PRINCIPLES AND PRACTICE IN
BUSINESS, IN THE HOME, AND
IN GOVERNMENT

By William J. Reilly

In this classic book for all students of human relations, the author of *The Executive Mind*, *Four Strategies Thinking* and *The Law of Development* offers answers to such questions as:

- What do people really think of you?
- What are the four primary control levels in all human relations and how do they affect you?
- What is the best way to open a closed mind?
- How can you earn the confidence of others?
- How should we use persuasion to keep peace in the home, on the job, in international relations?
- When persuasion fails, what are the three conditions which permit the use of force?
