**Sufi Book of Spiritual Ascent** Abu 'l-Qasim Qushayri,1997      **Sufi Book of Spiritual Ascent** Abul Q. Al-Qushayri,1997-09      Sufi Book of Spiritual Ascent (al-Risala Al-Qushayriya) 'Abd al-Karīm ibn Hawāzin Qushayrī,1997

**The Nature of the Sufi Path** Anab Whitehouse,2018-11-06 The material in The Nature of the Sufi Path consists of 70 commentaries on a book entitled Sufism A Short Introduction by Professor William C Chittick Many if not most of the paragraphs that comprise the 163 pages preface plus text of Professor Chittick s book contain problems errors misleading statements and or incorrect understandings concerning Islam in general and the Sufi path in particular This is both surprising and disturbing since the author is someone who apparently enjoys a considerable reputation in North America and perhaps elsewhere in the world as an expert on and scholar of the Sufi mystical tradition I do not claim that what I say in this book is a definitive exhaustive incapable of being improved upon treatment of the Sufi path Rather my hope is that the present book might move a person closer to the truth concerning the nature of that path than Professor Chittick s aforementioned introduction to Sufism does and as such would represent an improvement over his work      *Spiritual Abuse: A Sufi's Perspective* Anab Whitehouse,2018-11-06 No religious or mystical tradition is immune from the presence of spiritual abuse for wherever there are people who are seeking to become closer to essential truths purpose and meaning there will be individuals seeking to generate counterfeit currency to offer to those who are unaware or incautious toward the dangers which lie in wait along the spiritual path Fraudulent teachers might call themselves a guru shaykh rimpoche monk priest imam apostle avatar or minister They might also call themselves educators revolutionaries political leaders and freedom fighters Whatever they might call themselves if they seek to gain control over others through techniques of undue influence then they are propagators of spiritual abuse This book is relevant to individuals from all spiritual traditions but often focuses on the Sufi spiritual tradition      **Contextualization of Sufi Spirituality in Seventeenth- and Eighteenth-Century**

**China** David Lee,2016-07-28 Liu Zhi c1662 c1730 a well known Muslim scholar writing in Chinese published outstanding theological works short treatises and short poems on Islam While traditional Arabic and Persian Islamic texts used unfamiliar concepts to explain Islam Liu Zhi translated both text and concepts into Chinese culture In this erudite volume David Lee examines how Liu Zhi integrated the basic religious living of the monotheistic Hui Muslims into their pluralistic Chinese culture Liu Zhi discussed the Prophet Muhammad in Confucian terms and his work served as a bridge between peoples This book is an in depth study of Liu Zhi s contextualization of Islam within Chinese scholarship that argues his merging of the two never deviated from the basic principles of Islamic belief      **Ibn 'Ata' Allah, Muslim Sufi Saint and Gift of Heaven** Abu Bakr Sirajuddin Cook,2017-06-23 The Shadhiliyya Sufi Order gave the Muslim world and those that are interested in Sufism the inside workings of the great masters Abu l Hassan al Shadhili and Abu l Abbas al Mursi Ibn Ata Allah also a master of the Shadhiliyya Order is the author of many volumes His works occupy a unique position within the history of

Sufism and have been read consistently since their composition Yet despite their enduring popularity to date there has been no systematic and through analysis of his worldview This book is the first study to highlight the constant interconnections between Ibn Ata Allah s works It uses a scaffold approach to develop an understanding of Ibn Ata Allah s Sufism and his commitment to Islam building from his metaphysics of Oneness tawhid and covering domains such as ontology epistemology eschatology and ethics While the bulk of this work covers the worldview of Ibn Ata Allah it begins more generally with some comments on the need for reappraising approaches to Sufism and its relation to Islam Accessible for anyone interested in Sufism this work will appeal to scholars of religion in general and Islam in particular

**Sufi Heirs of the Prophet** Arthur F. Buehler, 2022-10-18 An examination of the sources and evolution of personal authority in one Islamic society Sufi Heirs of the Prophet explores the multifaceted development of personal authority in Islamic societies by tracing the transformation of one mystical sufi lineage in colonial India the Naqshbandiyya Arthur F Buehler isolates four sources of personal authority evident in the practices of the Naqshbandiyya lineage spiritual traveling status as a Prophetic exemplar and the transmission of religious knowledge to demonstrate how Muslim religious leaders have exercised charismatic leadership through their association with the most compelling of personal Islamic symbols the Prophet Muhammad Buehler clarifies the institutional structure of sufism analyzes overlapping configurations of personal sufi authority and details how and why revivalist Indian Naqshbandis abandoned spiritual practices that had sustained their predecessors for more than five centuries He looks specifically at the role of Jama at Ali Shah d 1951 to explain current Naqshbandi practices

Knowing the Unknown: Through Science and Sufism Dr. Ghayur Ayub, 2016-06-09 Knowing the Unknown Through Science and Sufism touches on the creation of the universe starting from the Big Bang and following through the phases of evolution until the present day discussing the appearance of life on earth after billions of years of turmoil It looks at the early beginnings of religion in prehistoric societies and how this progressed into organized religion as we know it today This book explores the similarities between the scientific concepts related to evolutionary change and the concepts that Sufis have highlighted with reference to verses of the Quran It discusses the history of mankind and the journey through theological philosophical and spiritual phases The book attempts to expand on the concept of time in relation to evolution and the difficulty in defining time and why the Quran mentions different times in different verses and also on an understanding of time in the present day The subject matter is vast but this book has attempted to address it in a more easily accessible way

*Companionship and Virtue in Classical Sufism* Jason Welle, 2024-06-27 Al Sulami d 412 1021 was an influential classical Sufi master whose works espoused companionship as a way for believers to experience God s guidance and cultivate religious virtues This book provides a historical reconstruction of Sufi companionship in Khurasan in the period arguing that al Sulami s concept of suhba companionship envisioned the transformation of society as whole not just the master disciple relationship Bringing debates in contemporary virtue ethics to bear on al Sulami s spiritual method the book offers an original analysis of the latter s thought
