Sudtirol Stunde Null:

Südtirol, Stunde Null? Hans Heiss, 2000 **The South Tyrol Way** Hans Karl Peterlini, 2023-10-11 In lively language Hans Karl Peterlini guides us through the recent history of South Tyrol He illuminates the developments and key events including the fighting in the First World War the option and Italianisation of the country under the fascists the political efforts for autonomy and the bomb attacks Furthermore Peterlini tells the stories of the people of South Tyrol their economies cultural creations and lifestyles their misunderstandings and achievements in reconciliation right up to the present day **Return and Circular Migration in Contemporary European History** Sarah Oberbichler, Eva Pfanzelter, Valerio Larcher, 2024-06-05 **Nazis on the Run** Gerald Steinacher, 2012-08-23 This is the story of how Nazi war criminals escaped from justice at the end of the Second World War by fleeing through the Tyrolean Alps to Italian seaports and the role played by the Red Cross the Vatican and the Secret Services of the major powers in smuggling them away from prosecution in Europe to a new life in South America The Nazi sympathies held by groups and individuals within these organizations evolved into a successful assistance network for fugitive criminals providing them not only with secret escape routes but hiding places for their loot Gerald Steinacher skillfully traces the complex escape stories of some of the most prominent Nazi war criminals including Adolf Eichmann showing how they mingled and blended with thousands of technically stateless or displaced persons all flooding across the Alps to Italy and from there to destinations abroad The story of their escape shows clearly just how difficult the apprehending of war criminals can be As Steinacher shows all the major countries in the post war world had mixed motives for their actions ranging from the shortage of trained intelligence personnel in the immediate aftermath of the war to the emerging East West confrontation after 1947 which led to many former Nazis being recruited as agents turned in the Cold War **Ethnicity, Nationalism and the European Cold War** Robert Knight, 2012-04-26 This book questions the prevalent assumption that ethnicity and nationalist politics had nothing to do with the Cold War and that far from being frozen until the fall of communism they remained central to the conflict in Europe Leading scholars bring their understanding of particular regions to bear on the wider issue of why ethnic explanations were written out of the discourse and whether this was a failure on the part of Western observers This in turn has led to an overly simple understanding of power flowing downwards from superpower to nation state and from state to society Engaging with key thinkers such as Gaddis Moynihan and Adam Roberts this collection ultimately allows such speculation to be replaced by historical research and bridges the gap between high politics and ethnic concerns Tolerance Through Law Jens Woelk, Francesco Palermo, Joseph Marko, 2008 The autonomous province of South Tyrol in Northern Italy is generally considered to be one of the most successful examples for the solution of ethnic conflicts This book gives an analysis of the evolution of the legal instruments and institutions of self government and minority protection through power sharing as well as of the experience gathered during decades of the implementation of a working economy It thus provides insights regarding the state and the

evolution of this specific case as well as for the general tendencies in the development of territorial autonomy and minority protection

Südtiroler in der Waffen-SS Thomas Casagrande, 2016-02-19 Otto Casagrande starb 1990 auf einem Veteranentreffen der Waffen SS. Für seinen Sohn Thomas war dies der Auslöser sich intensiv mit der Vergangenheit des ehemaligen SS Untersturmführers zu beschäftigen. Nach zwanzig Jahren Recherche legt der Autor nun eine erste Studie über Anzahl Rekrutierung und Verwendung der vielen Südtiroler SS Freiwilligen vor. Die Südtiroler Rekrutierungsquote der SS liegt im Vergleich zum Deutschen Reich sowie anderen volksdeutschen Gebieten überproportional hoch. Eingesetzt wurden die ersten Freiwilligen in den damaligen Elitedivisionen der Waffen SS oder in den Wachmannschaften der Konzentrationslager. Später wurden Rekruten eher den Gebirgsjägern zugeteilt oder ab 1943 den Besatzungstruppen in Italien. In Kurzbiografien und dem ausführlichen Lebenslauf Otto Casagrandes werden Motivation und Einsatz der Südtiroler bei der Waffen SS anschaulich dargestellt. Daraus ergibt sich eine SS Geschichte von unten, die über die Grenzen Südtirols hinaus einen beispielhaften Blick auf die junge Kriegsgeneration und auf die unteren Dienststufen wirft.

Austria in the European Union Anton Pelinka, 2017-09-08 Austria joined the European Union in 1995 with the overwhelming support of its citizenry. In June 1994 a record 66.6 percent of the Austrian population voted in favor of joining the Union and Austria acceded on January 1, 1995. Only three years later in the second half of 1998 Austria assumed its first presidency of the European Union. Its competent conduct of the Union's business enhanced its reputation. The sense that Austria was a role model collapsed overnight after a new conservative People's Party (FPÖ) coalition government was formed in Austria in early February 2000. Austria became Europe's nightmare. This volume has two purposes. The first is to assess Austria's first five years in the European Union. The second is Austria's ongoing struggle with its past. Heinrich Neisser evaluates and assesses Austria's commitment to the European Union. Thomas Angerer offers a long term perspective of regionalization and globalization trends in Austrian foreign affairs. Waldemar Hummer analyzes contradictions between Austrian neutrality and Europe's emerging common security policy. Johannes Pollak and Sonja Puntischer Rieckmann look at current debates over weighing future voting rights in the European Commission. Michael Huelshoff evaluates Austria's EU presidency in 1998 and compares it to the subsequent 1999 German presidency. Gerda Falkner examines the withering away of the previously much admired Austrian welfare state. Walter Manoschek scrutinizes the Nazi roots of Jörg Haider's Freedom Party. Michael Gehler critiques the EU sanctions and bemoans the absence of mediation through transnational Christian conservative parties. In reviewing how Austria deals with World War II, Richard Mitten investigates discourses on victimhood in postwar Austria and the place of Jews in this process. A Roundtable presents overwhelming evidence of Austrians' deep involvement in Nazi war crimes and includes articles by Sabine Loitfellner and Winfried Garscha. This addition to the Contemporary Austrian Studies series will be welcomed by political scientists, historians, and legal scholars, particularly those with a strong interest in European affairs.

A Nazi Past David A. Messenger, Katrin Paehler, 2015-04-21 Since the end of World War II, historians and psychologists

have investigated the factors that motivated Germans to become Nazis before and during the war While most studies have focused on the high level figures who were tried at Nuremberg much less is known about the hundreds of SS members party functionaries and intelligence agents who quietly navigated the transition to postwar life and successfully assimilated into a changed society after the war ended In *A Nazi Past* German and American scholars examine the lives and careers of men like Hans Globke who not only escaped punishment for his prominent involvement in formulating the Third Reich's anti-Semitic legislation but also forged a successful new political career They also consider the story of Gestapo employee Gertrud Slotke who exhibited high productivity and ambition in sending Dutch Jews to Auschwitz but eluded trial for fifteen years Additionally the contributors explore how a network of Nazi spies and diplomats who recast their identities in Franco's Spain far from the denazification proceedings in Germany Previous studies have emphasized how former Nazis hid or downplayed their wartime affiliations and actions as they struggled to invent a new life for themselves after 1945 but this fascinating work shows that many of these individuals actively used their pasts to recast themselves in a democratic Cold War setting Based on extensive archival research as well as recently declassified US intelligence *A Nazi Past* contributes greatly to our understanding of the postwar politics of memory *Five Months in Berlin* Werner Breunig, Jürgen Wetzel, 2020-01-20 In 1946 Edgar N Johnson later Professor of European History at the University of Nebraska served as a political advisor for the American military government in Berlin In diary like letters he described his meetings with important actors in American occupation politics such as General Lucius D Clay many representatives of the other occupying powers and leading German political and cultural figures ***Towards a New Standard*** Massimo Cerruti, Claudia Crocco, Stefania Marzo, 2017-01-11 In many European languages the National Standard Variety is converging with spoken informal and socially marked varieties In Italian this process is giving rise to a new standard variety called Neo standard Italian which partly consists of regional features This book contributes to current research on standardization in Europe by offering a comprehensive overview of the re standardization dynamics in Italian Each chapter investigates a specific dynamic shaping the emergence of Neo standard Italian and Regional Standard Varieties such as the acceptance of previously non standard features the reception of Old Italian features excluded from the standard variety the changing standard language ideology the retention of features from Italo Romance dialects the standardization of patterns borrowed from English and the developmental tendencies of standard Italian in Switzerland The contributions investigate phonetic phonological prosodic morphosyntactic and lexical phenomena addressed by several empirical methodologies and theoretical vantage points This work is of interest to scholars and students working on language variation and change especially those focusing on standard languages and standardization dynamics

Im Kampf um Geschichte(n) Sebastian De Pretto, 2020-03-09 Warum brachten einzelne Gruppen und Individuen die Verflechtungsgeschichte Südtirols mit dem Abessinienkrieg nach 1945 in öffentlich ausgetragene Geschichtsdebatten ein Diese Leitfrage untersucht der Autor und zeigt dass dadurch nicht nur deren zeitgebundenen Partikularinteressen erkennbar werden sondern sich ebenso der erinnerungskulturelle Umgang mit der jüngeren Vergangenheit im Gedächtnisraum Südtirol generell erforschen lässt Sebastian De Pretto nimmt hierfür das Alpinidenkmal in Bruneck die Straßennamen in Bozen die Südtiroler Heimatbücher sowie Kollektiverzählungen der Nachkriegszeit in den Blick und analysiert diese hinsichtlich ihrer Funktion als umstrittene Erinnerungsorte der am Fuß des Brenners vorherrschenden kulturell-nationalistisch geprägten Geschichtspolitik Why did

several groups and individuals consider the role of South Tyrol in the Abyssinian War after 1945 in public historical debates. The author seeks to examine this question and shows that not only individual interests become visible but also the handling of remembering of the recent history of South Tyrol can be generally explored. Thus Sebastian De Pretto focuses on the Alpine Monument in Bruneck, the street names in Bolzano, home town almanacs of South Tyrol as well as post war collective narratives and analyses these with regard to their function as controversial places of remembrance in a cultural nationalistic history policy.

Die auswärtige Kulturpolitik des Freistaats Bayern 1945-1978 Thomas Jehle, 2018-10-05. Der Freistaat Bayern verfügte nach dem Ende des Zweiten Weltkriegs mit seinen kulturellen Schätzen über ein vielfältig einsetzbares Mittel, um angesichts der Beschränkungen durch Besatzungsstatut und Grundgesetz auch jenseits der Landesgrenzen zu agieren. Ausgehend von seinem Selbstverständnis als international vernetzter Kulturstaat im Zentrum Europas knüpfte die staatlichen Akteure zwischen 1945 und 1978 ein dichtes Netz an Außenbeziehungen. Mit der auswärtigen Kulturpolitik als Instrument der Außen- und der Föderalismus- und der Außenwirtschaftspolitik entwickelte sich ein Politikfeld, das in der vorliegenden Studie auf einer breiten Quellengrundlage analysiert wird. Wer waren die Handlungsträger, welche Leitbilder verfolgten sie und welche Netzwerke konnten sie aktivieren? Was waren Mittel und Strategien, welche Räume wurden anvisiert? Erstmals steht hier nicht der Bund im Zentrum der Forschungen zur auswärtigen Kulturpolitik, sondern mit dem Freistaat Bayern ein Faktor, der mit dezidiertem Gestaltungswillen im Rahmen des Mehrebenensystems der Bundesrepublik Deutschland die Außenbeziehungen mitprägte.

Deutschsprachige Minderheiten 1945 Manfred Kittel, Horst Möller, Jiri Pešek, Oldrich Tuma, 2014-02-20. Kollektive Vertreibungen deutschsprachiger Volksgruppen aus ihrer angestammten Heimat haben am Ende des Zweiten Weltkrieges nur im südlichen Teil Europas stattgefunden. Dagegen beschränkten sich die westlichen Staaten darauf, von Nordschleswig über das belgische Eupen-Malmedy bis nach Südtirol eine individuelle politische Steuerung gegen besonders belastete Kollaborateure des Dritten Reiches durchzuführen. Wesentliche Gründe für diese sehr unterschiedlichen Entwicklungen werden in den darstellenden Beiträgen und Dokumentationen des Sammelbandes deutlich. Er ist das Ergebnis eines internationalen Projekts, an dem Wissenschaftler aus sieben Ländern Ostmitteleuropas und Westeuropas beteiligt waren.

Südtirol im 20. Jahrhundert Rolf Steininger, 2016-01-14. Wie in einem Brennglas findet sich in der Geschichte Südtirols die Geschichte des 20. Jahrhunderts wieder: Vergewaltigung einer Minderheit durch die Faschisten, das Zusammenspiel der Diktatoren Hitler und Mussolini, das 1939 mit der Option zur ethnischen Steuerung führen sollte. Nach 1945, in den Mäulen des Kalten Krieges, keine Rückkehr nach Österreich dafür eine Autonomie, die sich als Scheinautonomie erwies. Dann Bomben, Tote, Terror und mit dem Paket 1969 der zweite Versuch einer Autonomie, der heute von vielen Modellcharakter zugesprochen wird. Rolf Steininger legt mit seinem neuen Buch erstmals eine Gesamtdarstellung der Südtirolfrage vom Ersten Weltkrieg bis zur Gegenwart vor. Für wichtige Bereiche: Bombenkrieg Gruber-De Gasperi-Abkommen, Erstes Autonomiestatut 1948, die Entwicklung bis 1969, verwendet der Autor
