Successful Foreign Acquisitions The Pivotal Role Of The Management Accountant:

Successful Foreign Acquisitions Tony Appleyard, Simon Pallett, 2003-10-20 *Successful Foreign Acquisitions* investigates two cross border acquisitions with the aim of looking at the role of management accounting in the process and drawing useful lessons about the acquisition and integration process for practitioners. The authors identify the acquisition strategy and examine its added value, evaluate the strategy in both cultural and economic terms, consider the required management control systems needed to implement the strategy and compare this with the actual control systems used, review what performance measures would be needed to encourage managers to deliver and compare these with the actual measures introduced, consider how environmental and cultural differences impact on this process. CIMA Official Learning System Management Accounting Business Strategy Neil Botten, 2007-08-16 The 2008 edition of CIMA's Official Learning Systems has been written in conjunction with the Examiner to fully reflect what could be tested in the exam. Fully revised and now in 2 colour paperback format, the 2008 Learning Systems provide complete study material for the May and November 2008 exams. This edition includes practice questions throughout, complete revision section, topic summaries, recommended reading articles from a range of journals. Q & A's CIMA Learning Systems are the only study materials endorsed and recommended by CIMA. The Official Learning Systems are the only study materials endorsed by CIMA. Fully revised with new examples and case studies. Written by the Examiner. Complete integrated package incorporating syllabus guidance, full text, recommended articles, revision guides and extensive question practice. *Management Accounting-Risk and Control Strategy* Paul Collier, 2005 The 2006 edition of CIMA's Official Study Systems have been updated to reflect changes in the syllabus. Risk and Control Strategy has been written by the examiners to fully reflect what could be tested in the exam. Updated to incorporate legislative and syllabus changes, the 2006 Study Systems provide complete study material for the May and November 2006 exams. The new edition maintains the popular loose leaf format and contains practice questions throughout, complete revision section, topic summaries, recommended reading articles from a range of journals, pilot paper.
