Sublime A Reader In British Eighteenth Century Aesthetic Theory:

The Sublime Andrew Ashfield, Peter de Bolla, 1996-08-15 This collection of texts on the Sublime provides the historical context for the foundation and discussion of one of the most important aesthetic debates of the Enlightenment The significance of the Sublime in the eighteenth century ranged across a number of fields literary criticism empirical psychology political economy connoisseurship landscape design and aesthetics painting and the fine arts and moral philosophy and has continued to animate aesthetic and theoretical debates to this day However the unavailability of many of the crucial texts of the founding tradition has resulted in a conception of the Sublime often limited to the definitions of its most famous theorist Edmund Burke Andrew Ashfield and Peter de Bolla's anthology which includes an introduction and notes to each entry offers students and scholars ready access to a much deeper and more complex tradition of writings on the Sublime many of them never before printed in modern editions

Beyond Autonomy in Eighteenth-Century British and German

Aesthetics Karl Axelsson, Camilla Flodin, Mattias Pirholt, 2020-10-25 This volume re-examines traditional interpretations of the rise of modern aesthetics in eighteenth century Britain and Germany It provides a new account that connects aesthetic experience with morality science and political society In doing so it challenges long standing teleological narratives that

emphasize disinterestedness and the separation of aesthetics from moral cognitive and political interests The chapters are divided into three thematic parts The chapters in Part I demonstrate the heteronomy of eighteenth century British aesthetics They chart the evolution of aesthetic concepts and discuss the ethical and political significance of the aesthetic theories of several key figures namely the third Earl of Shaftesbury David Hume and Adam Smith Part II explores the ways in which eighteenth century German and German oriented thinkers examine aesthetic experience and moral concerns and relate to the work of their British counterparts The chapters here cover the work of Kant Moses Mendelssohn Alexander Gottlieb Baumgarten and Madame de Sta l Finally Part III explores the interrelation of science aesthetics and a new model of society in the work of Goethe Johann Wilhelm Ritter Friedrich Hlderlin and William Hazlitt among others This volume develops unique discussions of the rise of aesthetic autonomy in the eighteenth century In bringing together well known scholars working on British and German eighteenth century aesthetics philosophy and literature it will appeal to scholars and advanced students in a range of disciplines who are interested in this topic The Introduction and Chapters 2 10 and 12 of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

Charting Scottish Tourism and the Early Scenic Film Samantha Wilson, 2020-04-29 What impact did walking tours and scenic films have on leisure activities In what ways did working class travel disrupt normative narratives concerning nature and identity The appreciation of nature and leisure travel have a complex and interrelated history in Scotland In *Charting Scottish Tourism* Wilson looks at how scenic

filmmaking altered the construction of the tourist map and spatial identities at the turn of the 20th Century Scenic film the author argues played a key role in the expansion of regional travel and national tourism during the period In addition scenic film provides the modern researcher with an unrivalled source of documentary evidence relating to the manner in which Scottish working and middle class communities explored and reclaimed the natural spaces around them The author examines the central role of the Scottish scenic within leisure performances and the way in which these films promoted and challenged normative spatial narratives These discursive shifts she argues had a wide reaching impact on popular assumptions concerning space nature and identity both home and away Charting Scottish Tourism provides a fascinating case study and numerous methodological insights for students and researchers interested in documentary film as well as the construction of identity and the natural world Kant Jonathan Nelson Professor of Humanities and Philosoph Paul Guyer, Paul

Guyer, 2006-09-27 A life in work Kant's Copernican revolution The critique of metaphysics Building upon the foundations of knowledge Laws of freedom the foundations of Kant's moral philosophy Freedom immortality and God the presuppositions of morality Kant's system of duties I the duties of virtue Kant's system of duties II duties of right The beautiful the sublime and the morally good Freedom and nature Kant's revision of traditional teleology A history of freedom **God & the Gothic** Alison Milbank, 2018-11-10 God and the Gothic Romance and Reality in the English Literary Tradition provides a complete reimagining of the Gothic literary canon to examine its engagement with theological ideas tracing its origins to the apocalyptic critique of the Reformation female martyrs and to the Dissolution of the monasteries now seen as usurping authorities A double gesture of repudiation and regret is evident in the consequent search for political aesthetic and religious mediation which characterizes the aftermath of the Glorious Revolution and Whig Providential discourse Part one interprets eighteenth century Gothic novels in terms of this Whig debate about the true heir culminating in Ann Radcliffe's melancholic theology which uses distance and loss to enable a new mediation Part two traces the origins of the doppelgänger in Calvinist anthropology and establishes that its employment by a range of Scottish writers offers a productive mode of subjectivity necessary in a culture equally concerned with historical continuity In part three Irish Gothic is shown to be seeking ways to mediate between Catholic and Protestant identities through models of sacrifice and ecumenism while in part four nineteenth century Gothic is read as increasingly theological responding to materialism by a project of re-enchantment Ghost story writers assert the metaphysical priority of the supernatural to establish the material world Arthur Machen and other Order of the Golden Dawn members explore the double and other Gothic tropes as modes of mystical ascent while raising the physical to the spiritual through magical control and the M R James circle restore the sacramental and psychical efficacy of objects

East - West Dialogues in Philosophy Engin Yurt, Studies of Art Aesthetics and Phenomenology in here there are five studies that work under the thematic title East West Dialogues are precedent Each study while on one side they focus on a matter that fits the context of their own title one other side they try to problematize reconstruct within and solve an aspect of the 21 century phenomenology has this manner of double investigation makes studies important and useful for the course of history of phenomenology has This manner of double investigation makes the studies important and useful for the course of history of phenomenology by testing its limits and horizons In here by also through the problematization of the phenomenological horizon this can be said it has been tried to carry phenomenology to its next stage or open it in an intellectual and philosophical East West encounter Without

succeeding or failing it even the enterprise itself holds essential insight about the path ahead of the phenomenology Nietzsche one said I imagine future thinkers in whom European American indefatigability is combined with the hundred fold inherited contemplativeness of the Asians such a combination will bring the riddle of the world to a solution Maybe with the help of these studies by attaining a bigger picture every reader might have the chance to realize what Nietzsche and others imagined and wished for Of course the whole combination that Nietzsche talked about surely takes more than thousands of companies and hundreds of years in the making But it would be more than enough for this text to at least contribute the process of the combination

Bilingual Aesthetics Doris Sommer, 2004-04-07 An analysis of the changing status of bi and multi lingualness in relation to issues of citizenship ethnicity and diversity Critical Discourses of the Fantastic, 1712-1831

David Sandner, 2016-04-22 Challenging literary histories that locate the emergence of fantastic literature in the Romantic period David Sandner shows that tales of wonder and imagination were extremely popular throughout the eighteenth century Sandner engages contemporary critical definitions and defenses of eighteenth and early nineteenth century fantastic literature demonstrating that a century of debate and experimentation preceded the Romantic's interest in the creative imagination In *The Fairy Way of Writing* Joseph Addison first defines the literary use of the supernatural in a modern and rational age Other writers like Richard Hurd James Beattie Samuel Johnson James Percy and Walter Scott influence the shape of the fantastic by defining and describing the modern fantastic in relation to a fabulous and primitive past As the genre of the purely imaginary Sandner argues the fantastic functions as a discourse of the sublime imagination albeit a contested discourse that threatens to disrupt any attempt to ground the sublime in the realistic or sympathetic imagination His readings of works by authors such as Ann Radcliffe William Beckford Horace Walpole Mary Shelley Walter Scott and James Hogg not only redefine the antecedents of the fantastic but also offer a convincing account of how and why the fantastic came to be marginalized in the wake of the Enlightenment

Boss Ladies, Watch Out! Terry Castle, 2013-09-13 A new collection of essays on literature and sexuality by one of the wittiest and most iconoclastic critics writing today

Rethinking British Romantic History, 1770-1845 Porscha Fermanis, John Regan, 2014-11-27 Historians and literary scholars tend to agree that British intellectual culture underwent a fundamental transformation between 1770 and 1845 Yet they are unusually divided about the nature of that transformation and whether it is best understood as an epistemic rupture from or a continuous dialogue with the long eighteenth century *Rethinking British Romantic History 1770 1845* rethinks the ways in which we understand the historical writing and the historical consciousness of late eighteenth and early nineteenth century Britain by arguing that British historicism developed largely in quasi and para historical genres such as memoir biography verse fiction and painting rather than in works of real history In a number of inter related essays on changing generic forms styles methods and standards the collection demonstrates that the aesthetic developments associated with British literary Romanticism not only intersected in mutually dependent ways with concurrent experiments and innovations

in historical writing but that these intersections forced an epistemological crisis a deeply felt tension about the role of feeling and imagination in historical writing that is still resonating in historiographical debates today In exploring this theme the volume also seeks to consider wider questions about the philosophy of history and literature including questions of truth evidence professionalization disciplinary strategies and methodology At its heart is the idea that literary texts and other artistic representations of history can have historical value and should therefore be taken seriously by practitioners of history in all its forms

Volcanic John Brewer, 2023-11-14 A vibrant diverse history of Vesuvius and the Bay of Naples in the age of Romanticism Vesuvius is best known for its disastrous eruption of 79CE But only after 1738 in the age of Enlightenment did the excavations of Herculaneum and Pompeii reveal its full extent In an era of groundbreaking scientific endeavour and violent revolution Vesuvius became a focal point of strong emotions and political aspirations an object of geological enquiry and a powerful symbol of the Romantic obsession with nature John Brewer charts the changing seismic and social dynamics of the mountain and the meanings attached by travellers to their sublime confrontation with nature The pyrotechnics of revolution and global warfare made volcanic activity the perfect political metaphor fuelling revolutionary enthusiasm and conservative trepidation From Swiss mercenaries to English entrepreneurs French geologists to local Neapolitan guides German painters to Scottish doctors Vesuvius bubbled and seethed not just with lava but with people whose passions interests and aims were as disparate as their origins
