Crosby, 2005 Annotation Between 1605 and 1621 Quevedo wrote a sequence of five Dreams or Visions Sueños y discursos in each of which he hilariously envisions Spanish society as populated by people rightfully condemned to Hell These astonishingly witty and irreverent satires of contemporary Spanish culture morality prejudice and religious fanaticism were composed in a style as allusive elliptical and equivocal as to successfully entertain both those who barely understood their full range and import and others who celebrated the poet's rebellious insinuations Censorship prohibited the publication of such satire in its original form but hundreds of copies were made by hand and circulated widely In 1993 a critical edition of all of the surviving manuscripts was published Crosby's work compares this version with all of the 43 extant manuscripts and for the first time identifies those groups of manuscripts from which the publishers of the first edition derived their text This text can now be seen as a version not only censored but corrupted successively by copyists and editors who did not understand Quevedo's satire The result is hardly what Spain's most famous satirist originally wrote *Biblia de Estudio* Ryrie Charles C.
