## **Social Integration In The Second Half Of Life:**

**Social Integration in the Second Half of Life** Karl Pillemer, Phyllis Moen, Elaine Wethington, Nina Glasgow, 2003-05-01 Social scientists use the term social integration to refer to individuals connections with others in their environments The concept and its consequences have been the subject of considerable study Many researchers have asserted that meaningful and enduring ties to other persons serve as a buffer against stress and thereby promote physical and mental health The results are especially pronounced for older persons Social Integration in the Second Half of Life presents integrative reviews of theory and research on this topic The editors and contributors all currently or previously affiliated with the Cornell Gerontology Research Institute also present new empirical findings of research done at their center The first section of the book discusses basic theory and principles of social integration in later life and its implications for health The second largest section examines specific issues retirement driving family support housing neighbors The third section addresses interventions to promote social integration transportation volunteering and peer support for dementia caregivers Throughout the authors focus on the diverging influences of social integration and its converse social isolation in later life **Social**

**Integration in the Second Half of Life** Karl Pillemer, 2000-11-24 Pillemer and colleagues in their excellent review of social integration at the threshold of the 21st century document the problems of mid lifers and elders as they seek social integration that is a life with people The Gerontologist *Social Isolation* Rosalba Morese, Sara Palermo, Raffaella Fiorella, 2020-04-08 This book focuses on an increasingly current phenomenon in various countries around the world It offers an interdisciplinary point of view with a broad and at the same time in depth vision of the various aspects that can contribute to better understanding social isolation The authors who represent different disciplines and belong to different countries of the world offer high profile scientific contributions with new perspectives in the field of social security thanks to the originality of their ideas theories research scientific results and suggestions Understanding all this opens up new horizons towards the new frontiers of knowledge I go out You want to come The insulation would be too heavy desperate and crazy on the deserted streets To demand a destiny Sylvia Plath **Handbook of the Life Course** Jeylan T. Mortimer, Michael J. Shanahan, 2007-12-14 This comprehensive handbook provides an overview of key theoretical perspectives concepts and methodological approaches that while applied to diverse phenomena are united in their general approach to the study of lives across age phases In surveying the wide terrain of life course studies with dual emphases on theory and empirical research this important reference work presents probative concepts and methods and identifies promising avenues for future research

**Mental Health And Well Being In Later Life** Cattani, Mima, 2009-05-01 Offers a look at the mental health and well being issues that affect adults in later life Taking a holistic approach to mental health and mental health promotion this book explores the debates around what is meant by mental health and mental illness and the wider social determinants of mental health **Residential Choices and Experiences of Older Adults** John A. Krout, PhD, Elaine Wethington, PhD, 2003-06-10

Based on the Pathways to Life Quality longitudinal research study this book explores the ways in which older adults residential choices impact their health and well being The study examines the factors associated with life quality for persons living on their own in the local community as well as those in various housing arrangements such as a continuing care retirement facility adult home income subsidized housing and senior apartments Topics include plans and adjustment to moving role identities social relationships participation and integration health and activity patterns and coping with life events

*The Experience of Retirement* Robert S. Weiss, 2018-05-31 Retirement brings with it the promises of leisure and freedom as well as the risks of boredom and isolation When retirees rid their schedules of anything resembling the kinds of obligations that once had been imposed by work they will experience a sometimes uncomfortable absence of structure In *The Experience of Retirement* the distinguished sociologist Robert S Weiss provides a detailed description of how some people plan their retirement what life in retirement is like and what makes for a fulfilling retirement His engaging book can thus serve as a most useful guide Weiss shows us both retirement's benefits and its possible costs both the relief retirees can feel once free of work's stresses and constraints and the discomfort that can be caused by loss of the positive aspects of working life The book is based on extensive interviews with eighty nine men and women before and after their retirement from middle income careers Weiss makes vivid their experiences by presenting in their own words their descriptions of leaving their careers considering what to do with their time confronting issues of income in retirement dealing sometimes with social isolation and reorganizing their lives The interviews reveal the way in which retirement affects marriages and other familial relationships Weiss concludes by presenting advice about retirement based on the actual experiences of retirees For anyone approaching the age of retirement or already retired and looking for a more satisfying post career life for personnel managers health care professionals and all those who provide services for the retired *The Experience of Retirement* will be an illuminating guidebook to this phase of life

**Social Networks and the Life Course** Duane F. Alwin, Diane H. Felmlee, Derek A. Kreager, 2018-03-06 This volume engages the interface between the development of human lives and social relational networks It focuses on the integration of two subfields of sociology social science the life course and social networks Research practitioners studying social networks typically focus on social structure or social organization ignoring the complex lives of the people in those networks At the same time life course researchers tend to focus on individual lives without necessarily studying the contexts of social relationships in which lives are embedded and linked to one another through social networks These patterns are changing and this book creates an audience of researchers who will better integrate the two subfields It covers the role of social networks across the life span from childhood and adolescence to midlife through old age

*Civic Engagement in Later Life* Rodrigo Serrat, 2025-05-29 Available open access digitally under CC BY NC ND licence Older adults civic engagement has become a key concern in academic and policy debates in recent years However existing studies on this topic remain fragmented across various conceptual and methodological approaches

This book provides a comprehensive interdisciplinary and multidimensional perspective on older adults civic engagement. It proposes a conceptual framework which understands civic engagement as a multidimensional concept encompassing a diversity of activities through which older adults contribute to their communities and wider society. Contributors explore the factors shaping older adults' participation in various civic activities across the life course considering their diversity in terms of social locations such as gender, health status, migrant background, socioeconomic background, and residential arrangements. By analysing past and current research policy and practice, the book offers recommendations for future efforts to advance the field.

**Pioneering Paths in the Study of Families** Gary W Peterson, Suzanne Steinmetz, 2014-03-18. Meet the men and women whose groundbreaking work elevated the field of family studies. In *Pioneering Paths in the Study of Families: The Lives and Careers of Family Scholars*, you will find 40 autobiographies written by leading scholars in sociology, family studies, psychology, and child development. Their fascinating stories demonstrate how their family experiences, educational opportunities, and occupational endeavors not only shaped the disciplines they chose but also shaped the theoretical perspectives they utilized and the topics they researched. From the editors: These autobiographies document the experiences of scholars from the early twentieth century to the present. The descriptions of early influences on their education, their graduate school experiences, and of their academic career paths provide a wealth of valuable material. Since four of these scholars have died and a number are in their eighties or older, these histories provide rich case studies on factors that influence the decision to go to college, get married, pursue an advanced degree, make specific occupational choices, and investigate certain topics. These autobiographies also detail the barriers that early women scholars in the social sciences faced. The scholars whose lives you will learn about in *Pioneering Paths in the Study of Families* include Joan Aldous, Katherine R Allen, Pauline Boss, Carlfred B Broderick, Wesley R Burr, Catherine Street Chilman, Harold T Christensen, Marilyn Coleman, Rand D Conger, Randal D Day, William J Doherty, Evelyn Millis Duvall, Glen H Elder Jr, Bernard Farber, Margaret Feldman, Mark A Fine, Greer Litton Fox, Frank F Furstenberg, Viktor Gecas, Harold D Grotevant, Gerald Handel, Michael E Lamb, Ralph LaRossa, Gary R Lee, Helena Znaniecka Lopata, Harriette P McAdoo, Hamilton McCubbin, Brent C Miller, Phyllis Moen, Gerhard Neubeck, Gary W Peterson, Ira L Reiss, John Scanzoni, Walter R Schumm, Barbara H Settles, Laurence Steinberg, Suzanne K Steinmetz, Sheldon Stryker, Marvin B Sussman, Irv Tallman.

**Aging with a Plan** Sharona Hoffman, 2022-01-11. The book is a concise and comprehensive resource for people who are middle aged and beyond and are facing the prospects of their own aging and of caring for elderly relatives, an often overwhelming task for which little in life prepares us. Using an interdisciplinary approach and many personal anecdotes, Professor Hoffman develops recommendations for building sustainable social, legal, medical, and financial support systems for aging and caregiving. *Aging with a Plan* combines thorough research with engaging anecdotes and practical advice. It offers one-stop shopping for anyone in need of guidance without a lot of time for independent research. The book answers questions such as: What legal documents should you be sure to have?

What expenses should you anticipate in retirement and how do you save for them What do you need to know about medical care as you or your loved ones grow older How should you approach conversations about the sensitive topic of safe driving with elderly loved ones What options exist for end of life care and how do you make sure that your wishes will be followed The book is user friendly and accessible to a general audience and each chapter ends with a helpful checklist *The Older Worker and the Changing Labor Market* Judith G Gonyea, 2013-09-13 As the country's workforce ages the changing labor market must address unique challenges as well as surprising opportunities This book presents leading scholars and researchers providing valuable insights into the challenges facing older workers in the contemporary workplace as well as offering perspectives on the demands presently being placed on employers to adapt to and accommodate the needs of these workers The book focuses on the analysis of current trends in older workers work family and personal life issues and ways to transform today's workplace to value older workers This book offers practitioners the opportunity to fully grasp the current situation for older workers by presenting the latest research This helpful resource provides professionals with best practices and innovative approaches to support aging employees The volume is extensively referenced and contains several tables to clearly present data It is a valuable text for employers human resources professionals employee assistance programs work family professionals gerontologists and aging studies professionals educators and students This book was published as a special issue of the Journal of Workplace Behavioral Health
