The First Rule of Mastery Michael Gervais, 2023-11-07 A USA Today Bestseller High performance psychologist Michael Gervais presents a groundbreaking guide for overcoming what may be the single greatest constrictor of human potential our fear of people's opinions FOPO FOPO shows up almost everywhere in our lives and the consequences are great When we let FOPO take control we play it safe and small because we're afraid of what will happen on the other side of critique When challenged we surrender our viewpoint We trade in authenticity for approval We please rather than provoke We chase the dreams of others rather than our own But it doesn't have to be this way In *The First Rule of Mastery* Michael Gervais shows us that the key to leading a high performance life is to redirect our attention from the world outside us to the world inside us He reveals the mental skills and practices we need to overcome FOPO the same skills he's taught to the top performers in the world including sports MVPs world renowned artists and musicians and Fortune 100 leaders and teams Filled with fascinating stories from the worlds of sports and business leading edge science and insights from the frontier of human performance *The First Rule of Mastery* is a much needed wake up call that when we give more value to other people's opinions than we do our own we live life on their terms not ours

The Complete Idiot's Guide to Philosophy Jay Stevenson, PhD., 2003-02-05 A revised edition to a solid performing book with expanded content on various philosophers and ideas The current edition has sold over 61 000 since its release in November of 1997 Existing content is great but needs to be added to in order to more effectively compete with *Philosophy for Dummies* which at 360 pages is 100 pages over our current edition By its very nature philosophy is not subject to a great deal of change over time and therefore can be expected to continue to perform at or above current levels Philosophy is all about being knowing and acting It poses daring questions such as what exists what counts as knowledge and how do we know things And as life becomes more and more complicated people turn to philosophy to help themselves better understand the world around them politics religion family the environment and more *The Complete Idiot's Guide RM to Philosophy Second Edition* will continue the first edition's success in exposing beginners to the world of philosophy its ideas and its philosophers It will contain expanded content on existing ideas and philosophers covered in the first edition but it will also introduce new philosophers whose ideas were not included in the first edition but whose contributions to the world of philosophy are perhaps now less obscure

Fernando, 2023-12-16 *The Horror Beyond Life's Edge* 560 Macabre Classics Supernatural Mysteries Dark Tales is an evocative anthology that plunges readers into the shadowy realms of the supernatural and mysterious. This collection spans an impressive array of literary styles from chilling narratives of gothic horror to poignant thought provoking supernatural mysteries. Within these pages readers will find works that reflect the bleak atmospheres and profound philosophical questions that define the macabre genre with standout tales that tackle the eerie and the inexplicable. The anthology situates itself within the rich tradition of horror literature weaving together timeless themes of fear and wonder that have captivated audiences across generations. The impressive roster of authors contributing to this volume includes literary giants known for their profound impact on the horror genre. Figures like Mary Shelley, H. P. Lovecraft and Edgar Allan Poe anchor the collection bringing with them legacies of literary innovation and psychological depth. Their works alongside those of others such as Wilkie Collins, Emily Brontë and Ambrose Bierce reveal the varied landscapes of fear that span from the gothic corridors of Victorian England to the existential dread of early 20th century America, enriching the anthology with cultural and historical context. This anthology is a must read for enthusiasts of dark fiction and those interested in exploring the myriad ways in which human fear and fascination with the unknown have been expressed through literature. It offers an unparalleled opportunity to engage with some of the finest stories of suspense and terror providing not only hours of enthralling reading but also insights into the evolution of horror. As a compendium that celebrates the darkness lurking at life's edges, this collection invites readers to experience the chilling imaginings of celebrated authors and to contemplate the boundless scope of human imagination and fear.
