Crusader Armies Steve Tibble, 2018-08-21 A major history of the Crusades that illuminates the strength and sophistication of the Western and Muslim armies During the Crusades the Western and Muslim armies developed various highly sophisticated strategies of both attack and defense which evolved during the course of the battles In this ambitious new work Steve Tibble draws on a wide range of Muslim texts and archaeological evidence as well as more commonly cited Western sources to analyze the respective armies strategy adaptation evolution and cultural diversity and show just how sophisticated the Crusader armies were even by today's standards In the first comprehensive account of the subject in sixty years Tibble takes a fresh approach to Templars Hospitallers and other key Orders and makes the controversial proposition that the Crusades were driven as much by sedentary versus nomadic tribal concerns as by religious conflict This fluently written broad ranging narrative provides a crucial missing piece in the study of the West's attempts to colonize the Middle East during the Middle Ages Now Tibble takes a new approach one that adds to prior research and may well influence subsequent research This book is a must read for medievalists R J Powell Choice A book that welcomes everyone regardless of the reader's background in the subject Crusade historians like to complain that the general public knows nothing about their scholarship It is books like this that will change that Thomas F Madden Reading Religion The Crusader Armies offers more than the obligatory corrections to the historical ignorance of our age It is a full scale reassessment of the warfare armies and enemies of the Western Crusades in the Middle East readable expertly sourced and well organized Timothy D Lusch Chronicles The Crusader Armies 1099-1187 is a worthy and sound contribution to the literature on its subject Steve Tibble paints a compelling picture of continual systemic warfare Laurence W Marvin Michigan War Studies Review Selected for Choice's 2019 Outstanding Academic Titles List **Women and the White Man's God** Myra Rutherdale, 2007-10-01

Between 1860 and 1940 Anglican missionaries were very active in northern British Columbia Yukon and the Northwest Territories To date histories of this mission work have largely focused on men while the activities of women either as missionary wives or as missionaries in their own right have been seen as peripheral at best if not completely overlooked Based on diaries letters and mission correspondence Women and the White Man's God is the first comprehensive examination of women's roles in northern domestic missions The status of women in the Anglican Church gender relations in the mission field and encounters between Aboriginals and missionaries are carefully scrutinized Arguing that the mission encounter challenged colonial hierarchies Rutherdale expands our understanding of colonization at the intersection of

gender race and religion This book is a critical addition to scholarship in women s Canadian Native and religious studies and complements a growing body of literature on gender and empire in Canada and elsewhere **England and the Crusades, 1095-1588** Christopher Tyerman,1996-12-15 Drawing on a wide range of archival chronicle and literary evidence Tyerman brings to life the royal personalities foreign policy political intrigue taxation and fundraising and the crusading ethos that gripped England for hundreds of years Amazon *Letters from the East* Malcolm Barber,Keith Bate,2016-05-06 No written source is entirely without literary artifice but the letters sent from Asia Minor Syria and Palestine in the high middle ages come closest to recording the real feelings of those who lived in and visited the crusader states They are not of course reflective pieces but they do convey the immediacy of circumstances which were frequently dramatic and often life threatening Those settled in the East faced crises all the time while crusaders and pilgrims knew they were experiencing defining moments in their lives There are accounts of all the great events from the triumph of the capture of Jerusalem in 1099 to the disasters of Hattin in 1187 and the loss of Acre in 1291 These had an impact on the lives of all Latin Christians but at the same time individuals felt impelled to describe both their own personal achievements and disappointments and the wonders and horrors of what they had seen Moreover the representatives of the military and monastic orders used letters as a means of maintaining contact with the western houses providing information about the working of religious orders not found elsewhere Some of the letters translated here are famous others hardly known but all offer unique insight into the minds of those who took part in the crusading movement **Letters from the East** Mr Keith Bate,Professor Malcolm Barber,2013-07-28 This volume presents translations of a selection of the letters sent by crusaders and pilgrims from Asia Minor Syria and Palestine There are accounts of all the great events from the triumph of the capture of Jerusalem in 1099 to the disasters of Hattin in 1187 and the loss of Acre in 1291 They convey the immediacy of circumstances which were frequently dramatic and often life threatening and show us the feelings of those who lived in and visited the crusader states Some of the letters translated here are famous others hardly known but all offer unique insight into the minds of those who took part in the crusading movement
