Social Control In China A Study Of Chinese Work Units:

Social Control in China Victor N. Shaw, 1996-06-21 China is in the midst of dramatic economic and social reform reform that may well suggest a long term developmental trend toward modernization and democracy This evolution in the structure of Chinese society means that the authoritarian social control system in China must change if loss of community ties dislocation and social disintegration are to be avoided in the coming years This book provides a blueprint for the social architecture of China and offers an argument for how change in the essential structure of Chinese society must be implemented Shaw s investigation of work units the building blocks of contemporary China pinpoints them as the primary sites of social control and as the most important components of any efforts at reform

Crime and Social Control in a Changing China Jianhong Liu, Lening Zhang, Steven F. Messner, 2001-08-30 This important edited collection of articles by both Chinese and American scholars attempts to promote a more accurate and in depth understanding of crime and social control in China as it undergoes significant cultural economic and social change The editors contend that as the economic system has been transformed many other social institutions in China have also experienced unprecedented changes including legal institutions and other organizations responsible for social control The essays focus on crime in China and summarize the major structural changes in Chinese society and their effects on crime and justice over the last ten to fifteen years offer an overview of Chinese perspectives on crime examine socio economic changes and their impact on social control and discuss changes in adults and children s courts and the new changes in Chinese policing in Chinese society Organized into four parts this work addresses the nature extent and special features of crime and delinquency in China under conditions of social change It also investigates the question of the social correlation of changing patterns of crime The impact of social transition on the changes in the grassroots level of social control is also discussed Chinese law and criminal justice with particular focus on the courts police and crime prevention are mentioned as well This unique collection of essays is a timely and significant contribution to the fields of comparative criminology social control Chinese studies and legal studies

China's Workers Under Assault Anita Chan, 2016-07-01 This important book contains case studies with substantive analysis of Chinese workers in a variety of settings state enterprises urban collectives township and village enterprises domestic private enterprises and foreign funded enterprises The cases include urban workers migrant workers from the countryside and workers who are sent to work outside of China The analytical framework for these case studies lays out why labor rights violations have been occurring in China and highlights the context in which these violations operate and the extent to which these selected cases are not isolated incidents Moreover the dilemma of Chinese workers is put into international perspective the context of the international labor market the setting of competitive minimum wages in Asia and the concern for Chinese workers rights taken up by the International Labor Organization ILO This book debunks the conventional wisdom that Chinese workers are thriving because the Chinese economy is booming Indeed the wage structures of these enterprises of

different ownership types contribute to widening income disparities in China The book uncovers what exactly overseas Chinese entrepreneurship Taiwan and Hong Kong means at the factory level And it calls for a new approach to scrutinizing the phenomena of the so called Chinese economic miracle and its repercussions on other economies and labor markets

Chinese Creator Economies Jian Lin, 2023-05-23 An account of the paradoxical lives lived by creative professionals in contemporary China **Social Disciplining and**

Civilising Processes in China Thomas Heberer, 2023-08-11 This book argues that a major part of the Chinese government's road map formulated in 2017 to modernise China comprehensively by 2049 is the process of social disciplining It contends that the Chinese state sees that modernisation and modernity encompass not only economic and political administrative change but are also related to the organisation of society in general and the disciplining of this society and its individuals to create people with modernised minds and behaviour and that moreover the Chinese state is aspiring to a modernity with Chinese characteristics The question of modernising by disciplining was extensively dealt with in the twentieth century by leading Western social scientists including Max Weber Norbert Elias and Michel Foucault who argued that disciplining extending from external coercion towards the internalisation of restraints is indispensable for achieving social order and thereby for civilisation but defined from a European perspective in relation to developments in Europe This book therefore not only discusses the Chinese experience of social disciplining but also by looking at a non Western society identifies

universal tendencies of societal change and social disciplining and separates them from particular occurrences
