Sociology Issues And Debates:

Sociology Steve Taylor,1999-06-11 Written by a star cast of contributors this introductory undergraduate text provides students with a rich stimulating and authoritative account of key debates and issues in sociology today Carefully structured and edited to take account of the undergraduate student reader s needs the essays explore sociological understandings of a range of core topics and critically examines what key issues have emerged for debate from past and current research

Issues, Debates and Controversies George Ritzer,1974 *Issues Debates and Controversies* George Ritzer,1972

Debating Social Problems Leonard A. Steverson,Jennifer E. Melvin,2018-09-03 *Debating Social Problems* emphasizes the process of debate as a means of addressing social problems and helps students engage in active learning The debate format covers sensitive material in a way that encourages students to talk about this material openly in class This succinct text includes activities that promote critical thinking and includes examples from current events *Death in a Global Age* Ruth McManus,2017-09-16 Attitudes towards death are shaped by our social worlds This book explores how beliefs practices and representations of dying and death continue to evolve and adapt in response to changing global societies Introducing students to debates around grief religion and life expectancy this is a clear guide to a complex field for all sociologists

African Societies R. Sooryamoorthy,2024-05-16 This book addresses a notable gap in African sociological knowledge by leveraging extensive empirical data covering all 54 African countries and drawing on historical insights from across the continent Offering a nuanced understanding of African society it signifies an unprecedented endeavour committed to unravelling the intricate tapestry of African society The analysis presented in the book goes into the dynamic evolution of sociological topics their interconnections with African knowledge the identification of contemporary themes methodological diversity and contemporary challenges and issues of indigenisation decolonisation and promoting an Africa centered sociology **Youth Studies** James Côté,2017-09-16 The burgeoning field of youth studies encompasses multiple viewpoints presenting a confusing picture to novices and experts alike This insightful text goes to the heart of the fundamental issues and debates that characterize this developing field giving readers a clearer understanding of its current progress and future prospects James C t s lively debate focused overview of the underlying paradigms and theories in youth studies drawn from the overlapping disciplines of sociology psychology and cultural studies functions both as an introduction to the area and as an exercise in critical thinking putting its readers on the cutting edge of the field The chapters move from identifying the key threshold meta concepts that influence research to showing readers how to critically evaluate key debates in areas that are central to students lives including education work family technologies youth culture identity and politics Youth Studies is the ideal companion to youth related degree programmes and to youth modules in sociology social work social policy psychology and other related disciplines

SAGE Visual Methods Jason Hughes,2012-07-23 In contemporary Western societies the visual domain has come to assume a hitherto unprecedented cultural centrality Daily life is replete with a potentially endless

stream of images and other visual messages from the electronic and paper based billboards of the street to the TV and Internet feeds of the home The visual has become imbued with a symbolic potency a signifying power that seemingly eclipses that of all other sensory data The central aim of this four volume collection is to explore key approaches to visual research methods and to consider some of the core principles issues debates and controversies surrounding the use of visual techniques in relation to three key enterprises 1 documentation and representation 2 interpretation and classification and 3 elicitation and collaboration Volume One Principles Issues Debates and Controversies in Visual Research serves as a theoretical backdrop to the field as a whole It introduces core epistemological ethical and methodological debates that effectively cut across the four volume collection as a whole Volume Two Documentation and Representation illustrates approaches to visual documentation and representation from classical documentaries to contemporary state of the art modes of visual anthropology and ethnography Volume Three Interpretation and Classification examines core debates surrounding and approaches to visual analysis Volume Four Elicitation and Collaboration explores participative approaches to visual inquiry

Science and Religion in the English-Speaking World, 1600-1727 Richard S. Brooks, David K. Himrod, 2001-09-18

The interplay between science and religion in the seventeenth and early eighteenth centuries is an extremely complex historical topic which has led to an abundant secondary literature characterized by many debates and interpretations This reference source is intended to help students at various levels of expertise find their way and make use of this flood of secondary literature The book in the annotations treats the following topics Historiography the Magic Alchemical and Prisca Traditions Protestantism and the Rise of Modern Science Christianity Social Ideals Ideology and Science Social Institutions Science and Christianity Religion Technology Architecture and the Environment Theology Philosophy and Science Natural Theology and Natural Philosophy Heretical Christianity Deism and Atheism Science the Bible and Literature Religion and Medicine and Newtonian Studies The major part of this book consists of an annotated bibliography of books and articles arranged alphabetically by author This is followed by unannotated lists of bibliographies and doctoral dissertations Three indexes are included topical relating each work to one or more broad topical categories an index of persons who wrote or worked in the period under review and an index of authors and editors of works cited in the bibliography Initially designed for students this guide can be used by non specialists interested in science and religion

The Routledge Handbook of Religion, Gender and Society Caroline Starkey, Emma Tomalin, 2021-12-30

In an era which many now recognise as post secular the role that religions play in shaping gender identities and relationships has been awarded a renewed status in the study of societies and social change In both the Global South and the Global North in the 21st century religiosity is of continuing significance not only in people s private lives and in the family but also in the public sphere and with respect to political and legal systems The Routledge Handbook of Religion Gender and Society is an outstanding reference source to these key topics problems and debates in this exciting subject area Comprising over 40 chapters by a team of international

contributors the Handbook is divided into 3 parts Critical debates for religions gender and society theories concepts and methodologies Issues and themes in religions gender and society Contexts and locations Within these sections central issues debates and problems are examined including activism gender analysis intersectionality and feminism oppression and liberation equality bodies and embodiment space and place leadership and authority diaspora and migration marriage and the family generation and aging health and reproduction education violence and conflict ecology and climate change and the role of social media The Routledge Handbook of Religion Gender and Society is essential reading for students and researchers in religious studies and gender studies The Handbook will also be very useful for those in related fields such as cultural studies area studies politics sociology anthropology and history Issues for Debate in Sociology CQ Researcher,2009-09-04 Issues for Debate in Sociology Selections from CQ Researcher is a contemporary collection of articles covering core issues within the broad topic of introductory sociology The book is intended to supplement core courses in the Sociology curriculum titled Introductory Sociology or Principles of Sociology The book has a 5 part structure of topics generally covered in introductory sociology courses and texts **Educational Review** Nicholas Murray Butler, Frank Pierrepont Graves, William McAndrew, 1911 Vols 19 34 include Bibliography of education for 1899 1906 compiled by James I Wyer and others *Law/Society* John Sutton, 2001 A core text for the Law and Society or Sociology of Law course offered in Sociology Criminal Justice Political Science and Schools of Law John Sutton offers an explicitly analytical perspective to the subject how does law change What makes law more or less effective in solving social problems What do lawyers do Chapter 1 contrasts normative and sociological perspectives on law and presents a brief primer on the logic of research and inference as it is applied to law related issues Theories of legal change are discussed within a common conceptual framework that highlights the explanatory strengths and weaknesses of different arguments Discussions of law in action are explicitly comparative applying a consistent model to explain the variable outcomes of civil rights legislation Many concrete in depth examples throughout the chapters **The Routledge Handbook of Metaphor and Language** Elena Semino, Zsófia Demjén, 2016-11-03 The Routledge Handbook of Language and Metaphor provides a comprehensive overview of state of the art interdisciplinary research on metaphor and language and maps out future directions of research and practice in a variety of contexts in this field Encyclopedia of Social Theory Austin Harrington, Barbara L. Marshall, Hans-Peter Müller, 2006 The Encyclopedia of Social Theory contains over 500 entries varying from concise definitions of key terms and short biographies of key theorists to comprehensive surveys of leading concepts debates themes and schools The object of the Encyclopedia has been to give thorough coverage of the central topics in theoretical sociology as well as terms and concepts in the methodology and philosophy of social science Although 106 theorists are given entries the emphasis of the work is on the elucidation of ideas rather than intellectual biography The Encyclopedia covers the leading contemporary domains of debate on social theory and the classical legacies of social thinkers from the nineteenth and early twentieth centuries giving proper

balance to both the European and North American traditions and to important new developments in the global self understanding of sociology Social theory has become one of the most vigorous specialisms of sociology in recent years This is in part due to the considerable overlaps of social theory with other disciplinary areas such as cultural and media studies anthropology and political theory and to the cross disciplinary nature of theoretical approaches such as feminism and psychoanalysis and new fields such as postcolonial studies The editors have therefore worked to produce in the Encyclopedia of Social Theory a first call reference for students and researchers across the social sciences and humanities with an interest in contemporary theory and the modern history of ideas The Encyclopedia has been authored by leading international specialists in the field under the direction of a well balanced editorial team It is comprehensively cross referenced and all larger entries carry bibliographies There is a full index
