Why Some Succeed While Others Fail Harry A. Lewis, 2015-06-01 Some succeed while others fail This is a recognized fact yet history tells us that seven tenths of our most successful men began life poor As our title indicates we shall endeavor to show why some succeed while others fail Knowing that everybody desires success and recognizing the old adage Example is the best of teachers we have selected representative characters from the multitude of successful men who have climbed the ladder of success beginning at the bottom round These we have followed from childhood to manhood dwelling at length on the traits of character that have made them so rich and successful believing that a careful study will convince all that the proverbial luck had little to do with it On the contrary one is taught those lessons of self helpfulness and self reliance which are so essential to success in life s struggles It is fearful to think how many of our young people are drifting without an aim in life and do not comprehend that they owe mankind their best efforts We are all familiar with the parable of the slothful servant who buried his talent all may profit by his example To those who would succeed we respectfully present this volume

Lewis,O. S. Marden,2023-02-08 Two ways are open before you in life One points to degradation and want the other to usefulness and wealth In the old Grecian races one only by any possible means could gain the prize but in the momentous race of human life there is no limiting of the prize to one No one is debarred from competing all may succeed provided the right methods are followed Life is not a lottery Its prizes are not distributed by chance There can hardly be a greater folly not to say presumption than that of so many young men and women who on setting out in life conclude that it is no use to mark out for themselves a course and then set themselves with strenuous effort to attain some worthy end who conclude therefore to commit themselves blindly to the current of circumstances Is it anything surprising that those who aim at nothing accomplish nothing in life No better result could reasonably be expected Twenty clerks in a store twenty apprentices in a ship yard twenty young men in a city or village all want to get on in the world most of them expect to succeed One of the clerks will become a partner and make a fortune one of the young men will find his calling and succeed But what of the other nineteen They will fail and miserably fail some of them They expect to succeed but they aim at nothing content to live for the day only consequently little effort is put forth and they reap a reward accordingly ABOUT THE AUTHORS Harry A Lewis entered Harvard College in 1964 and discovered his passion for computer programming during a part time job in a Harvard psychology laboratory He graduated summa cum laude in Applied Mathematics in 1968 Lewis served as a commissioned officer of the US Public Health Service during the Vietnam War worked on image processing and systems programming and later earned his PhD in Applied Mathematics He became a Gordon McKay Professor of Computer Science at Harvard and authored books on computer science and higher education Lewis also served as Dean of Harvard College from 1995 to 2003 Orison Swett Marden 1848 1924 was an American inspirational author who wrote about achieving success in life and founded SUCCESS magazine in 1897 His writings discuss common sense principles and virtues that contribute to a well rounded successful life Many of his ideas are based on New Thought philosophy His first book Pushing to the Front 1894 became an instant best seller Marden went on to publish fifty or more books and booklets averaging two titles per year *Why Some Firms Thrive While Others Fail* Thomas H.
