Diversifying Retail and Distribution in Thailand Endo Gen,2013-03-01 The entry of transnational retailers into emerging markets inevitably disrupts the existing retail and distribution structures Thailand experienced such disruption to its traditional retailing system beginning in 1990 and continuing through the following two decades to the extent that many observers have called it a revolution But the term revolution is a misnomer according to this study The new retail and distribution formats rather than replacing traditional markets have continued to exist alongside them In addition Thailand s retail and distribution industries are heading toward diversification rather than uniformity the latter phenomenon being generally associated with the advance of multinational corporations Endo analyzes Thailand s retail structure in the light of its entire distribution system examining how changes have affected not only horizontal competitive relationships between modern and traditional retailers but also vertical relationships with manufacturers and wholesalers Rather than focusing narrowly on the urban middle class consumer market he considers the markets income differentials the mosaic structure which is an indispensable framework for discussing the retail and consumption practices of an emerging economy The book presents a thoroughgoing and positive analysis well grounded in Thailand s historical context Studies on the advance of transnational retailers into emerging markets have recently flourished most of which aim to clarify the internationalization of retail from a commercial science perspective by concentrating on the transnational retailers activities In this book greater attention is given to the particular circumstances of the host countries retail and distribution systems and consumer markets Using a comparative business history approach to a single country this research contributes significantly to our understanding of retail and distribution systems in emerging markets globally Highlights A thoroughgoing and positive analysis of Thailand s current retail and distribution system Presents data using more than 40 tables Views the current situation within its historical context Uses a broad perspective of the consumer market based on income differentials a mosaic structure

The Report: Thailand 2016 Oxford Business Group,2016-04-15 According to the UN Conference on

Trade and Development Thailand has been among eight priority destinations for foreign investment since 2012 Factors weighing on growth in 2016 will include an ongoing economic slowdown weakening global demand for Thai exports and growing levels of consumer debt The government's investment promotion agenda while perhaps more complicated than in previous years also addresses the dual challenge of labour shortages and the middle income trap through promotion of both labour intensive and high tech industries while potential membership in two major trade blocs could see regional and international exports soar in the coming years Although the near term forecast is dampened by global volatility weakening demand and the impact of China's slowdown trade in Thailand will remain on an upwards trajectory in 2016 and investment though unlikely to meet government targets is nonetheless expected to bounce back from a challenging 2015 *Succeeding Like Success: The Affluent Consumers of Asia* Yuwa Wong, 2007-03-16 Covering 12 Asian markets Japan China India Australia Korea Taiwan Hong Kong Singapore Malaysia Thailand India and the Philippines the affluent consumer market is in turn analyzed in terms of two segments the mass affluent and the rich Their respective sizes purchasing power and key consumption trends today and in 10 years time are systematically described *Marketing in Thailand*, 1984 **REPORT**,
