education is an important endeavor of educational policy and TAL aims to contribute to this TAL is a project initiated by the Dutch Ministry of Education Culture and Sciences and carried out by the Freudenthal Institute FI of Utrecht University and the Dutch National Institute for Curriculum Development SLO in collaboration with the Rotterdam Center for Educational Services CED The quality of education can be improved in many ways TAL proposes to do this by providing insights into the broad outline of the learning teaching process and its internal coherence It aims to be a support for teachers alongside mathematics textbook series Furthermore TAL can provide extra support for teachers if it is incorporated into a circle of implementation The TAL project aims to describe the intermediate attainment targets of primary school mathematics These objectives represent a further development of and a supplement to the previously established core goals for the end of primary school A defining feature of the intermediate attainment targets is that they are embedded in a learning teaching trajectory This is also the reason for calling the project TAL which in Dutch stands for Tussendoelen Annex Leerlijnen in English this means Intermediate Attainment Targets in Learning Teaching Trajectories The middle letter of TAL can also be considered as referring to Afbeeldingen Representations This term indicates that the trajectory description contains many examples of students and teachers behavior which form an integral part of the learning teaching trajectory Eventually learning teaching trajectory descriptions will be developed for all domains of primary school mathematics The present book contains the learning teaching trajectory for the domain of whole number calculation The book contains of one trajectory for the lower grades kindergarten 1 and 2 and grades 1 and 2 and one for the upper grades of primary school grades 3 4 5 and 6 This means that the book covers the learning process in this domain for children ranging from 4 to 12 years of age

The Publishers' Trade List Annual, 1979 **The Everyday Practice of Public Art** Cameron Cartiere, Martin

Zebracki, 2015-11-19 The Everyday Practice of Public Art Art Space and Social Inclusion is a multidisciplinary anthology of analyses exploring the expansion of contemporary public art issues beyond the built environment It follows the highly successful publication The Practice of Public Art eds Cartiere and Willis and expands the analysis of the field with a broad perspective which includes practicing artists curators activists writers and educators from North America Europe and Australia who offer divergent perspectives on the many facets of the public art process The collection examines the continual evolution of public art moving beyond monuments and memorials to examine more fully the development of socially engaged public art practice Topics include constructing new models for developing and commissioning temporary and performance based public artworks understanding the challenges of a socially engaged public art practice vs social programming and policymaking the social inclusiveness of public art the radical developments in public art and social practice pedagogy and unravelling the relationships between public artists and the communities they serve The Everyday Practice of Public Art offers a diverse perspective on the increasingly complex nature of artistic practice in the public realm in the twenty first century Children's Books in Print R R Bowker Publishing, Bowker, 1999-12 Children's Books In Print 1998 Bowker
