ACCESSING THE HIDDEN POWERS OF HEAVEN ISAIAH MACWEALTH, The concept of holiness is one that I have longed to write about for a while now because the Spirit of God has put this burden in my heart The level of misunderstanding about holiness is gross and universal thus I believe the Lord wants to use this book to teach and move the church into greater realms of fellowship with Him and greater levels of power What many teachers teach and what many believe about holiness is not holiness The word is often interchanged with words like righteousness consecration and sanctification but they are not all the same Holiness is not just a character or attribute neither is it a virtue or a set of rules It is so much more It is the nature and power of God Understanding holiness is therefore paramount because it is the key to accessing the unlimited power of God and the glory realm I believe that one of the reasons many believers are not functioning in the power of God in these last days is because they either do not understand or misunderstand holiness and how to access power by partaking in the holiness of God If you would function with God and experience face to face encounters with Him this book is for you I will be giving you a totally new revelation on Holiness just as the Lord taught me so I want you to read and meditate deeply on this book These are the days of His mighty power signs and wonders and those who have this revelation can partake of His holiness

The Hidden Power of the American Dream Giovanna Dell'Orto, 2007-12-30 On the day after the tragic terrorist attacks of 9/11 newspapers across Europe proclaimed We Are All Americans in many different languages crystallizing the solidarity that so many people around the world felt at that time But in the years since that beautiful friendship between Americans and Europeans evaporated leaving in its place a growing resentment so deep that Americans traveled overseas with Canadian flags stitched to their backpacks while Europeans held candlelight vigils for the removal of President George W Bush Dell'Orto argues persuasively that the answer to the question of where do we go from here lies in whether non-Americans keep believing in the American dream Only if that dream continues to be the root of America's power as this book shows it has

been since the United States first stepped onto the international stage can America not go the way of all other superpowers in history down and out Through analysis of thousands of Western European media articles and government publications about the United States this book for the first time shows what the essence of America is to non Americans and why that matters to Americans in a very practical way because it sets limits to what the nation can accomplish Dell Orto argues persuasively that Europe s United States is the revered concept America the exceptional dream that the land of plenty of opportunity can really exist that the experiment in democracy can really work for all those who choose to become Americans This is a great U S asset since it makes America uniquely powerful in Europe s eyes infinitely mightier than the march of Marines and McDonald s alone would warrant Herein lie the uniqueness and the urgency of this book European public opinion shape s Europe s reaction at least as much as U S actions do **Hidden Power of Speaking in Tongues** Mahesh Chavda,2011-07-28 Almost 40 years ago John and Elizabeth Sherill introduced the world to the phenomenon of speaking in tongues in their book They Speak with Other Tongues The book was an immediate success as thousands were touched by the power of this spiritual gift The Hidden Power of Speaking in Tongues again explores this spiritual experience powerfully prevalent in the early church This much maligned and controversial gift was a practical part of their worship and intercession and seeks to be rediscovered in our day In a day of spiritual poverty Chavda challenges the Body of Christ to experience afresh the secret dynamic of speaking in tongues as he removes the veil covering this glorious gift
