Hell of a Hat Kenneth Partridge, 2021-09-21 In the late 90s third wave ska broke across the American alternative music scene like a tsunami In sweaty clubs across the nation kids danced themselves dehydrated to the peppy rhythms and punchy horns of bands like The Mighty Mighty Bosstones and Reel Big Fish As ska caught fire a swing revival brought even more sharp dressed brass packing bands to national attention Hell of a Hat dives deep into this unique musical moment Prior to invading the Billboard charts and MTV ska thrived from Orange County California to NYC where Moon Ska Records had eager rude girls and boys snapping up every release On the swing tip retro pioneers like Royal Crown Revue had fans doing the jump jive and wail long before The Brian Setzer Orchestra resurrected the Louis Prima joint Drawing on interviews with heavyweights like the Bosstones Sublime Less Than Jake and Cherry Poppin Daddies as well as underground heroes like Mustard Plug The Slackers Hepcat and The New Morty Show Kenneth Partridge argues that the relative economic prosperity and general optimism of the late 90s created the perfect environment for fast danceable music that with some notable exceptions tended to avoid political commentary An homage to a time when plaids and skankin were king and doing the jitterbug in your best suit was so money Hell of a Hat is an inside look at 90s ska swing and the loud noises of an era when America was dreaming and didn t even know it

Too Much Too Young, the 2 Tone Records Story: Rude Boys, Racism, and the Soundtrack of a Generation Daniel Rachel, 2024-06-04. The definitive and remarkable story of 2 Tone Records featuring an introduction by Pauline Black. A Times Sunday Times Book of the Year. An Uncut Book of the Year. Long Listed for the Pendergyn Music Book Prize. A Louder Than War Book of the Year. A Blitzed Magazine Book of the Year. In 1979 2 Tone Records exploded into the consciousness of music lovers in Britain, the US and beyond as albums by the Specials, the Selecter, Madness, the English Beat and the Bodysnatchers burst onto the charts and a youth movement was born. 2 Tone was Black and white, a multiracial force of British and Caribbean musicians singing about social issues, racism, class and gender struggles. It spoke of injustices in society and fought against rightwing extremism. It was exuberant and eclectic, white youths learning to dance to the infectious rhythm of ska and reggae crossed with a punk attitude to create an original hybrid. The idea of 2 Tone was born in Coventry, England and masterminded by a middle class art student, Jerry Dammers, who envisioned an English Motown. Dammers signed a slew of successful artists and a number of successive hits propelled 2 Tone onto Top of the Pops and into the hearts and minds of a generation. However, infighting among the bands and the pressures of running a label caused 2 Tone to bow to the inevitable weight of expectation and recrimination. Over the following years Dammers built the label back up again, entering a new phase full of fresh signings and a beautiful end piece finale in the activist hit song 'Free Nelson Mandela Told in three parts'. *Too Much Too Young* is the definitive story of a label that for a brief, bright, burning moment shaped British, American and world culture.

Culturcide and Non-Identity across American Culture Daniel S. Traber, 2017-06-23. It goes without saying that identity has long been a recurrent topic in studies of American culture. The struggle between group sameness and individual uniqueness is a common issue in understanding diversity in the United States on several levels, including how our differences have not always resulted in national celebration. Terms such as hybridity, performativity, transnationalism and border zones are part of the current theoretical vocabulary and for some deploy a fresh language of possibility, one promising to undermine the conformist values of monocultural perspectives. To that end *Culturcide and Non Identity across American Culture* explores theories and practices of identity from a broad perspective to grasp how varied, diffuse and distorted they can be, especially when that identity seems boringly familiar. The subjects range from hip hop parodies to punk preppies to

pachuco ska thus crossing the lines of genre medium and discipline to blur the borderline dividing the kinds of texts to which these theories can legitimately be applied **Natural Mysticism** Kwame Senu Neville Dawes,1999 Dawes takes an in depth look at reggae as an artistic form exploring how reggae is both uniquely Jamaican and a music of world wide appeal His writing communicates his infectious enthusiasm for his subject Centauria Paul Hutchings,2013-09-26 Six years after the events that shrouded the fated pioneering settlement of Centauria Dean Archer a broken and desolate man struggles to find his path and come to terms with the loss of his wife It would take a fortunate series of events and a strange disturbance in all too familiar space that would set him free and catapult him into a revenge fuelled journey that would not only test his mind body and spirit but also send him straight into the heart of darkness
