## **Sublime Understanding:**

Sublime Understanding Kirk Pillow, 2003-01-24 The topic of the sublime is making a return to contemporary discourse on aesthetics and cognition In Sublime Understanding Kirk Pillow makes sublimity the center of an alternative conception of aesthetic response and interpretation He draws an aesthetics of sublimity from Kant's Critique of Judgment bolsters it with help from Hegel and establishes its place in a broadened conception of human understanding thus differing from the many scholars who use Hegel to dismiss Kant or vice versa He argues that sublime reflection provides a model for an interpretive response to the uncanny Other outside our conceptual grasp it advances our sense making pursuits but eschews unified conceptual determination Thus sublime understanding is the always partial indeterminate grasping of contextual wholes through which we make sense of the uncanny particular in both art and the lived world The book is divided into three parts In the first two parts Pillow presents insightful reinterpretations of Kant's and Hegel's aesthetics In the third part he develops his own model of an aestheticized understanding which illuminates contemporary discussions of metaphor and interpretation while bridging Anglo American and continental treatments of these issues The presentation is a model of clear and well crafted exposition exemplifying the practice of aesthetically reflective sublime understanding that it articulates

**The Surangama Sutra** Ronald Epstein, PhD, David Rounds, 2012-08-06 For more than a thousand years the *Surangama Sutra* has been held in high regard in the Mahayana Buddhist countries of East and Southeast Asia and has been as popular as the Lotus Heart and Diamond Sstras Its wealth of theoretical and practical instruction in living a spiritual life often made it the first major text studied by newly ordained monks particularly in the Chan tradition This Sutra is regarded as a complete and practical manual for spiritual practice that will lead to enlightenment It provides instruction on understanding one's own Buddha nature the potential within every being for becoming a Buddha The Sutra explains how and why this nature is hidden and how we can uncover it and recognize it as our own true mind The Sutra also explains why personal integrity and purity of conduct are prerequisites for spiritual awakening It presents the principles of meditation and provides guidelines for discerning correct practices from those which deviate into wrong ones It explains how our own intentional acts whether physical verbal or mental result in karmic experiences including rebirths into various levels of being both human and non human At the heart of the Sutra is the *Surangama Mantra* The Sutra promises that the practice of reciting

this mantra in the context of the other practices taught in the Sutra can successfully eliminate internal or external obstacles that block the path of spiritual progress      **The Oxford Handbook of Religion and the Arts** Frank Burch Brown,2018

This volume offers 37 original essays from leading scholars on the crucial topics issues methods and resources for studying and teaching religion and the arts      **Hipnology 101** David Fontenot,2018-05-18 Hipnology is designated as mind science because it strictly deals with enhancement and advancement of the intellect For this reason the reader will encounter certain scholars from the school of life who have transcended the zones of ignorance by ascending to the throne of self mastery Whether those conversations are conducted by Master Key Wiz Finesse Dr Know etc the game plan of each hipnologist is to break the spell of tricknology It is no secret that the minds eye has been hypnotized throughout the trance of time Therefore the goal of hipnology is to break those spells by unveiling truths and telling lifes story in a unique style and fashion There is so much that can be emphasized regarding these writings so since knowledge is endless Hipnology 101 will be presented in series In other words the writings will not stop until the casket drops      Treasures on the Tibetan Middle Way Herbert V.

Guenther,1971      **Tibetan Buddhism Without Mystification** Herbert V. Guenther,1966      Treasures on the Tibetan Middle Way Guenther,2023-07-31      **Broken Harmony** Joseph M. Ortiz,2011-02-14 Music was a subject of considerable debate during the Renaissance The notion that music could be interpreted in a meaningful way clashed regularly with evidence that music was in fact profoundly promiscuous in its application and effects Subsequently much writing in the period reflects a desire to ward off music s illegibility rather than come to terms with its actual effects In Broken Harmony Joseph M Ortiz revises our understanding of music s relationship to language in Renaissance England In the process he shows the degree to which discussions of music were ideologically and politically charged Offering a historically nuanced account of the early modern debate over music along with close readings of several of Shakespeare s plays including Titus Andronicus The Merchant of Venice The Tempest and The Winter s Tale and Milton s A Maske Ortiz challenges the consensus that music s affinity with poetry was widely accepted or even desired by Renaissance poets Shakespeare more than any other early modern poet exposed the fault lines in the debate about music s function in art repeatedly staging disruptive scenes of music that expose an underlying struggle between textual and sensuous authorities Such musical interventions in textual experiences highlight the significance of sound as an aesthetic and sensory experience independent of any narrative function

**Beauty and the Bible** Richard J. Bautch,Jean-François Racine,2013-11-06 These seven essays offer fresh perspectives on beauty s role in revelation Each essay features a hermeneutical approach informed by the contemporary study of aesthetics Covering a series of texts in the Hebrew Bible and New Testament from Adam and Eve in the garden to Jesus on trial in the Fourth Gospel the authors engage beauty from three overarching perspectives modern philosophy contextual criticism and the postcritical return to beauty s primary qualities The three perspectives are not harmonized but rather explored concurrently to create a volume with intriguing methodological tensions As this collection highlights beauty in the

narratives of scripture it opens readers to a largely unexplored dimension of the Bible The contributors are Richard J Bautch Jo Ann A Brant Mark Brummitt David Penchansky Antonio Portalat n Jean Fran ois Racine and Peter Spitaler *Sublimity* James Kirwan,2014-02-04 Sublimity addresses the nature of the sublime experience itself and the function that experience has played and continues to play within aesthetic discourse The book both updates and revises existing treatments of the sublime in the eighteenth century examines its neglected role in the nineteenth century aesthetics and analyzes the significance of the modifications the concept has undergone in order to serve the interests of contemporary aesthetics The book thus offers the most comprehensive coverage of the history of the sublime available **Bilingual Aesthetics** Doris Sommer,2004-04-07 An analysis of the changing status of bi and multi lingualness in relation to issues of citizenship ethnicity and diversity **The Poetry of Antonio Machado** Xon De Ros,2015-06-25 This study offers a reappraisal of the contribution of the poet Antonio Machado to Modernism seeking to open up new perspectives for the interpretation of his poetry and includes for the first time a comparative analysis of Machado s translators into English While the book is attentive to areas of recent critical debate the argument keeps Machado s poems to the fore with new detailed readings of many of his most significant poems The reader will find that the structure of this book also allows for a separate exploration of each of Machado s main poetic tendencies One associated with the Symbolist poetics is considered in Chapter I dealing with those early poems where the sound of water acquires a rich symbolic meaning An emphasis on the visual imagination is more prevalent in the material studied in chapters II and III with a focus on the natural landscape while the more conceptual and intellectual strand occupies Chapter IV Every individual chapter begins with a brief introduction to the theoretical ground related to the specific discussion on gender space place the sublime and translation respectively and a survey of the cultural discourses which situate the material under analysis in the original historical contexts The Tragedy of Philosophy Andrew Cooper,2016-08-30 Reframes philosophical understanding of and engagement with tragedy In The Tragedy of Philosophy Andrew Cooper challenges the prevailing idea of the death of tragedy arguing that this assumption reflects a problematic view of both tragedy and philosophy one that stifles the profound contribution that tragedy could provide to philosophy today To build this case Cooper presents a novel reading of Immanuel Kant s Critique of Judgment Although this text is normally understood as the final attempt to seal philosophy from the threat of tragedy Cooper argues that Kant s project is rather a creative engagement with a tragedy that is specific to philosophy namely the inevitable failure of attempts to master nature through knowledge Kant s encounter with the tragedy of philosophy turns philosophy s gaze from an exclusive focus on knowledge to matters of living well in a world that does not bend itself to our desires Tracing the impact of Kant s Critique of Judgment on some of the most famous theories of tragedy including those of G W F Hegel Friedrich Nietzsche Martin Heidegger and Cornelius Castoriadis Cooper demonstrates how these philosophers extend the project found in both Kant and the Greek tragedies the attempt to grasp nature as a domain hospitable to human life **Phenomenology** Michael

Lewis, Tanja Staehler, 2010-01-01 Introduces the history and methods of Phenomenology through the study of four key thinkers Husserl Heidegger Sartre and Merleau Ponty      **Iris Murdoch and the Ancient Quarrel** Lyra Ekström

Lindbäck, 2024-04-18 Lyra Ekström Lindbäck revisits the crucial distinction between literature and philosophy in Iris Murdoch's work to make a convincing case for understanding the particularity of literature and her insistence on the separation between the two Iris Murdoch and the Ancient Quarrel makes a break with existing scholarship on Murdoch's philosophy and literature that ultimately re-states the philosophical value of literature alongside literary aspects of philosophy This book differs by deepening Murdoch's insistence on the differences between the disciplines providing a consistent and polemical argument for the distinction between literature and philosophy more generally Engaging thinkers such as Plato Kant Hegel Sartre Weil and Cavell Iris Murdoch and the Ancient Quarrel delves into the aesthetic characteristics that distinguish philosophy and literature Through a discussion of the illusion of sense the role of conceptual thinking in literature the clash between epistemology and fiction the artifice of tragedy and the ambiguous morality of artistic inspiration and experience this study reveals literature as essentially other to philosophy      *Exploring the Macabre, Malevolent, and Mysterious*
