Benchbook for Family Courts and Substance Use Disorders, Second Edition Professor Barbara A. Babb, Director, Gloria H. Danziger, Esquire, The Honorable Susan L. Dobrich, The Honorable Peggy Fulton Hora (ret.), Rebecca M. Stahl, Esquire, 2020-12-01 The Benchbook for Family Courts on Substance Use Disorders Second Edition is an important reference work that provides every family court professional with valuable information to guide decision making in family law cases Substance use disorders SUDs are some of the most critical and pervasive public health problems of our time A traditional family law decision making process issues a judgment on legal issues but often courts do not account for the nonlegal issue of addiction which may be a root cause of a family's legal problems Judges attorneys court staff and other professionals working with families may not have a complete and current understanding of SUDs their causes the symptoms and available treatments Without that understanding both the families and the court system are destined to a revolving door of repeat court appearances and unresolved family crises The Benchbook is an essential reading and reference book that provides valuable insights into the science of addiction the treatment of SUDs how SUDs affect children and families in many family law cases and how family courts can intervene in ways that lead to better outcomes The good news is that with a recognized neurobiological basis for substance use disorders there is potential for recovery Evidence

based interventions can prevent harmful substance use and related problems and the courts have considerable power to influence individuals suffering from these disorders

Evidence-Based Group Work in Community Settings David E. Pollio, Mark J. Macgowan, 2013-09-13 There has been a strong recent trend towards incorporating evidence into Social Work practice in general and into group work in particular This trend has focused on the education of students in the use of evidence development of evidence based interventions and discussion of how evidence can be used to improve practice A limitation of most of this literature is that it has been written by researchers for the consumption of practitioners limiting the ability of evidence based practices to be incorporated into unique community settings and with specific populations In spite of this difficulty implementation of evidence based practices continues quietly in practice settings This book describes efforts to integrate evidence into community settings which have two foci The first part details group models developed through collaborations between researchers and community agencies Each chapter details efforts to implement research or review programs in community settings The second part deals with issues around instruction and dissemination of evidence based group work into practice settings The volume makes a significant contribution to the discussion about evidence based group work This book was published as a special issue of Social Work with Groups
