'Super Simple Success Tips – Dealing with Difficult People'

1. **Build Relationships Continually** – if working with a de-motivated employee over a period of time or a tricky customer effective relationships are vital.
2. **Show You are Interested** – by showing you are interested in a difficult person you are much more likely to have a constructive and positive outcome.
3. **Tolerate Little** – it just is not worth being too accepting of poor behaviors in employees – over time it will drag your own performance down.
4. **Seek Information Through Questions** – ask for information, to show that you have been listening to what they say and to maintain the conversation, thus building rapport.
5. **Then...Listen Well** – always the best solution. By listening you create a great relationship and get the facts you need to resolve the issues that difficult people bring.
6. **Remove Bullying Behaviors** – whether by tackling them and changing people, or by literally disciplining them out of the person. Definitely toxic.
7. **Show Self-Control** – you need to be restrained, in control and calm enough to carefully respond and not react. The way you behave will impact on the response you get.
8. **Follow Through with Promises** – you will only ever maximize a relationship if you can be trusted to do what you say you will – and maybe even more, by over-delivering and delighting.
