Successful Investing Made Easy Haft, Jacob I. Haft, 2011 When it comes to investing, anyone can succeed. Here is an invaluable guide not only for the novice investor but for all those who want to attain financial security and don't have the time to work at it. *Successful Investing Made Easy* will show you how to profit from investment letters, how to make the most out of expert advice, how to buy and sell stocks, how to make profits and minimize losses, why options and futures should be avoided, why to favor ETFs and closed end funds over mutual funds, why not to use financial advisors, and how to choose a broker. How to identify sucker letters. What not to do, how to recognize all the very bad advice you receive. I am fairly intelligent but I am an outsider with regard to Wall Street. I am the quintessential amateur who has found a way to grow my capital and protect it from the investment professionals, and I have done fairly well. I am happy to share my methods with you. Jacob I. Haft M.D. About the Author Jacob I. Haft M.D. is a practicing cardiologist and successful investor who has been writing and publishing scientific papers since 1964. He is also a clinical professor of medicine and for many years served as the chief of a cardiology department. He is currently working to prove that atrial fibrillation is the cause of most strokes. He is married with children and grandchildren and lives in Tenafly, New Jersey. Publisher's website: <http://www.strategicpublishinggroup.com/title/SuccessfulInvestingMadeEasy.html>

Bogle On Mutual Funds John C. Bogle, 2015-04-10 The seminal work on mutual funds investing is now a Wiley Investment Classic. Certain books have redefined the way we view the world of finance and investing, books that should be on every investor's shelf. *Bogle On Mutual Funds* the definitive work

Mutual Funds For Dummies Eric Tyson, 2011-02-14 Expanded coverage of ETFs fund alternatives and Internet research Cash in on the latest wealth building techniques with America's 1 best selling mutual fund book Want to make the most of mutual funds Personal finance expert Eric Tyson shares his time tested investing advice as well as updates to his fund recommendations and revised coverage of tax law changes in this user friendly resource Sample fund portfolios and updated forms show you exactly how to accomplish your financial goals Pick the best funds and avoid losers Assemble and maintain a portfolio Evaluate your funds performance Track and invest in funds online Fix common fund problems

Successful Investing Is a Process Jacques Lussier, 2013-01-28 A process driven approach to investment management that lets you achieve the same high gains as the most successful portfolio managers but at half the cost What do you pay for when you hire a portfolio manager Is it his or her unique experience and expertise a set of specialized analytical skills possessed by only a few The truth according to industry insider Jacques Lussier is that despite their often grandiose claims most successful investment managers themselves can't properly explain their successes In this book Lussier argues convincingly that most of the gains achieved by professional portfolio managers can be accounted for not by special knowledge or arcane analytical methodologies but proper portfolio management processes whether they are aware of this or not More importantly Lussier lays out a formal process oriented approach proven to consistently garner most of the excess gains generated by traditional analysis intensive approaches but at a fraction of the cost since it could be fully implemented internally Profit from more than a half century's theoretical and empirical literature as well as the author's own experiences as a top investment strategist Learn an approach combining several formal management processes that simplifies portfolio management and makes its underlying qualities more transparent while lowering costs significantly

Discover proven methods for exploiting the inefficiencies of traditional benchmarks as well as the behavioral biases of investors and corporate management for consistently high returns Learn to use highly efficient portfolio management and rebalancing methodologies and an approach to diversification that yields returns far greater than traditional investment programs
