the six capacities of love that are all necessary to a long term stable love relationship the capacities for erotic involvement for merging for idealization for integration for refining and for self transcendence The authors demonstrate in a very practical hands on way how individuals and couples can use these capacities to work on breaking down their usual defenses and grow toward a deeper understanding and connection In defending ourselves against disappointment in love we frequently and often unknowingly throw up obstacles create roadblocks and take detours around these six capacities We think such detours will take us where we want to go in a relationship but too often they do not Goldbart and Wallin s sophisticated but accessible approach using case studies and practical pointers throughout based on solid psycho analytic theory while creating a completely new model for love relationships that also makes intuitive sense Mapping the Terrain of the Heart offers a comprehensive psychology of love that maps out the paths to a successful relationship and shows how both individuals and couples can progress toward that ever elusive goal of lasting and passionate love Savagery in the Heart of Europe Raphael Israeli,Albert Benabou,2013 One of the most tragic and cruel periods in modern European history unfolded in the early 1990s as we watched the rampages committed by all parties in the Bosnian War The Serbs who were in control of the destiny of Yugoslavia and were the mainstay of the Yugoslav army gradually lost their grip as international intervention favored the independence of Bosnia The flames of war pitting the three populations against each other brought about the deaths of hundreds of thousands and ended with the imposed Dayton Accords with which the parties were not entirely content The war showed not only that old enmities never die for all parties saw this war as a continuation of World War II horrors when the Croats and their Bosnian partners collaborated with the Nazis but also as a heritage of the old Balkan wars where outside intervention notably Muslim American NATO and UN was necessary to bring the conflict to an end for now Born in Fes Morocco Raphael Israeli teaches Islamic Chinese and Middle Eastern history at Hebrew University Jerusalem He is a graduate of Hebrew University in history and Arabic literature and has a Ph D in Chinese and Islamic history from the University of California Berkeley Alchemy of the Heart Elizabeth Clare Prophet,2020-06-20 There is no way you can read this book and not feel more love for those around you and as you do you can see the healing changes that love will bring Magical Blend Magazine The sensitive profound and rare insights in Alchemy of the Heart help us gain entrance into the most precious and misunderstood component of our being the heart They show us that while love can be compassionate and nurturing it can also be powerful dynamic and practical a catalyst for spiritual growth Drawing on wisdom from the world s great spiritual traditions this inspiring guide explores how you can overcome hidden blocks to giving and receiving more love You ll learn how you can soften and strengthen the heart to create more meaningful relationships in all areas of your life And you ll discover how even the most intense lessons of love if we are willing to learn from them can be the open door to a higher love and a higher way of loving It is critical for personal well being and the betterment of world relations to open the heart to its highest spiritual potential that is divine love This book explores how we can recapture this experience by

nurturing ourselves cultivating gratitude overcoming self criticism using affirmations and prayers guarding against toxic thoughts and feelings Prophet guides us through these processes drawing on her extensive spiritual experience Through this pocket guide to practical spirituality we learn how we can become a living transformer of love Bodhi Tree Book Review
