The Mormon Church A Basic History:

Short History of the Christian Church John Fletcher Hurst, 1892 **Historical Dictionary of the Latter-day Saints** Thomas G. Alexander, Davis Bitton, 2019-10-08 The Church of Jesus Christ of Latter day Saints is a Christian church that was organized by six men in western New York in 1830 under the leadership of Joseph Smith the church has grown to more than 16 million members today A restoration of the primitive church organized by Jesus Christ in the first century C E the church s membership was originally all Americans The church is now however a worldwide church with more members who live outside the United States than inside The fourth edition of Historical Dictionary of the Latter day Saints contains a chronology an introduction and an extensive bibliography The dictionary section has over 400 cross referenced entries on the important people ideas doctrine and events during the hundred ninety year history of The Church of Jesus Christ of Latter day Saints This book is an excellent resource for students researchers and anyone wanting to know more about The Church of Jesus Christ of Latter day Saints *The A to Z of Mormonism* Davis Bitton, Thomas G. Alexander, 2009-11-25 Mormonism is the unofficial name for The Church of Jesus Christ of Latter Day Saints which originated in the early 1800s Mormonism refers to the doctrines taught by Joseph Smith doctrines that are believed to be original gospel preached by Jesus Christ The Mormons oppose abortion homosexuality unmarried sexual acts pornography gambling tobacco consuming alcohol tea coffee and the use of drugs Despite its relatively young age the Mormon Church continues to grow and today it contains about 13 million members The A to Z of Mormonism relates the history of the Mormon church through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on crucial persons organizations churches beliefs and events Clearing up many of the misconceptions held about Mormonism and its members this is an essential reference

Historical Dictionary of Mormonism Davis Bitton, Thomas G. Alexander, 2008-10-23 Clearing up many of the misconceptions held about Mormonism and its members the third edition of the Historical Dictionary of Mormonism expands on the second edition and includes hundreds of cross referenced dictionary entries on crucial persons organizations churches beliefs and events *Excavating Mormon Pasts* Newell C. Bringhurst, Lavina Fielding Anderson, 2004-08-31 Winner of the Special Book Award from the John Whitmer Historical Association Excavating Mormon Pasts assembles sixteen knowledgeable scholars from both LDS and the Community of Christ traditions who have long participated skillfully in this dialogue It presents their insightful and sometimes incisive surveys of where the New Mormon History has come from and which fields remain unexplored It is both a vital reference work and a stimulating picture of the New Mormon History in the early twenty first century *Another Jesus, a Different Spirit, a Different Gospel* Steven H. Propp, 2011-12-13 Its the Christmas season the most wonderful time of the year for most people in River City California But for Jehovahs Witnesses Lawrence and Brad its a time for them to try to explain the truth about this holiday season to the people of the community Their earnest efforts may earn them ridicule disagreement or a door slammed rudely in their faces but they persist and are

sometimes able to find a mind and heart receptive to their urgent message about Jehovah's coming Kingdom. Whereas for Elders Skousen and Marshall, two Latter-day Saint Mormon missionaries, the season is another opportunity to share their Church's distinctive interpretation of the Christian gospel but their efforts are often rebuffed as well. In the course of their work, these two pairs of men engage in dialogue with traditional Christians as well as members of the Church of Christ, the Community of Christ, RLDS, Seventh-day Adventists, and Oneness Pentecostals, not to mention skeptics, atheists, and the increasing numbers of people who lack any particular religious beliefs. But when a local church brings in a researcher to give a series of lectures on cults and specifically targeting the Jehovah's Witnesses and Mormons, a confrontation is ensured where theological and biblical concepts collide in a public forum. Who, if anyone, really has the Truth? Can one still discover the true meaning of Christmas in the midst of passionate disagreements over the validity of the holiday season? Are objections raised about the secularization and rampant commercialism of the modern celebration valid? Spend a holiday season or any other season with some interesting and intellectually stimulating characters as they explore these and other challenging questions. Readers of the author's earlier novel *A Multicultural Christmas* will be pleased to see a brief reappearance of two characters from that book.
