Suffering Witness:

Suffering Witness James D. Hatley, 2012-02-01 Drawing on the philosophy of Emmanuel Levinas James Hatley uses the prose of Primo Levi and Tadeusz Borowski as well as the poetry of Paul Celan to question why witnessing the Shoah is so pressing a responsibility for anyone living in its aftermath He argues that the witnessing of irreparable loss leaves one in an irresolvable quandary but that the attentiveness of that witness resists the destructive legacy of annihilation In this new and sensitive synthesis of scrupulous thinking about the Holocaust beginning with scruples about the term Holocaust itself James Hatley approaches all the major questions surrounding our overwhelming inadequacy in the aftermath of the irreparable If there is anything unique in a non trivial sense about the Holocaust surely it is the imperious moral urgency that compels those who contemplate it to revise their view of what it means to be human and to bear witness to such an event **Bearing**

Righteous Living Robert L. Cavin, 2013-08-29 As the first comparative study of Colossians and 1 Peter the book fills a lacuna by exploring each author's understanding of the new existence and the means to righteous living. If the epistles end up offering almost identical paraenesis, why do they have such distinctive theological patterns of thought? The conventional starting point in Colossian and 1 Peter studies centers on the recipients' needs. Much has been learned from these investigations and is kept in view. However, the extent to which each epistle's theology reflects an underlying pattern of ideas within each author's worldview is less well understood. Setting the author's views in the context of the literature of early Judaism throws fresh light on his thought world and understanding of the new existence and moral enablement. Evidence exists which indicates that streams of traditions in Early Judaism Literature factors other than the recipients' needs contribute to the theology within each epistle and may account for distinctive aspects identified between Colossians and 1 Peter. Exploration of 4QInstruction and the Hodayot texts discovered at Qumran provides precedents, precursors and parallels for the distinctive emphases investigated. Thus they shed new light on each epistle. Recovering the Full Mission of God

Witnessing Sadism in Texts of the American South Claire Raymond, 2019-10-28 Looking at works by Carrie Mae Weems, Toni Morrison, Emily Dickinson, Flannery O'Connor, Dorothy Allison, Carson McCullers, and Zora Neale Hurston, Claire Raymond uncovers a pattern of femininity constructed around representations of sadistic violence in American women's literature and photography from the late nineteenth and twentieth centuries. Dickinson's poetry is read through its relationship to the Southern Agrarian critics who championed her work. While the representations of violence found in Carrie Mae Weems's installation *From Here I Saw What Happened and I Cried*, Morrison's *Beloved*, Dickinson's poetry, O'Connor's *A View of the Woods* and *A Good Man Is Hard to Find*, Allison's *Bastard Out of Carolina*, McCullers' *Ballad of the Sad Café* and Hurston's *Mules and Men* are diverse in terms of artistic presentation, all allude to or are set in the antebellum South. In addition, all involve feminine characters whose subjectivity is shaped by the practice of seeing acts of violence inflicted where there can be no effective resistance. While not proposing an equivalence between representing violence in visual images and written text, Raymond does suggest that visual images of violence can be interpreted in context with written evocations of violent imagery. Invoking sadism in its ethical sense of violence enacted on a victim for whom self-defense and recourse of any kind are impossible, Raymond's study is ultimately an exploration of the idea that a femininity constructed by the positioning of feminine characters as witnesses to sadistic acts is a phenomenon distinctly of the American South that is linked to the culture's history of racism. **A Commentary on 1 Peter** Leonhard Goppelt, 1993 This is a print on demand book and is therefore non-returnable. Toward a Theology of Struggle Eleazar S. Fernandez, 2009-02-01 The Theology of Struggle is a genuinely popular Filipino theology rooted in the history and culture of a people who have endured colonial oppression at the hands of Spain North America and Japan as well as neo colonialism and home grown dictatorship Because Christianity has played a role in assisting the history of oppression in the Philippines a theology of struggle must include a struggle in theology to wrest Christian symbols from the hands of the oppressors and return them to the poor This theology which is otherwise expressed in articles poems art and action receives its first systematic treatment in *Toward a Theology of*

Conflict and Agreement in the Church, Volume 2 T.F. Torrance,2024-01-01 T F

Torrance s Conflict and Agreement in the Church gathers together his most influential essays and articles on topics relating to ecumenism Himself involved heavily in the ecumenical movement he wrote that ours must be the task of learning together again how to confess like the early Church faith in Jesus Christ as Saviour and God in all its breadth and length and height and depth and therefore in the overflowing love of God Out of this conviction grew a comprehensive doctrine of the Church in which our differences are lost sight of because they are destroyed from behind by a masterful faith in the Saviour of men In this second volume Torrance s thought on inter denominational cooperation in light of the Church s mission is presented He begins by suggesting that the lines of conflict and agreement in the Church coincide less and less with the frontiers of the historic communions This opens the door for greater union between those communion but also exposes significant challenges to unity within them Addressing the major debates on the sacraments of baptism and the Eucharist along with the priesthood and biblical exegesis Torrance proposes a constructive way forward sealed by reconciliation in the Body and Blood of Christ

Revelation (THNTC) John Christopher Thomas, Frank D. Macchia ,2016 The book of Revelation is perhaps the most theologically complex and literarily sophisticated text in the New Testament In this commentary John Christopher Thomas and Frank Macchia make the brilliant but challenging text of Revelation more accessible and easier to understand on its own terms rather than as a futuristic prophecy In addition to their literary exegetical and theological analysis of the text they offer

sustained theological essays on the book's most significant themes and issues accenting especially the underappreciated place of the Holy Spirit in the theology of the book *The Ethics of Memory* Avishai Margalit, 2009-07-01 Margalit's work offers a philosophy for our time when in the wake of overwhelming atrocities memory can seem more crippling than liberating a force more for revenge than for reconciliation The book draws on millennia of Western philosophy and religion to provide healing ideas for all who care about the nature of our relations to others **The Moral Witness** Carolyn J. Dean, 2019-04-15 The Moral Witness is the first cultural history of the witness to genocide in the West Carolyn J Dean shows how the witness became a protagonist of twentieth century moral culture by tracing the emergence of this figure in courtroom battles from the 1920s to the 1960s covering the Armenian genocide the Ukrainian pogroms the Soviet Gulag and the trial of Adolf Eichmann In these trials witness testimonies differentiated the crime of genocide from war crimes and began to form our understanding of modern political and cultural murder By the turn of the twentieth century the witness to genocide became a pervasive icon of suffering humanity and a symbol of western moral conscience Dean sheds new light on the recent global focus on survivors trauma Only by placing the moral witness in a longer historical trajectory she demonstrates can we understand how the stories we tell about survivor testimony have shaped both our past and contemporary moral culture **Barth on the Descent into Hell** David Lauber, 2017-09-29 The Christian confession that Jesus Christ descended into hell has been variously misunderstood or simply neglected by the Church and dogmatic theology This work is a significant retort to dogmatic forgetfulness and ecclesial misunderstanding It succeeds in doing so by offering a close reading and critical analysis of Karl Barth's treatment of the descent into hell and its relation to his extraordinary theology of the atonement The reach of David Lauber's work is extended by placing Barth in conversation with Hans Urs von Balthasar's innovative theology of Holy Saturday In revealing and unexpected ways this book casts light upon the ecumenical breadth of Barth's theology It is a valuable interpretation of significant facets of Barth's doctrine of God reflection upon the passion of Jesus Christ and ethics In addition Lauber offers a constructive theological proposal for how the descent into hell affects the theological interpretation of Scripture the trinitarian being and activity of God and the non violent and authentic shape of Christian life and witness before our enemies
