practitioners with a preference for poor rough clothing This explanation clearly identifies Sufism with ascetical practice and the importance of manifesting spiritual poverty through material poverty In fact some of the earliest Western descriptions of individuals now widely associated with the larger phenomenon of Sufism identified them with the Arabic term faqir mendicant or its most common Persian equivalent darwish Sufism as presented here embraces a host of features including the ritual institutional psychological hermeneutical artistic literary ethical and epistemological This second edition of Historical Dictionary of Sufism contains a chronology an introduction a glossary and an extensive bibliography The dictionary section has over 1 000 cross referenced entries on important personalities major historical figures and movements practices economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Sufism      Culture, Creation, and Procreation Monika Böck, Aparna Rao, 2001-01-01 As reproduction is seen as central to kinship and the biological link as the primary bond between parents and their offspring Western perceptions of kin relations are primarily determined by ideas about consanguinity genealogical relations and genetic connections Advocates of cultural constructivism have taken issue with a concept that puts so much stress on heredity as being severely biased by western ideas of kinship Ethnosociologists in particular developed alternative systems using indigenous categories This symbolic approach has however been rejected by some scholars as plagued by the problems of the analytical separation of ideology from practice of largely overlooking relations of domination and of ignoring the questions of shared knowledge and choice This volume offers a corrective by discussing the constitution of kinship among different communities in South Asia and addressing the relationship between ideology and practice cultural models and individual strategies      **Kashmir's Contested Pasts** Chitralkha Zutshi, 2014-07-09 A pioneering and comprehensive study of the historical imagination in Kashmir this book explores the conversations between the ideas of Kashmir and the ideas of history taking place within Kashmir's multilingual historical tradition Analysing the deep linkages among Sanskrit Persian and Kashmiri narratives Kashmir's Contested Pasts contends that these traditions drew on and influenced each other to imagine Kashmir as far more than simply an unsettled territory or a tourist paradise By offering a historically grounded reflection on the memories narrative practices and institutional contexts that have informed and continue to inform imaginings of Kashmir and its past the book suggests new ways of understanding the debates over history territory identity and sovereignty that shape contemporary South Asia      *Situating Medieval India* Surinder Singh, 2023 Explores state formation social fabrics and cultural mores of medieval India from 1200 1800 The states of medieval India operated under a ruling class that was largely Muslim colouring our understanding of the history of the period Increased availability of Persian chronicles emergence of a class of professional historians and progressive forces emanating from the anti colonial movement have led to new approaches to the period Situating Medieval India covers more than 6 centuries from the Delhi Sultanate to the arrival of Europeans Topics covered include approaches to exercise of sovereign power in medieval states and the social
