Politics Meryl Kenny, Elin  
Bjarnegård, Professor of Political  
Science Elin Bjarnegård**

## **Successful Parties:**

Parties, Partisanship and Political Theory Matteo Bonotti, Veit Bader, 2016-04-14 Political parties have only recently become a subject of investigation in normative political theory. Parties have traditionally been studied by political scientists in their organizational features and in relation to the analysis of related topics such as party systems and electoral systems. Little attention however was paid until recently to the normative assumptions that underlie partisanship and party politics. Are parties desirable for democratic politics? How should liberal democracies deal with extremist and/or anti-democratic parties? Do religious parties undermine the secular distinction between religion and politics and is that bad for liberal democracies? These are only some of the many questions that political theorists had left unanswered for a long time. The papers in this collection aim to provide a twofold contribution to the normative analysis of partisanship. On the one hand they aim to offer a first much needed state of the art of the existing research in this area. Many of the contributors have already done extensive research on partisanship and their pieces partly reflect their research expertise and individual approaches to this topic. On the other hand all pieces move beyond the authors' existing work and represent significant additions to the normative literature on partisanship thus setting the standards for future research in this area. This book was published as a special issue of *Critical Review of International Social and Political Philosophy*. **How Parties Win** Sean D.

McGraw, 2015-03-10 Studies Irish party politics chiefly from the 1970s onward within a comparative framework

*Challenges of Party-Building in Latin America* Steven Levitsky, James Loxton, Brandon Van Dyck, Jorge I. Domínguez, 2016-10-13 This book presents a new and conflict centered theory of successful party building drawing on diverse cases from across Latin America. Gendering Party Politics Meryl Kenny, Professor of Gender and Politics Meryl Kenny, Elin Bjarnegård, Professor of Political Science Elin Bjarnegård, 2025-10-29 *Gendering Party Politics* examines the relationship between gender institutions and political parties through a feminist institutionalist lens advancing new theoretical, methodological and empirical directions for party politics scholarship. Contributors synthesize two decades of research, introduce foundational concepts and frameworks, present innovative methods and global empirical cases and evaluate whether and how parties can be changed to promote gender equality. Together these contributions highlight the wide ranging relevance of feminist institutionalist perspectives for research on political parties, democracy and representation. *The European Union and the Rise of Regionalist Parties* Seth Kincaid Jolly, 2015-08-27 Using a cross national quantitative study and a detailed case study of the pro independence Scottish National Party, demonstrates that supranational integration and subnational fragmentation are related in theoretical and predictable ways. Posits that the EU makes smaller states more viable and politically attractive by diminishing the relative economic and political advantages of larger sized states.

*Promoting Party Politics in Emerging Democracies* Peter Burnell, Andre Gerrits, 2013-09-13 This book offers a critical and comparative examination of international support to political parties and party systems in emerging and prospective new

democracies in several world regions It combines the insights of a strong international grouping of leading academics and pioneering doctoral studies and draws on extensive new field work inquiries The wide ranging coverage pools evidence from countries in Europe and Eurasia Africa East Asia and Central America The book shows how far international support still has to go if it is to achieve its aims of helping party politics make a constructive contribution to furthering democracy It advances our understanding both of the role the political parties are playing in the different polities and the sometimes negative impact of democracy promotion actors from outside By contributing original theoretical perspectives and empirical findings the book points the way forward to agendas for future research and new courses of action It will be of interest to academics and the policy making and practitioner communities alike This book was published as a special issue of *Democratizations*

**Beyond Party Members** Susan E. Scarrow, 2015 This book offers a broad overview of an important and ongoing transformation in relations between political parties and their closest supporters It focuses on established parliamentary democracies showing how the changing nature of party membership is affecting how political parties define themselves and the choices presented to voters *The Populist Radical Right* Cas Mudde, 2016-10-04 The populist radical right is one of the most studied political phenomena in the social sciences counting hundreds of books and thousands of articles This is the first reader to bring together the most seminal articles and book chapters on the contemporary populist radical right in western democracies It has a broad regional and topical focus and includes work that has made an original theoretical contribution to the field which make them less time specific The reader is organized in six thematic sections 1 ideology and issues 2 parties organizations and subcultures 3 leaders members and voters 4 causes 5 consequences and 6 responses Each section features a short introduction by the editor which introduces and ties together the selected pieces and provides discussion questions and suggestions for further readings The reader is ended with a conclusion in which the editor reflects on the future of the populist radical right in light of more recent political developments most notably the Greek economic crisis and the refugee crisis and suggest avenues for future research Party People Allan Sikk, Philipp Köker, 2023 This book presents a candidate based approach to party evolution conceptualizing candidates as party genes that ultimately decide what a party does and what it stands for It draws on extensive new data from Central and Eastern Europe and beyond to show that candidate change is linked to changes in party organization programmes and leadership *Party Organization and Electoral Success of New Anti-establishment Parties* Tomáš Cířhan, 2023-08-14 This book examines the new anti establishment parties electorally succeeding at the expense of their established counterparts and argues that party organization matters for their electoral success It explores a relationship between these parties electoral success and their party organization Using a framework to explain the role of organizational features such as local party branches party membership and party elites in this process it reveals how they help parties to be more stable cohesive and legitimate a state that facilitates better conditions for electoral success It also shows that control over party organization is achieved partially by the existence of a

corporate network associated with party leaders businesses This book will be of key interest to scholars and students of party politics and political parties anti establishment politics and Eastern European politics Party Transformations in European Democracies André Krouwel,2012-12-01 Political parties regularly change and adapt in response to ever changing circumstances Until now these changes have frequently prompted both scholars and the media to suggest a whole new type of political party and over time the number of models and types has proliferated to the point of confusion contradiction and a loss of explanatory power In this sophisticated yet accessible study Andr Krouwel rejects this m lange of models as inadequate He utilizes a wide range of data sources to analyze the ideological organizational and electoral change undergone by more than one hundred European parties in fifteen different countries from Scandinavia to the Iberian Peninsula between 1945 and 2010 The result is one of the most comprehensive empirically grounded studies to date of the genesis development and transformation of political parties in advanced democratic states **(Un)intended Consequences of EU**

**Parliamentary Elections** Wouter van der Brug,Claes H. de Vreese,2016-01-21 When direct elections for the European Parliament were first organized in 1979 the idea was that such direct elections would increase the democratic legitimacy and accountability of the Parliament Moreover the elections were expected to raise public interest engagement and support for the European project Did these elections help to increase legitimacy and accountability Did they increase interest in and support for the European project Or did these elections have unintended and perhaps undesirable consequences This volume focuses on the consequences of European elections for public debate and involvement for party systems and for public opinion EP elections have caused a number of intended consequences the salience of the elections in the media has gone up and over time electoral competition becomes more important engaging in the campaign can help improve EU evaluations and Europe as a topic has become more important for voting at EP elections boosting the prevalence of so called EU voting A number of intended consequences have not materialized during the life of the EP so far knowledge or turnout levels have not gone up and citizens have not become better at judging what political parties are offering The EP elections have however also yielded a number of unintended consequences EP elections dampen turnout for first time voters in subsequent elections EP elections cause temporary decline in EU support and the elections have become a strategic arena for political parties to position themselves on EU issues and for new movements and parties to boost or sustain their success *Monthly Labor Review* ,1966 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews How to Start a Home-Based Children's Birthday Party Business Amy Jean Peters,2008-12-30 From a 250 000 f te for a seven year old Florida girl complete with helicopter rides to 100 000 first birthday parties as reported in the New York Times this is rapidly becoming the gilded age of children s birthday parties The cost of these events now averages between 200 and 400 fueled by pressure to keep up with the Joneses Couple this surge in interest with the fact that births in the United States have exceeded 4 million each year since 2000 and you have a waiting and growing market

Planning such events has become a profession in itself More and more parents are turning to event consultants to plan their children s celebrations If you ve dreamed of your own home business planned parties for your own children and want to put your creative ideas to work this book is for you Packed with organizing tips guidelines checklists and more How to Start a Home Based Children s Birthday Party Business will help you hit the ground running

**Radical Right-Wing Populist Parties in Western Europe** Tjitske Akkerman,Sarah de Lange,Matthijs Rooduijn,2016-05-18 Radical right wing populist parties such as Geert Wilders Party for Freedom Marine Le Pen s National Front or Nigel Farage s UKIP are becoming increasingly influential in Western European democracies Their electoral support is growing their impact on policy making is substantial and in recent years several radical right wing populist parties have assumed office or supported minority governments Are these developments the cause and or consequence of the mainstreaming of radical right wing populist parties Have radical right wing populist parties expanded their issue profiles moderated their policy positions toned down their anti establishment rhetoric and shed their extreme right reputations to attract more voters and or become coalition partners This timely book answers these questions on the basis of both comparative research and a wide range of case studies covering Austria Belgium Denmark Finland France the Netherlands Norway Switzerland and the United Kingdom Analysing the extent to which radical right wing populist parties have become part of mainstream politics as well as the factors and conditions which facilitate this trend this book is essential reading for students and scholars working in European politics in addition to anyone interested in party politics and current affairs more generally

**Guide to U.S. Political Parties** Marjorie R. Hershey,2014-04-01 This one volume reference presents the major conceptual approaches to the study of U S political parties and the national party system describing the organization and behavior of U S political parties in thematic narrative chapters that help undergraduate students better understand party origins historical development and current operations Further it provides researchers with in depth analysis of important subtopics and connections to other aspects of politics Key Features Thematic narrative chapters organized into six major parts provide the context as well as in depth analysis of the unique system of party politics in the United States Top analysts of party politics provide insightful chapters that explore how and why the U S parties have changed over time including major organizational transformations by the parties behavioral changes among candidates and party activists and attitudinal changes among their partisans in the electorate The authors discuss the way the traditional concept of formal party organizations gave way over time to a candidate centered model fueled in part by changes in campaign finance the rise of new communication technologies and fragmentation of the electorate This book is an ideal reference for students and researchers who want to develop a deeper understanding of the current challenges faced by citizens of republican government in the United States

**German Constitutional Law** Christian Bumke,Andreas Voßkuhle,2019-02-06 This revised and fully up to date English translation of the 7th edition of the Casebook Verfassungsrecht includes a new outline of the German constitution the BVerfG Court and its

jurisprudence It condenses more than six decades of constitutional jurisprudence in order to familiarize readers with the style technique and language of the Court As well as an analysis of the general principles of German constitutional law the book covers the salient articles of the German Constitution and offers relevant extracts of the Court s most important decisions on the provisions of the Basic Law It provides notes and discussions of landmark cases to illustrate their legal and historical context and give the reader a clear understanding of the principles governing German constitutional law The book covers the fundamental rights catalogue of the Basic Law and offers a comprehensive account of its intellectual moorings It includes landmark jurisprudence on the equal treatment of same sex couples life imprisonment the legal structure of property the right to assembly and the right to informational self presentation The book also covers the provisions and respective case law governing the state structure of Germany for instance the recent decisions on the prohibition of the far right German nationalist party and the Court s jurisprudence on European integration including the most recent decisions on the OMT program of the European Central Bank

**Introduction to Switzerland** Gilad James, PhD, Switzerland is a small landlocked country located in the heart of Europe It is famous for its soaring mountains sparkling lakes and picturesque villages It is one of the wealthiest countries in the world with a highly developed economy and a high standard of living Switzerland is a diverse country with four official languages German French Italian and Romansh It is home to over eight million people many of whom live in major cities such as Zurich Geneva and Bern Despite its small size Switzerland has a vibrant culture that celebrates its unique history and traditions It is known for its world renowned chocolates cheeses and watches as well as for its stunning alpine landscapes Whether you are interested in outdoor adventures or cultural experiences Switzerland has something to offer every traveler

**The Regulation of Post-Communist Party Politics** Fernando Casal Bértoa, Ingrid van Biezen, 2017-11-06 The question of how political parties are and ought to be regulated has assumed an increased importance in recent years both within the scholarly community and among policy makers and politicians as the state assumes an increasingly active role in the management of and control over their behaviour and organisation This book concentrates on the regulation of political parties in the EU post communist democracies and on Bulgaria Croatia the Czech Republic Estonia Hungary Latvia Lithuania Poland Slovakia Slovenia and Romania in particular In analysing the various dimensions of party regulation it builds on the main premises derived from the neo institutionalist literature in political science concerning the ways in which the formal and informal rules and procedures may influence constrain or determine the behaviour of political actors In doing so it provides a comprehensive overview of the regulation of Eastern European political parties provided by leading experts in the field and casts theoretical and empirical light on the manner in which the constitutional and legal regulation of party organizations and finances have had an impact or not on the consolidation of party politics in post communist Europe since 1989 This text will be of key interest to scholars and students of Political Parties and Behaviour East European and Post Communist Politics and Comparative Politics

Party Systems and Cleavage

Structures in Southern Africa Jürgen Langhanns, 2014-04-29 For the interaction of society and political parties within the electoral system in southern Africa it is necessary to systematically investigate the social structures cleavage analysis and measure the success or failure of political parties against the backdrop of the election programmes manifesto research The focus of this research is the six polyarchies of Botswana Malawi Mozambique Namibia Zambia and South Africa In countries with the voting system of proportional representation neither coalition governments nor alternative government parties have ruled since 1990 In countries with a majoritarian voting system either coalitions have formed a government or one party has remained unchallenged for decades The research results show that the previous electoral outcomes are the reflection of the cleavage structure and there are indicators in the societies examined that can meet the theoretical expectations of democratic societies in the future In part I the theoretical framework for the cleavage analysis and party analysis is established which applies for the six case studies of part II The societies are examined in terms of eight cleavages their extension and their political relevance The cleavages are related to the settlement area the occupation the income distribution the religion the ethnicity race the language heritage the educational level and citizenship the proportion of foreigners In the context of the electoral system political parties represent the social interest Their goals are recorded as contents of the manifesto which can be used for Wordscores to compare the political parties on the policy domains Freedom and democracy Political system Economy Welfare and quality of life Fabric of Society and Social Groups Each domain is described by two contrasting definitions which are used for aggregating Left Right categorisation of the parties The regional results in the comparative study part III define the categories Left Right and Liberal of political parties The qualitative comparative analysis QCA is used to define the content of the left wing right wing and liberal political parties in the context of Southern Africa At the same time the contents of the definitions are factors in the success of parties in Southern Africa Parties with right wing content are found mainly among the government parties and parties with politically left wing or liberal content are mainly opposition parties

When people should go to the ebook stores, search inauguration by shop, shelf by shelf, it is really problematic. This is why we present the books compilations in this website. It will no question ease you to look guide **Successful Parties** as you such as.

By searching the title, publisher, or authors of guide you essentially want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best place within net connections. If you aspire to download and install the Successful Parties, it is no question simple then, before currently we extend the colleague to purchase and create bargains to download and install Successful Parties appropriately simple!
