The Royal Navy and the Capital Ship in the Interwar Period Joseph Moretz,2012-12-06 Joseph Moretz s innovative work focuses on what battleships actually did in the inter war years and what its designed war role in fact was In doing so the book tells us much about British naval policy and planning of the time Drawing heavily on official Admiralty records and private papers of leading officers the author examines the navy s operational experience and the evolution of its tactical doctrine during the interwar period He argues that operational experience combined with

assumptions about the nature of a future naval war were more important in keeping the battleship afloat than conservatism in Navy *Capital Ships at War, 1939-1945* John Grehan,Martin Mace,2014-04-30 Dispatches in this volume include those relating to the sinking of the German battleship Graf Spee in the Battle of the River Plate in 1939 the loss of the battleships HMS Prince of Wales and HMS Repulse in the Far East the sinking of the German battle cruiser Scharnhorst in 1943 the attack on Tirpitz by midget submarines the contribution by British Pacific Fleet to the assault on Okinawa in 1945 which included four Royal Navy battleships and the sinking of Bismarck in 1941 This unique collection of original documents will prove to be an invaluable resource for historians students and all those interested in what was one of the most significant periods in British military history **Congressional Record** United States.
