*Children's Biographies of African American Women* Sara C. VanderHaagen,2018-11-15 A study of how rhetoric has shaped the life stories of African American role models in children s literature In *Children s Biographies of African American Women Rhetoric Public Memory and Agency* Sara C VanderHaagen examines how these biographies encourage young readers to think about themselves as agents in a public world Specifically VanderHaagen illustrates how these works use traditional means to serve progressive ends and thereby examines the rhetorical power of biography in shaping identity and promoting public action Drawing on scholarship in rhetoric memory studies and children s literature VanderHaagen presents rhetorical analyses of biographies of three African American women poet Phillis Wheatley activist Sojourner Truth and educator turned politician Shirley Chisholm

published in the United States during the twentieth and twenty first centuries VanderHaagen begins by analyzing how biographical sketches in books for black children published during the 1920s represent Wheatley and Truth The study then shifts to books published between 1949 and 2015 VanderHaagen uses a concept adapted from philosopher Paul Ricoeur the idea of the agential spiral to chart the ways that biographies have used rhetoric to shape the life stories of Wheatley Truth and Chisholm By bringing a critical rhetorical perspective to the study of biographies for children this book advances the understanding of how lives of the past are used persuasively to shape identity and encourage action in the contemporary public world VanderHaagen contributes to the study of rhetoric and African American children s literature and refocuses the field of memory studies on children s biographies a significant but often overlooked genre through which public memories first take shape

Force and Freedom Kellie Carter Jackson, 2020-08-14 From its origins in the 1750s the white led American abolitionist movement adhered to principles of moral suasion and nonviolent resistance as both religious tenet and political strategy But by the 1850s the population of enslaved Americans had increased exponentially and such legislative efforts as the Fugitive Slave Act and the Supreme Court's 1857 ruling in the Dred Scott case effectively voided any rights black Americans held as enslaved or free people As conditions deteriorated for African Americans black abolitionist leaders embraced violence as the only means of shocking Northerners out of their apathy and instigating an antislavery war In *Force and Freedom* Kellie Carter Jackson provides the first historical analysis exclusively focused on the tactical use of violence among antebellum black activists Through rousing public speeches the burgeoning black press and the formation of militia groups black abolitionist leaders mobilized their communities compelled national action and drew international attention Drawing on the precedent and pathos of the American and Haitian Revolutions African American abolitionists used violence as a political language and a means of provoking social change Through tactical violence argues Carter Jackson black abolitionist leaders accomplished what white nonviolent abolitionists could not creating the conditions that necessitated the Civil War *Force and Freedom* takes readers beyond the honorable politics of moral suasion and the romanticism of the Underground Railroad and into an exploration of the agonizing decisions strategies and actions of the black abolitionists who though lacking an official political voice were nevertheless responsible for instigating monumental social and political change *Civil-Rights Activists* Debbie Foy, 2012-01-15 Briefly surveys the history of people of African origin who worked against racism and injustice and profiles notable figures from Sojourner Truth to the present including Frederick Douglass Marcus Garvey and Martin Luther
