Subversive Involvement In The Origin

Wesley C. Hogan

Subversive Involvement In The Origin:

Dupes Paul Kengor, 2023-06-27 In this startling intensively researched book bestselling historian Paul Kengor shines light on a deeply troubling aspect of American history the prominent role of the dupe From the Bolshevik Revolution through the Cold War and right up to the present many progressives have unwittingly aided some of America s most dangerous opponents Based on never before published FBI files Soviet archives and other primary sources Dupes exposes the legions of liberals who have furthered the objectives of America s adversaries Kengor shows not only how such dupes contributed to history s most destructive ideology Communism which claimed at least 100 million lives but also why they are so relevant to today s politics *Hearings, Reports and Prints of the House Committee on Internal Security* United States. Congress. House. Committee on Internal Security, 1969 *Many Minds, One Heart* Wesley C. Hogan, 2007 *Many Minds One Heart* SNCC s Dream for a New America **Protectors of Privilege** Frank Donner, 1992-09-30 This landmark expos of the dark history of repressive police operations in American cities offers a richly detailed account of police misconduct and violations of protected freedoms over the past century In an incisive examination of undercover work in Chicago Los Angeles New York and Philadelphia as well as Washington D C Detroit New Haven Baltimore and Birmingham Donner reveals the underside of American law enforcement **Investigation of Attempts to Subvert the United States Armed Services** United States. Uncertain Threats Jason Ross Arnold, 2025-09-30 What if the FBI s surveillance of the New Left wasn t only about repression and cynical self interest This book revisits one of the most controversial episodes of the Cold War the FBI s counterintelligence investigations into the activist leaders of SDS and other radical groups While scholars have rightly emphasized political overreach constitutional violations and the Bureau s institutional self interest newly declassified documents reveal that it also possessed a stream of intelligence often fragmentary sometimes credible that pointed to international ties many scholars have overlooked or discounted Through close historical analysis of this evolving intelligence picture the book complicates the dominant narrative of Hoover era surveillance It shows how the FBI and other agencies perceived the New Left s developing connections to Cuba North Vietnam and other Communist powers and why they came to see those ties as potential counterintelligence threats Rather than defending the Bureau s conduct the book seeks to understand it on its own terms emphasizing how counterintelligence agencies operate amid deep uncertainty and limited oversight In doing so it offers a new perspective on the internationalization of the New Left the nature of foreign influence

and the machinery of Cold War security A work of historical and analytical recovery it challenges prevailing narratives in U S political history intelligence studies and the historiography of the 1960s *Congressional Record* United States. Congress,1970 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 *Monthly Catalog of United States Government Publications* United States. Superintendent of Documents,1966 **Monthly Catalogue, United States Public Documents** ,1970 *Divided We Fall* James Rothrock,2006 Soon after Joshua DeKirt discovers time travel he is approached by a reclusive billionaire with a very strange request Anaxander Lashe wants Joshua to kill him but only at a precise moment in time And so begins a great adventure one most men would give anything to experience But unbeknownst to Joshua his agreement with Lashe has delivered him into a situation in which his very soul may be at stake for he has unwittingly made a deal with the entity who has been foreordained to destroy the world *Selected United States Government Publications* United States. Superintendent of Documents,1970 *A History of Modern Political Thought* Gary Browning,2016-10-13 How are we to understand past political thinkers Is it a matter simply of reading their texts again and again Do we have to relate past texts of political thought to the contexts in which ideas were composed and in which the aims of past thinkers were formulated Or should past political theories be deconstructed so as to uncover not what their authors maintain but what the texts reveal In this book theories of interpreting past political thinkers are examined and the interpretive methods of a range of theories are reviewed including those of Hegel Marx Oakeshott Collingwood the Cambridge School Foucault Derrida and Gadamer The application of these theories of interpretation to notable modern political theorists Machiavelli Hobbes Locke Rousseau Kant Hegel Marx Bentham Mill Nietzsche and Beauvoir is then used as a way of understanding modern political thought and of assessing interpretive theories of past political thought The result is a book which sees the history of modern political thought as more than a procession of political theories but rather as a reflection on the meaning of past political thought and its interpretation It provides a way of reading the history of modern political thought in which the question of interpretation matters both for understanding how we interpret the past but also for considering what it means to undertake political thinking **The 1951 Convention Relating to the Status of Refugees and its 1967 Protocol** ,2024-01-10 The Convention Relating to the Status of Refugees adopted on 28 July 1951 in Geneva continues to provide the most comprehensive codification of the rights of refugees yet attempted Consolidating previous international instruments relating to refugees the 1951 Convention with its 1967 Protocol marks a cornerstone in the development of international refugee law At present there are 149 States Parties to one or both of these instruments expressing a worldwide consensus on the definition of the term refugee and the fundamental rights to be granted to refugees These facts demonstrate and underline

the extraordinary significance of these instruments as the indispensable legal basis of international refugee law This Commentary provides for a systematic and comprehensive analysis of the 1951 Convention and the 1967 Protocol on an article by article basis exposing the interrelationship between the different articles and discussing the latest developments in international refugee law In addition several thematic contributions analyse questions of international refugee law which are of general significance such as regional developments the interrelationship between refugee law and general human rights law as well as the relationship between refugee law and the law of the sea *Translation, Power, Subversion* Román Alvarez, M. Carmen Africa Vidal, 1996 This is a study of the relationship between translation culture and counterculture presenting a political and ideological vision of translating Offering an approach to the cultural turn in Translation Studies at the end of the century the book endeavours to explore the closer links between cultural studies and translation It presents the arguments of several scholars on the most innovative ways of understanding translation in order to clarify the role and function of translations and translators in culture and society **Hearings Before the Committee on Internal Security, Ninety-first Congress, Second Session. 1970** Estados Unidos.
