National Library Service Cumulative Book Review Index, 1905-1974: Authors. [A-Z National Library Service Corporation,1975 World of the Sufi Idries Shah,2019-04-28 Assembled by Idries Shah The World of the Sufi is a comprehensive collection of learned essays and papers on the subject of Sufi thought One of the book s attractions is the way that it considers central questions and areas of study from different angles Sufi literature the use of humour and Sufi communities in various cultural settings are some of the many subjects discussed In addition experts in their fields comment on areas such as Sufism and Psychiatry Indian Thought and the Sufis and Therapy and the Sufi Among the book s contributors are Idries Shah Doris Lessing Peter Brent and Dr Arthur J Deikman Sufi Principles, Action, Learning Methods, Imitators, Meeting-places, and the Western Seeker Humayun Abbas, 1980 The Way of the Sufi Idries Shah, 2015 The Way of the Sufi presents an unparalleled cross section of material from Sufi schools teachings and classical writings as a basic course of Sufi study The author begins with the outward aspects of the teaching most likely to puzzle the student

coming fresh to the subject He considers various attitudes to Sufi ideas and evidence of their absorption into medieval Christianity Hinduism Jewish mysticism and modern philosophical teachings The greater part of the book illuminates aspects of Sufi activity and practice relevant to the contemporary world **Idries Shah Anthology** Idries Shah,2019-04-28 In his writing about Sufism Idries Shah did some revolutionary things Critically and almost alone he said that it was possible to divorce the essence of Sufi philosophy from what he insisted were secondary accretions of islamic culture and religion Moreover he said in making this material available to the West you could not only do this you must do it This is because he believed you can only absorb materials that are designed for your own time and place Sufism as an essence may be truth without form but in order to penetrate into the human mind it must be delivered in a package shaped to fit the receiving culture When something new enters a culture there is a period where like a new object being thrown into the chimpanzee pen at a zoo all the chimps rush over to touch it throw it on the floor fight over it and so on he once told me We must wait until the dust settles only then will people be in a position to assess this material My father died in 1996 and the dust is settling fast He leaves a body of work behind and on this work alone he believed he should and would be judged This anthology is intended to provide a basic sample of his work an essential reader to allow people to do exactly what he would have wished them to do to think for themselves and to make up their own minds From the Editor's Note by Saira Shah

Way of the Sufi Idries Shah,2015-08-01 In this wide ranging anthology of Sufi writings Idries Shah who was one of Sufism s leading exponents offers a broad selection of poetry contemplations letters lectures and teaching stories that together form an illuminating introduction to this unique body of thought Sufism the mystical aspect of Islam has had a dynamic and lasting effect on the literature of that religion Its teachings often elusive and subtle aim at the perfecting and completing of the human mind In contrast to certain other beliefs and philosophies Sufism is continually evolving and progressing and is consequently always relevant to the contemporary world
