site for political activism and political recognition What happened in the last few decades to prompt such an extensive rethinking of our understanding of gendered embodiment How did a stigmatized identity become so central to U S and European articulations of self And how have people responded to the new definitions and understanding of sex and the gendered body In *Trans* Jack Halberstam explores these recent shifts in the meaning of the gendered body and representation and explores the possibilities of a nongendered gender optional or gender queer future **The British Journal of Photography**, 1999 **Somaesthetics of Discomfort: Addressing Identity, Normativity, and Alienation** M.D. Tschaepé, 2024-12-02 This book is about bodies and discomfort Specifically it is about how to recognize discomfort as a motivating source for critical reflection This book is about how people project their discomfort onto others in harmful ways that alienate and it is also about how those who are alienated may use their discomfort to fight against those harms Based in work from pragmatist feminist antiracist queer and disability studies and informed by lessons from personal narratives and philosophical analysis this book develops somaesthetics of discomfort as it examines interrogates and addresses issues concerning identity normativity and alienation *Queer as ... - Kritische Heteronormativitätsforschung aus interdisziplinärer Perspektive* Barbara Paul, Lüder Tietz, 2016-08-15 Queer Studies erforschen vielfältige Identitäten jenseits heteronormativer Diskurse und plädieren zugleich für eine grundsätzliche Identitätskritik bei der der Fokus auf den machtpolitisch wichtigen Kategorien der Geschlechter und Sexualitäten liegt Dieser Sammelband lotet das Verhältnis von queerem Alltagswissen und queeren Alltagspraktiken sowie akademischem Wissen neu aus und verzahnt die Analyse der Produktion Distribution und Konsumption von solchem Wissen miteinander Die Beiträge gehen den Ungleichheiten queerer Politiken aus verschiedenen disziplinen und intertransdisziplinären Blickwinkeln sowie individuellen Selbstverortungen nach **Von Fröschen, Einhörnern und Schmetterlingen** Josch Hoenes, Robin Bauer, Adrian de Silva, Utan Schirmer, Karen (Ren) Fiss, J. Noah Munier, Kea Wienand, Tamás Jules Fütty, 2023-10-16 Der Kunst und Kulturwissenschaftler und trans Aktivist Josch Hoenes 1972 2019 hat mit seinen Arbeiten an den Schnittstellen von Wissenschaft Kunst Subkultur und Politik das noch im Entstehen begriffene Feld der Transgender Studies im deutschsprachigen Raum in den 2000er und 2010er Jahren maßgeblich mitgeprägt Sein besonderes Interesse galt der Frage nach dem Potenzial kultureller künstlerischer Arbeiten in hegemoniale Repräsentationen und Wissensweisen von Geschlecht zu intervenieren und vielfältige trans geschlechtliche Seinsweisen denk- und lebbarer werden zu lassen Mit der Wiederver

Transgeschlechtlichkeit und Visualität Robin K. Saalfeld, 2020-02-03 Transgeschlechtliche Menschen werden vermehrt auch in populären Medien dargestellt und repräsentiert Nicht selten ist diese mediale Sichtbarkeit von Trans jedoch geprägt von Voyeurismus und Sensationsgier Robin K Saalfeld geht daher der Frage nach wie Transgeschlechtlichkeit visuell konstruiert wird Dabei nimmt er nicht nur populäre Erzeugnisse wie Spielfilme in den Blick sondern untersucht auch medizinische und aktivistische Sichtbarkeitspraktiken Aus der Perspektive einer visuellen Soziologie kann er somit reflektieren inwiefern es gerade der Konnex von Geschlecht und Körper ist der die Visualität des Phänomens strukturiert

Héroes Caidos, 2002 La exposición gira en torno a la representación del género de lo masculino y lo femenino y su posterior conceptualización como medio de expresión en el arte contemporáneo poniendo en duda el arquetipo de la masculinidad como valor eterno El tema se trata enlazado con problemáticas como las de la simulación la violencia o los mecanismos de la marginación
